HOPE FADES FOR U. S. SUBMARINE AND MEN MORE SEVERE DOWN

TRAPPED AT BOTTOM OF HONOLULU HARBOR

Oil on Surface of Sea Points Death of Commander and Crew of 18 Naval Disaster.

BULLETIN.

Honolulu, March 26.—The search for the United States submarine F-4, which was submerged in the harbor off Honolulu yesterday morning and failed to reappear, continues without definite result. It was reported that early this morning a grapping cable caught on some unknown object which aroused a hope that the submarine had been found. Some experts express the belief that the men in the boat cannot be alive now.

Washington, March 26.—Trapped at the bottom of Honolulu harbor under at least thirty-five fathoms of water—probably more—the United States submarine F-4, lies helpless with her commander and at least eighteen men, in what is feared to be one of the worst submarine disasters in the world's naval history. More than twenty-four hours of every effort known to naval practice to raise the sunken boat or get a signal from her crew have failed. Her marker buoy, which should come to the top to mark her resting place in such an emergency, has failed to appear; the surface of the water at thirty fathoms is covered with a film of oil from the submerged boat's tanks.

Navy department officials department fears one of two calamities—that the vessel struck a rock and her crew was drowned in the rushing waters, or that there was an internal explosion.

Gravest Fears Entertained. While hope for the men has not been given up the gravest fears are entertained that they may have been lost in the first submarine boat disaster of the United States navy. In the face of meagre official reports from the Honolulu naval station, which said the F-4 disappeared yesterday morning after making a dive during maneuvers and that constant grapping and diving had failed to locate her definitely, naval officers fear they may have slipped over a ledge on the volcanic rock bottom of the harbor into some deep pocket out of reach of help.

The diving record of a man is 24 feet, the world's diving record of a submarine—made by an American boat—the F-1, a sister ship of the F-4, is 28 feet. If the F-4, by accident or otherwise, has gone deeper, it is feared the tremendous pressure of the waters had crushed her shell.

Although fitted with the latest devices in safety air locks, through which a man can be shot to safety at as great a depth as thirty-five fathoms, the men on the submarine have apparently been unable to use them and that fact, coupled with the fact that they have not released their marker buoy, makes officials fear something terrible has happened down in the dark.

Early today the navy department received this dispatch from Commander Charles E. Smith, commanding the first submarine division of the Pacific fleet off Honolulu: "F-4 left tender at 9 a. m. for submerged run March 25. Failed to return to surface. Entrance of harbor in thirty fathoms of water covered with fuel oil. Diving and dragging."

Commander Smith's mention of the entrance of the harbor being covered with oil created grave alarm at the navy department. It was feared that the F-4 had struck a rock, although it was pointed out that Lieutenant Ede might have blown out the vessel's oil to lighten her burden. But the alarm of officials was increased by the omission in Commander Smith's report of any reference to a signal from the submerged craft. She was equipped with a marker buoy attached to the outside of the submarine and capable of being released from within. As no mention was made of the appearance of the marker buoy officials concluded it has not come to the surface.

The usual diving radius of a submarine is between 150 and 200 feet. The world's record for diving, made by the F-1, a sister ship of the sunken F-4, in San Francisco bay two years ago, is 283 feet, at which depth it remained for ten minutes and cruised at a speed of six knots. At that depth the hull cracked and groined under the tremendous pressure and Lieut. James B. Sewall, her commander, reported that the water seeped through the seams.

Early today the navy department was without full information from Rear Admiral Moore and merely had one brief dispatch saying the F-4 had gone down and had not returned, and the other from Commander Smith's dispatch mentioning thirty fathoms.

ABOARD THE F-4

Washington, March 26.—On March 7 the official list of the F-4's company with each man's next of kin was as follows:

Lieut. Louis Alfred Ede, Reno, Nev., commanding; George T. Ashcroft, gunner's mate, first class, Los Angeles, Cal.; Mary E. Ashcroft, mother, same address; Clark G. Buck, gunner's mate, second class, Tacoma, Wash.; Mrs. Amanda Schweg, mother, same address; Ernest C. Gaurin, machinist's mate, second class, New Orleans, La.; Marie Ash, sister, same address; Harley Colwell, chief electrician, Seattle, Wash.; James Colwell, father, same address; Walter F. Covington, machinist's mate, first class, Fort Worth, Tex.; Sidney Covington, father, Byers, Tex.; George L. Deeth, electrician, second class, Portland, Ore.; Mrs. Hester A. Deeth, mother, same address; Alston H. Grindle, chief electrician, San Francisco; Josiah Grindle, father, Mendocino, Cal.; Edwin S. Hill, machinist's mate, first class, Etowah, Tenn.; John E. Hill, father, same address; Francis M. Hugheson, machinist's mate, first class, Los Angeles; Mrs. Mary E. Hugheson, mother, same address; James M. Hoggett, electrician, third class, Macedonia, Mo.; William L. Hoggett, father, same address. (Hoggett was ashore when the boat went down.) Albert F. Jennie, electrician, second class, Testa, Mo.; Andrew J. Jennie, father, same address; Archie H. Linger, gunner's mate, second class, Erie, Pa.; Mrs. Mae Linger, wife, Honolulu, Hawaii; Ivan L. Mahan, machinist's mate, first class, Lima, O.; Mrs. Margaret C. Mahan, wife, Vallejo, Cal.; Albert H. Mellien, chief machinist's mate, Oregon City, Ore.; Mrs. Bertha Mellien, wife, same address; Horace L. Moore, gunner's mate, first class, Philadelphia; Horace H. Moore, uncle, Spring Lake, N. J.; William S. Nelson, chief machinist's mate, New York city; Mrs. Elsie Nelson, wife, Los Angeles, Cal.; Frank C. Pierard, chief gunner's mate, Laverne, Cal.; Mrs. Frances M. Pierard, wife, San Diego, Cal.; Charles H. Wells, machinist's mate, second class, Norfolk, Va.; Elizabeth Wells, same address; Henry A. Withers, gunner's mate, first class, San Diego, Cal.; Charles A. Withers, brother, same address.

In making public the list as shown by navy department records corrected up to March 7 officials pointed out that it was probable that some of the men had since been transferred from the F-4 and that other men not mentioned in the list had been transferred to that vessel, as numerous changes are constantly being made in a submarine flotilla. The department has cabled to Honolulu for a correct list of the men on board the F-4.

States navy has been particularly fortunate with its submarines. Not a life has been lost in their operations, although some of the ships have sustained minor accidents, such as are not uncommon to the hazard of submarine maneuvers. It was pointed out today that American submarines have one feature of construction intended to meet just such an emergency as confronts the F-4. On their outer skin are large eyes into which grapping hooks, being trailed from rescue ships on the surface, may catch and the sunken craft may be hauled into shallow water or to the surface. The waters of Honolulu harbor where the F-4 lies have volcanic rock formations at their bottom, with tall sharp peaks and deep narrow pockets. The fear is that the F-4 may have fallen into one of the latter.

While naval officers, of course, had not given up hope for the F-4, the reports thus far received convinced them that the lives of the crew were gravely endangered if not already lost. The fact that the marker buoy apparently had not appeared on the surface, was considered as very serious. Naval officers said the only operation necessary to send the marker to the surface to give searchers the exact location of the submerged vessel was to turn a wheel.

Some of the submarine experts have a theory that the F-4 may have struck a rock and that the waters may have rushed in before the crew could release the marker. Others of the experts counted an explosion as among the possibilities and thought the presence of oil on the water might be one indication of that. The oil, however, might have been released by the crew to lighten the ship.

NEW PRESIDENT OF COMMERCIAL CLUB OF FORT WAYNE.

VAN B. PERRINE.

PERRINE PRESIDENT OF COMMERCIAL CLUB

New Officers and Ten Directors Chosen at Annual Meeting.

Van B. Perrine was elected president of the Commercial club Thursday evening at the annual meeting, succeeding William M. Griffin.

Other officers elected were as follows: Ward L. Wilt, first vice president, succeeding Mr. Perrine; Frank E. Bohn, second vice president, and J. Ross McCulloch, treasurer. Mr. McCulloch has been treasurer of Fort Wayne commercial organizations for the past eleven years. The new officers were all elected without opposition. Out of a total of twenty-four nominations ten directors were elected as follows: William M. Griffin, Dr. E. W. Dodez, Joseph C. Hutzell, Frank E. Stouder, S. E. Mulholland, Sam Wolf, Harry G. Hogan, Dr. H. O. Bruggeman, J. L. Shields and C. H. Schultz. The members of the board of directors will hold over for another year; the following: S. K. Blair, W. H. Bensman, Sol A. Wood, M. Dukes, George M. Haflner, C. R. Lane, Martin H. Luecke, E. W. Puckett, W. H. Scheiman and John Wilding. At a previous meeting of the board Charles L. Biederwolf was re-elected secretary of the club.

Wilt Makes Report. Ward L. Wilt, chairman of the house committee, told how the club during the past two years has been changed from a financial failure to a self-supporting institution. When the books were audited two years ago last September it was found that the club had debts aggregating \$5,015.15, besides notes from the old Wayne club amounting to \$2,380.50. Since that time this indebtedness has been paid and approximately \$2,600 worth of improvements have been made and paid for.

Figures were produced by Mr. Wilt to show that every meal served in the club loses the organization an average of six cents, and that during the past two years the house account, which includes every department, created a deficit of

Jeffers Sheds More Light on How Big Vote Was Registered.

Indianapolis, March 26.—"Joe Jeffers, one of the twenty-eight who are on trial here in the federal court, in the Terre Haute election fraud case, began just before noon today to tell his story of the part he played in the alleged conspiracy to corrupt the election of Nov. 3, 1914.

Jeffers, who was preceded on the stand by his two brothers, Earl and Dean, and other members of the election board in the Taylorville precinct, was given close attention by the crowd which filled the court room in expectation of Jeffers' testimony.

The three brothers have pleaded guilty and told substantially the same story, with the exception that Joe said he received his instructions from Mayor Roberts, while the others looked to Joe for their orders.

Appointed by Roberts. "About a year ago," Joe testified, "Roberts called me into his office and appointed me his special policeman at a salary of \$90 a month, which for three months Donn himself paid me. Then I was reduced to \$75 a month, so Donn said that I could be placed on the city police pay roll."

Jeffers said he was the democratic precinct committeeman and that Roberts told him "to do as before about registration and see Chief Holler." He said he conferred with Chief of Police Edward Holler and the assistant chief, John F. Nugent, both of whom have pleaded

SUPREME PRESIDENT POSTPONES VISIT

Being detained on account of an unexpected business engagement, Leo L. Simon, supreme president of the Benevolent Order of Buffaloes, who was to have come to Fort Wayne Friday afternoon from his home in Louisville, Ky., for a conference with the supreme executive committee, was compelled to postpone his visit to this city. TWO JUSTICES ARE IN DOUBT

Question Right of State of New York to "Pounce" on Harry Thaw.

THEY BREAK IN ON STATE'S ARGUMENT

Decision on Return to New Hampshire is Likely Next Week.

New York, March 26.—Two justices of the appellate division of the supreme court agreed today that there was a doubt in their minds whether the state of New York was within its rights in "pouncing" upon Harry K. Thaw, after his acquittal here on the conspiracy charge on which he was extradited from New Hampshire and returning him to the state hospital for the criminal insane at Matteawan.

They were Justice Ingraham, presiding, and Justice Scott. To voice their views they interrupted Franklin Kennedy, special deputy attorney general in charge of the state's case against Thaw, while he was arguing before the appellate court against an appeal taken by Thaw's counsel from a decision of Supreme Court Justice Page refusing a motion to return Thaw to New Hampshire.

Kennedy's Argument. Counsel for Thaw already had presented their arguments which were based upon the contention that Thaw, having been extradited from New Hampshire, to answer a charge of conspiracy and having been freed of that charge should be returned forthwith to the state from which he was extradited. Mr. Kennedy then began his argument, contending that even though Thaw had been acquitted the fact remained that he was now within New York's jurisdiction; and that as the original commitment

COMMITTEE WILL NOT CALL COL. ROOSEVELT

Washington, March 26.—Col. Roosevelt will not be called to testify before the senate ship bill lobby committee, it was announced today following a conference of senators conducting the investigation. A telegram from him, however, will be made a part of the record. In the telegram Col. Roosevelt said he had no information on the shipping question except what appeared in the congressional debates and testimony before committees.

The particular statement of Mr. Roosevelt which led to the request for his appearance was that President Wilson and Secretary Bryan "have endeavored, in the interests of certain foreign business firms, to secure for the United States the power to purchase the interned ships of the belligerents."

"SPIRIT BRIDE" OF GEORGE IS MISSING

Coroner Fails to Find Witnesses in Love Cult Inquiry.

Alliance, Ohio, March 26.—An inquest into the death of Miss Amy Tanner, follower of the "Church of the Kingdom of God" cult was to be put under way by Coroner Douds this afternoon. It was expected that by that time an analysis of the contents of the stomach which had been sent to a state chemist at Columbus, would be completed and its results made known. Meantime P. A. George, alleged head of the cult, was held in custody in the city jail here, though no serious charge as yet had been placed against him. It is alleged that Miss Tanner was in a dying condition when officials, who had been watching the "Brotherhood home," the dwelling place of the cult, raided it, and, using such force as was necessary, removed the young woman to a hospital where she died yesterday.

Laura Hale, another woman, the second being known as "the spirit bride" of P. A. George, head of the cult, were sought by the police today as witnesses before the coroner but they had not been found up to early this afternoon.

County Prosecutor Snyder and Coroner Douds were notified of the disappearance of the two other women whose testimony was expected to have an important bearing on the circumstances surrounding the death of Miss Tanner.

ENGLISH DELMIRA IS SUNK OFF BOULOGNE

Infantry Attacks in West and Fighting Along Long Line in East is Day's War Report.

Today's War News Given in Summary.

Another British merchantman has been sent to the bottom as a result of Germany's submarine warfare. The steamer Delmira was torpedoed in the English channel after the crew had been permitted to quit the ship. Infantry attacks were made by French and German troops yesterday at various points, chiefly in the Meuse region. Each side reports that the attacks of the other were repulsed.

The status of military operations in northern Poland remains in question. Official reports give no idea of the operations beyond bare announcements of the results of isolated engagements, and little is known except that a battle of importance over a long front is under way.

Petrograd dispatches convey the idea that the Germans have all but abandoned their attempt to break through the Russian line and penetrate to the Warsaw region from the north.

Today's official Berlin statement says that the Russians were defeated in engagements to the east of Augustowa.

London, March 26.—(3:10 p. m.)—The steamer Delmira has been sunk by a German submarine off Boulogne, in the English channel. The members of the crew were given ten minutes in which to leave the vessel. Subsequently they landed on the Isle of Wight.

An attempt to settle the differences between Italy and Austria apparently have met with no success. A Rome newspaper states that Prince von Buelow, German ambassador at Rome, has abandoned his efforts to bring about an agreement. Austria's final offer of territorial concessions is said to have been so far from meeting Italy's demands that the German ambassador did not submit it to the Italian government.

In the Balkans there are increasing signs of unrest on the part of nations which thus far have kept peace. A Bucharest dispatch says that the fall of Romania has increased the popular demand in Roumania for intervention on the side of the allies. The relations between Turkey and Bulgaria also have become uncertain. Field Marshal von Goltz has left Constantinople for Sofia, Bulgaria, and General von Sanders has gone to Adrianople, near which defenses are being erected to guard against a possible attack by Bulgaria.

Although severe weather continues at the Dardanelles, making operations of the allied fleet difficult, efforts to clear the straits of mines are being made. Turkish forts fired on mine sweepers on Wednesday, but ceased the attack after two British battleships opened on them. No confirmation has come from Austrian sources of the Russian claim to a great victory in the Carpathians. According to the Petrograd announcement the Russian forces have definitely obtained the advantage in the battle which has been going on for several weeks.

CROSS RUSSIAN FRONTIER.

Austrians Have Defeated Foes, Is Report in Berlin. Berlin, March 26.—Army headquarters today gave out a report on the progress of the war reading as follows: "On the heights of the Meuse south-east of Verdun and near Comblanchien French yesterday again attacked strongly in an attempt to take the German position, but after a determined engagement they were repulsed.

"The fighting at Hartmannsweilerkopf still continues. "The Russian attacks on the lakes to the east of Augustowa have been repulsed."

CLAIM GERMAN REPULSES.

French Say Attacks of Their Foes Were Easily Beaten Off. Paris, March 26.—The official statement given out today by the French army says: "Yesterday was calm along the front. The enemy made no attacks."

"The enemy made two attacks at Boise de Consenvre and Bois de Caures, northward of Verdun, three at Bapaume and two at Bois le Pretre."

The fall of Przemysl has caused a sensation in Roumania and caused increased popular demand that Roumania enter the war on the allies' side, according to a dispatch to the Petit Parisien.

Mine sweepers continued their operations in the Dardanelles all of Wednesday night, according to dispatches from Tenedos received yesterday by the Athens correspondent of the Havas agency. They were protected by the guns of cruisers from the allied fleet, but their work was made difficult by a violent storm.

PRESSING TURKEY TO PROTECT AMERICANS

Washington, March 26.—Under instructions from the state department American Ambassador Morgenthau at Constantinople is pressing the Turkish government to protect the American mission at Urumiah, Persia.

So far there is no official information of the extent of the damage, and the state department is to a certain extent acting on the news dispatches. Officials fear that the ports itself, can only, with difficulty, exert control of the irregular Turkish forces reported operating in eastern Persia, nominally against the Russians, but also to a larger extent against the native Christians.

Secretary Bryan has received an appeal from the Presbyterian board of foreign missions to do everything possible to protect the mission at Urumiah. After the cabinet meeting today he said American Consul Glazebrook, at Jerusalem, as well as other consular officers nearby, have been informed of the reports of conditions at Urumiah and asked to make investigations.

MAKE FORMAL CALLS AT THE EXPOSITION

San Francisco, March 26.—Vice-President Marshall and Assistant Secretary of the Navy Roosevelt, with their military aides, formally called today at all the foreign buildings at the Panama-Pacific exposition.

Commissioners from the various nations received the vice-presidential party. Eighteen calls were made. The vice-president and Mrs. Marshall and their party will attend a Japanese dinner and reception at the California building tonight to be given in honor of exposition officials. The vice-presidential party will leave San Francisco tomorrow for a visit to the home of United States Senator James D. Phelan at Santa Clara, Cal. Late in the day the party will start on the trip to San Diego to visit the Panama-California exposition.

LAST MINUTE NEWS

TOWN IMPERILED BY ONRUSH OF WATER

Ellensburg, Wash., March 26.—An old government dam at Lake Kachas broke today, according to reports received here. It is also reported that a wall of water 25 feet high is rushing toward Ellensburg. An unconfirmed report says that Ole Elum and his men are under water. Residents along the river here have been ordered to vacate.

New York, March 26.—The men at Gulpashan, a village near Urumiah, Persia, were shot by Kurds, the violated, an American army hospital and sixty American men taken from the French loan mission have been killed.

SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALL OUT

Girls! Get a 25 cent bottle and try a "Danderine Hair Cleanse."

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dirt, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be

wavy, fluffy and abundant, and possess an incomparable softness and lustre. Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. It is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful. Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Danderine's Danderine from any drug store or toilet counter and try it.

LEWIS IS EXAMINED BY FOUR ALIENISTS

Inquiring Into Mental Condition of Terre Haute Murderer.

Indianapolis, March 26.—Vernie A. Lewis, confessed slayer of four members of the Balding family in Terre Haute, and held here for safe-keeping, was subjected to examination by four physicians, so they might be able to testify at the trial as to his mental condition. The doctors said that Lewis responded exceptionally well to all the tests they gave and displayed a memory better than the average. He was questioned on dates and occurrences and gave correct answers, the physicians said. When questioned about details of the crime for which he is held he is said to have at first denied some parts of his confession, later to have become confused and then to have admitted some things he had denied. The physicians who ex-

amined and observed Lewis were Dr. Rudolph Duenweg, Dr. Joseph Frisz and Dr. W. S. Davis, all of Terre Haute, and Dr. C. L. Marlatt, physician at the Marion county jail. Richard A. Werneke, prosecutor of Vigo county, who also was here today, said that he was preparing for an early trial of Lewis. The physicians who came to Indianapolis with him will be used as witnesses should Lewis plead insanity, Werneke said.

COST \$: TO MARRY COUPLE.

"Squire Generous to Newlyweds and Didn't Know It Until Later." It cost Justice of the Peace Henry J. Grabner \$1 to marry Jesse W. Hicks and Sarah E. Belinger Thursday afternoon at the county clerk's office. After the ceremony had been performed, Hicks asked the justice how much he charged. Grabner replied that he usually received \$2. Hicks remonstrated, declaring he could have secured a minister to have done the job for 50 cents. Grabner answered that he was no minister. Reluctantly Hicks opened his pocketbook and gave the justice a bill. Grabner thanked him and handed him back \$3 in change, thinking the newlywed had handed him a \$5 bill. Later he discovered that Hicks had given him a \$2 bill instead.

EXPECTING OVER 1,000 DELEGATES

Indiana Sunday School Convention at Logansport to Be Big One.

Indianapolis, Ind., March 26.—The Hoosier workers in Sunday schools are turning their attention to the annual convention of the Indiana Sunday School association, which meets in Logansport June 15-17. Very active preparations for this convention are under way in Logansport, where well organized committees are planning for the entertainment and comfort of the visitors, and the state association, at its headquarters in Indianapolis, has the details of the program well developed. For the last two years more than 1,000 delegates have attended the Indiana convention. Because of the constantly increasing interest in Sunday school activities, it is expected that the convention at Logansport will set a new high mark in both attendance and enthusiasm.

Eight general sessions, each on a popular order, are to be held during the convention, the program for which will include addresses by some of the most notable authorities on Sunday school work in the United States. In addition to the general sessions, many sectional conferences will be held, in which groups of workers in all lines of Sunday school activities will meet to exchange experiences and receive fresh ideas which they can apply to their own schools at home. State departmental reports will be made, officers for the next year will be elected, and the convention will have many attractive features to offer.

The church people of Logansport are bending their energies to make this the record meeting of the Indiana association. That the delegates may live in comfort, the private homes of the city will be opened to the visitors, where only very nominal charge will be made. The attendance at the convention will be so large that the state association officials feel that it would be an imposition on Logansport hospitality to permit free entertainment of guests in the homes. The stay of visitors in that city will be made delightful in many ways, with sight-seeing trips and other popular features.

DIDN'T NEED 'EM IN TAYLORVILLE

Had Enough Votes Without Repeaters, Says Election Board Member.

Indianapolis, March 26.—Exploits of Joe Jeffers, so-called gunman, and his especially selected election board in the Taylorville precinct, were described yesterday afternoon at the trial of the Terre Haute election fraud case in the United States district court here. Jeffers has pleaded guilty.

"Not a single repeater appeared at the Taylorville precinct," said Charles Yakle, a member of the board, who has pleaded guilty. "We didn't need them." Yakle then explained that Jeffers brought to the board a list of names, that the clerks wrote the names on the election books and that the members of the board then took turns registering the votes on the machine. With one or two exceptions the votes were straight Democratic, he said. Yakle testified that when he operated the machine he voted for a progressive for justice of the peace and for an independent candidate for constable "because they are friends of mine, and because it would look more like things were on the square."

The government contends more than 200 such votes were counted in the Taylorville precinct. John P. Nugent, former assistant chief of police, who testified for the government after pleading guilty, stated that he had Jeffers select all the members of the board and agreed to pay each member \$25. The plan, Nugent said, was approved by Roberts.

Sheriff Dennis Shea, of Vigo county, and Judge Thomas Smith, of the city court of Terre Haute, were released from custody of the United States marshall yesterday afternoon after they had supplied bond in the sum of \$5,000 each to answer a charge of detaining witnesses in the election conspiracy trial in the federal court. The bonds were approved by Judge Anderson.

Shea's bond was signed by James L. Keach, commission merchant, and Maurice Donnelly, Indianapolis agent for the Terre Haute Brewing company. Smith's bond was signed by Ralph L. Conover, Charles N. Murphy and John F. Hutchinson, all of Terre Haute. Hutchinson is Smith's father-in-law and Murphy is president of the People's Brewing company, of Terre Haute.

THOMPSON COMING FOR WATERWAY MEET

Arrangements are being completed for a big deep waterway meeting to be held in the assembly room of the Commercial club Monday evening at which the S. A. Thompson, secretary of the national rivers and harbors congress, will be here and deliver the principal address.

Mr. Thompson will talk on the advantages to be derived from the proposed canal and all citizens interested in the project are urged to hear him. On Tuesday evening he will speak at Huntington at a meeting to be held under the auspices of the Huntington County Canal association.

Captain L. H. Watkins, in charge of the survey, working night and day on his report, which he hopes to have completed by the first of April. According to the plans a total of twenty-three locks will be required, providing the northern route is selected.

RUSSIA DRIVING AT CARPATHIANS

London, March 26.—(11:38 a. m.)—As has been predicted by military observers since the fall of Przemyel, Russia is now directing her chief offensive against the Austrian front on the Carpathians. In the north, between the Niemen and Vietsla rivers, the Russian forces are making little effort to advance, evidently being content to hold Field Marshal von Hindenburg in check, but desperate fighting is taking place in the Carpathians, where the Russians are thrusting back the Austrians along the Dukla and Usok line.

Unofficial reports via Bucharest credit Russia with a great victory at Usok, while Petrograd officially claims an important success in the capture of fortified positions near the Lupkow pass. These formidable positions were taken by storm with the Austrians losing machine guns and over 5,000 prisoners. Unofficial reports also credit the Russian army with further successes in Bukovina.

Vienna admits the importance of the Russian offensive in the mountain passes, but at the same time declares the fierce attacks on these positions have been repulsed. Politically no decisive move has been made to increase the number of combatants, but it is freely rumored that the mission at Rome of Prince Buelow, the German ambassador, has failed so completely that all negotiations between Austria and Italy have been suspended. Rumania, impressed by the fall of Przemyel, is said to be contemplating immediate action on the side of the allies.

The sinking of the Netherlands steamer Media by a German submarine, has caused much uneasiness in Holland, where the people already are irritated

by the recent capture by Germany of two Dutch merchantmen. Various reports represent the allied fleet as again entering the Dardanelles, but inasmuch as official confirmation is lacking, it is believed the movements of the allied warships have been limited to an effort to cover the operations of mine sweepers.

TURKEY MUCH CONCERNED. Sudden Development in Balkan Situation Now Indicated.

London, March 26.—The Exchange Telegraph company has received a dispatch from Athens saying that Field Marshal von der Goltz, who has been in Constantinople for some months past representing German military interests, has left the Turkish capital for Sofia, Bulgaria. At the same time Gen. Liman

von Sanders, the commander of the Turkish forces in Europe, has left Constantinople for Adrianople. Field Marshal von der Goltz was the first military governor of Belgium. He was sent to Constantinople from Belgium the latter part of 1914 to advise in the matter of the conduct of the Turkish campaign. Gen. von Sanders has been identified with the Turkish army for several years. The departure of these two officers from Constantinople, one for Sofia, the capital of Bulgaria, and the other for Adrianople, the second most important city in European Turkey and not far from the Bulgarian frontier, indicated some sudden development in the Balkan situation which is causing Turkey concern.

A dispatch under date of March 24 from Athens said the Turks were fortifying Luleburgas, 45 miles southeast of Adrianople, and other places in the fear of a possible attack by Bulgaria. A Turkish army at Luleburgas is being trained by German officers.

GIVEN SCRUTINY BY GERMAN SUBMARINES

New York, March 26.—Officers of the American steamer Cantago, which reached here today from Copenhagen, asserted that their vessel was closely scrutinized on the way over by two German submarines which rose unexpectedly to the surface near the Shetland islands at daybreak of March 14. The submarines, according to the ship's officers, came up simultaneously, one on each side of the Cantago less than half a mile away. They remained on the surface for a minute or two, but made no signal to the steamer. Then they dived again and were seen no more.

NOTED REFORMER IS DEAD. Dr. Samuel G. Smith Passes Away at His Home in St. Paul. St. Paul, Minn., March 26.—Dr. Samuel G. Smith, clergyman, author and social reformer, died at his home here

last night, after a few days' illness of acute Bright's disease. He collapsed last Sunday evening, but had showed some signs of improvement until last night, when he suffered a relapse. Dr. Smith, who was born in Birmingham, England, on March 17, 1852, had been president both of the American Prison Association and the National Conference of Charities and Corrections. He was founder and pastor of the People's church here and for many years was head of the department of sociology and anthropology at the University of Minnesota.

The DOCTOR'S ADVICE

By Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature. Those wishing further advice, free may address Dr. Lewis Baker, College Bldg., College-Building, Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials for return mail will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

sistently used, as it seems to increase the red and white corpuscles of the blood, thus affording health, strength and increased weight.

M. J. B. asks: "My hair is too oily and my scalp itches with dandruff, and of late it is coming out too much. What is a good treatment?" Answer: Obtain plain yellow mineral from your druggist in 4-oz. jars and apply as per directions. This cleans, purifies, cools and invigorates the hair and scalp, thus stopping the death of the hair. Dandruff and itching are at once relieved. Men and women all over the country now use it regularly.

"Eases" writes: "What should I do to relieve a severe case of cystitis of the bladder disease? Urine is dark, foul of odor, and passage is irregular, painful, etc. Have dizziness, fever, chills, and like rheumatism, and soreness in region of bladder. For such symptoms as you describe I prescribe my favorite formula under the name of batwing tablets. This is a splendidly efficacious remedy for such abnormal conditions. Begin the treatment as per directions on each sealed tube.

G. R. G. writes: "I am in business and work so constantly that my stomach has not kept pace. I suffer shortness of breath and heart palpitation after eating, become drowsy and my head is bad, tongue coated, eyes inflamed, and my meals don't seem to give me strength and vitality."

Answer: Nervous energy consumed in your work and undue diet cause such symptoms. You need treatment to help the functional organs catch up. For these symptoms I advise "double-four stomach and bowel medicine," sold by druggists in sealed packets, with complete directions.

"Laura" says: "Some time ago I contracted a very severe cold and cough. I have tried many remedies, but they do not seem to help me at all. I wish you would advise me what to do."

Answer: What you need is a laxative cough syrup, one that will drive the cold from the lungs and loosen the phlegm. Get a 24-oz. package of concentrated essence of menthaxena and make according to directions on the bottle. Take a teaspoonful every hour or two or until your cold is better. This will relieve you in a very few days.

"Sister" asks: "I have a younger sister who is afflicted with what is termed green sickness, also catarrh very bad. She is losing strength and her health is quite poor. What do you advise?" Answer: Such cases should adopt both tonic and local treatment. For a tonic and flesh-builder have her take three-grain hypo-nuclease tablets. For local treatment get either a 2 or 8-oz. package of antiseptic vilane powder and follow carefully the directions for catarrh of the head and pelvic catarrh. Great relief and recovery should soon be manifested if this splendid preparation is followed.

"THE BEST IN TOWN FOR THE PRICE" THAT'S THEODORE J. ISRAEL'S SLOGAN FOR HIS \$10, \$15 AND \$20 CLOTHES

Before I decided to use the slogan, "The Best in Town for the Price," I studied over it, because I wanted to be sure that I could conscientiously say that with reference to my clothes.

And I want YOU to PROVE that I have a right to this slogan by comparing the SUITS and TOP COATS that I am offering at \$10, \$15 and \$20 with those shown elsewhere at FIVE to TEN DOLLARS MORE.

I think too much of my business reputation to make statements like these in public print unless I am reasonably sure that my merchandise will back me up. So you are at liberty to put my assertions to the acid test of investigation, and if you are satisfied, I believe I am justly entitled to your patronage.

Whether you pay \$10 or \$20,

I have such a wonderful assortment of STYLES, MATERIALS and COLORS that every man can get a perfect fitting Suit that will PLEASE him.

Read every merchant's ad, note what they offer, shop around but DON'T FINALLY MAKE YOUR PURCHASE UNTIL YOU HAVE BEEN HERE. If you do you may regret that you MADE A PRESENT OF SEVERAL DOLLARS that you could have SAVED had you given your MONEY a chance to EXERCISE its GREATEST BUYING POWER.

I am in a convenient location; it will take only a few minutes to come. It will be a pleasure to show my assortment and it will be PROFITABLE to you.

SCULPTRESS LOVES ONLY THE JAPANESE

For That Reason Family
Attempts to Have Her
Declared Insane.

San Francisco, March 26. The family of Gertrude A. Boyle, sculptress, was willing to call it unconventional when, eight years ago, she married Takeshi Kanno, a Japanese writer. Recently, however, when she announced that her affections had turned from Kanno to E. Ishigaki, a Japanese artist, the family's understanding proved inadequate. It decided that the non-conformist member was crazy, and a sister, Miss Helen Boyle, has sworn out a warrant charging Mrs. Kanno with insanity. The sculptress was taken to the detention hospital, but was later released, pending an inquiry into her sanity.

Mrs. Kanno, or, as she is more generally known, Miss Boyle, showed no indications of insanity when she talked to a visitor at the hospital before her

release. She was perfectly frank about the transference of her affections from Kanno to Ishigaki.

Not Crazy, She Says.
"No," she said in response to the question, "I'm not in the least crazy. However," she added, "I haven't the least doubt that I shall be if I have to stay here very long."

"I suppose," continued Mrs. Kanno, "that from the viewpoint of my relatives, I am hopelessly mad. They happen to have a conventional viewpoint, however; that is all. If they had only let us alone, Kanno and Ishigaki and I would have got the whole thing straightened out. And now look!"

One of the relatives, a sister-in-law, was sitting in the room. She explained that the family had no idea in view except Mrs. Kanno's good. Mrs. Kanno nodded wearily, and almost contrived to smile.

Mrs. Kanno was asked how long she had known Ishigaki. "About three years," she answered. She was then asked how long since their acquaintance had been something more. "About a month," was her reply.

LOSES BIG FORTUNE BY DIVORCE HABIT

At Age of 80 Man May Get
\$100 Month from Brother's Estate.

New York, March 26.—Defending two divorce actions, prosecuting a third and his defense in two actions for heavy damages for alleged alienation of affections wiped out the large estate of Daniel D. Brinkerhoff, formerly a prominent cracker manufacturer. This made it necessary for him to ask the supreme court a few days ago to allow \$100 a month to him from the \$4,000 annual income of his brother.

It also was testified that Mr. Brinkerhoff, now eighty years old and an invalid from wounds suffered in the civil war, scattered much of his fortune in gifts to the wives of men who later sought damages from him for alienating their love.

William M. Byrne, a referee, has reported that Mr. Brinkerhoff said he either would go to the old soldiers' home or commit suicide unless he could obtain sufficient funds from the estate of his brother to support him.

After Mr. Brinkerhoff's first two wives died he married the sister of his second wife, then seventeen years old. Eleven years later, in 1888, they parted and he gave to her a fine home and \$200 a month income. Two years later each sued the other for divorce. Her action failed and his won.

Four days after her marriage he married a young woman employee. In 1904 Duke M. Oviatt, in seeking a divorce, named Mr. Brinkerhoff as co-respondent and asked for \$50,000 damages. Two years later he figured similarly in the divorce action begun by Arthur L. Kugel, who also wanted \$50,000. In both these actions it was shown that Mr. Brinkerhoff, then an aged man, had given to both women many expensive gifts.

How Thin People Can Put On Flesh

A New Discovery.

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny savant diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets in two weeks note the difference. Five to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and Meyer Bros. Drug Co., Greiner Drug Co., D. & N. Pharmacy, and all other druggists in Fort Wayne and vicinity sell them subject to an absolute guarantee of weight increase or money back.—Adv.

For a Weak Stomach.
If you have any trouble with your digestion you should read what Mrs. J. C. Bauer, Zanesville, Ohio, has to say regarding her experience as follows: "I was troubled for months with a weak stomach and constipation and it was all I could do to drag myself about the house. Chamberlain's Tablets afforded me the first relief I got, and after taking them a short time I was restored to health." Obtainable everywhere.—Adv.

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 21:25-38.

25 And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring;

26 Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.

27 And then shall they see the Son of man coming in a cloud with power and great glory.

28 And when these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh.

29 And he spake to them a parable; Behold the fig tree, and all the trees;

30 When they now shoot forth, ye see and know of your own selves that summer is now nigh at hand.

31 So likewise ye, when ye see these things come to pass, know ye that the kingdom of God is nigh at hand.

32 Verily I say unto you, This generation shall not pass away, till all be fulfilled.

33 Heaven and earth shall pass away; but my words shall not pass away.

34 And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares.

35 For as a snare shall it come on all them that dwell on the face of the whole earth.

36 Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

37 And in the day time he was teaching in the temple; and at night he went out, and abode in the mount that is called the mount of Olives.

38 And all the people came early in the morning to him in the temple, for to hear him.

Human Stabilizers Needed.

Speaking before a body of churchmen in Washington, President Wilson Thursday evening once more placed emphasis upon the necessity for calm and dispassionate Americanism in the face of the constantly varying crises that confront the United States as a result of the world war. Again Mr. Wilson appealed to the nation for support in administering his office. "If I can speak for you, I am powerful; if I cannot, I am weak," was his declaration in connection with the conviction that it is possible for a people to be absolutely impartial when a quarrel is none of theirs.

The president drew from aeronautics an apt illustration of his conception of the citizen's first duty in times like these. "You know," said he, "that somebody has just invented a thing called a stabilizer that is used in connection with aeroplanes. This corrects the erratic movements of the machine so that it, when adjusted, determines the plane upon which the machine is to move, and the machine cannot depart from it. Something like that is the function of the great moral forces of the world—to act as stabilizers even when we go up in the air."

The human stabilizer was perhaps never before so greatly needed in the United States as he is today. Vexatious questions in the foreign affairs of America continue to multiply. Almost every day President Wilson is confronted by a new assortment of annoyances that claim his attention and tax mature judgment for solution. For many of the incidents there are no precedents to guide in adjustment. Changing times have developed new conditions and new elements, and in dealing with them no pathway is marked. A new trail must be blazed. To that duty the president and his advisors are devoting themselves with patriotic devotion and a sincere desire that this great nation shall be absolutely just to all men. The citizenship of America can help vastly by resolving itself into a human stabilizer.

If there are still those who entertain the suspicion that the voting machines used in Allen county do not register correctly, they will be not only satisfying themselves but performing a distinct public service by at once subjecting the machines to the most rigorous test. The commissioners have placed a machine in operation in the court house for just such an investigation as this, and there is ample time before another election day arrives to make the inquiry thorough and complete. You are cordially invited to trick the machine into erroneous registration of your vote or of failing to register it all if you can do so.

It was that the most natural thing in the world that when the accused Terre Haute men were enmeshed by the federal grand jury last December they send out an SOS cry to the liquor interests for bondsmen. They somehow had an idea that the men who had been profiting by the sort of government which had been given them would hardly have the temerity to refuse to come across in an emergency of that sort.

Armed with an ax, a shotgun and an open knife, a peevish husband at South Bend is reported to have started on the trail of his runaway wife who fled their home when she saw her gallant spouse approaching their domicile. Doubtless impetuous haste will be the husband's only explanation for failure to add a bomb or two to his armament for in these belligerent days nothing appears to be barred as a weapon of either offense or defense.

Temperance forces in Chicago have definitely launched an aggressive campaign which they declare they confidently expect to result in making that city a "dry" town. This ought to be convincing evidence of the fact that the temperance crusaders possess a deal of courage in addition to firmly grounded conviction of the total undesirability of the liquor traffic.

Mrs. Julian Heath, president of the New York Home for the Blind, is expected to visit the city.

A LAW CLASS.

(Indianapolis News.)

It will be no easy matter to make the eminent gentlemen from Terre Haute realize that there is such a thing as law in this country. We trust that the effort may succeed, but we are not hopeful. The men who sent some government witnesses to jail and tampered with others were simply following Terre Haute precedents. In that city the law for some time has been just what the ruling political gang chose to make it. There was no rule of action applying to all. The law has been looked on by the gang as something to enable it to "get by" and prevent others from getting their rights. It was, from the point of view of such men, perfectly "legal" to vote repeaters in favor of their ticket, and to exclude as many as possible of the votes of men opposed to those candidates. Nor was there any danger to be apprehended from the law offices of Terre Haute, since, as a rule, they were controlled by the gang.

Thus a peculiar conception of the law was developed. It was believed to be simply the will of the strongest. Naturally, therefore, men so trained are greatly surprised when they begin to get glimmers of the truth that the law applies to all—even to them! This is a revelation which it is difficult for them to take in. We are dealing now, not with the question of guilt or innocence, but solely with a psychological problem. The Terre Haute men are in a dazed condition, not due to any fears as to the outcome of the trial, but rather to their growing realization that the law is, after all a serious thing. That had never occurred to them before. How could it? They had seen the city in which they lived ruled not by law, but by men who held themselves above it, who were above it, and who themselves—some of them—violated it every day of their lives. They themselves were members of the ruling class, and to that class the law was a joke.

Such is the law class that is now under instruction. That it may profit from its opportunity will be the hope of all. It may even be that in time the right to vote will be denied to the bulwarks of Terre Haute. For though they may have registered pedigrees they really ought not to be registered voters.

A NEW FLAG.

(Kalamazoo Telegraph Press.)

The position of the vice president of the United States is going to be something worth seeking one of these days. For a long time he was simply an heir apparent, a waiter at the gate, to which he was seldom admitted, and doomed at intervals to sit in solemn silence and listen to an eternity of words from an uncluttered senate. But this is a world of progress, and changes come to everything, although at times the process of evolution is as imperceptible as the movement of the hour hand upon the clock. It is only when the clock strikes that we realize the motion, and it is so in the matter of the vice president's office. That clock has just struck and we pause from our labors to observe the sign of advancement.

A new distinction, a new honor and a new prerogative have come to the vice president. We discern a vessel in the offing. It seems to be a warship of some character, and it carries at its peak a strange flag, a coat of arms upon a white field. We reach for our flag book, but it discloses nothing. We signal for information and are told that it is the flag of the vice president of the United States, unfurled for the first time to the gaze of a wondering and admiring nation. And now, whenever he sails the seas, which we hope may be often, that flag will wave above him, and observers upon passing ships will note the milky standard and will cry in tones in which awe mingles with exultation, "It is the vice president. Hats off!" When the next national conventions are held there will be no hanging back or any No, thank you ma'ams when the nominations for vice president are in order. Indeed, somebody is likely to be hurt in the rush.

American Flag Was Torn

Down in Murder of McManus.

Washington, March 26.—How the

flag, which was flying over the

house of McManus, a citizen of

St. Louis, in Mexico City, was

burned half way down the

flagpole when they

terry Bryan said reparation for the

insult to the flag had been asked for from

the Zapata authorities, but that so far

no reply had come. In answer to in-

quirers he said there had been no de-

mand for a salute to the flag, as in the

Tampico affair.

An expression of regret for the kill-

ing of McManus already had been re-

ceived from General Palafox, the Zapata

commander, with a promise of indemn-

ity for the family and punishment for

the slayers, if apprehended.

Mr. Bryan explained that the Brazil-

ian minister in reporting McManus'

death, March 11, mentioned only the

fact that the American flag was flying

over the house. The next day he sent

a further report referring to "the de-

struction of the flag." An inquiry from

the department as to when the mean-

ing had taken place was made.

STATE-WIDE FIGHT TO START AT ONCE

Anti-Saloon League Will

Begin Campaign for

Prohibition Law.

Indianapolis, Ind., March 26.—In its

first official statement since the ad-

jourment of the state legislature, the

Anti-Saloon League announces that it

will begin at once a state-wide cam-

pany for the passage of a prohibition law by

feeling citizenship organizations in every

county in the state. These local organi-

zations will be used to secure the nom-

ination of dry men for the office of re-

presentative and senator in the next gen-

eral assembly.

It is announced that county organi-

zations will be composed of men of all

political parties who will seek to in-

fluence the nomination of dry men on

all party tickets. It is pointed out that

the new primary law will make it poss-

ible for dry men in every county to or-

ganize and to make themselves felt

directly in choosing dry candidates for

the legislature.

The league has already let it be

known that a number of members in

both houses of the last legislature be-

longing to the three political parties

are acceptable and these men will be

recommended for re-nomination and re-

election.

OWNER OF "STOLEN" HORSE IS ARRESTED

Elkhart, Ind., March 26.—It is believed

that one of the perpetrators of a number

of chicken thefts in Elkhart and surround-

ing country has been captured in the

person of William W. Wagner, who re-

ported to the police that his horse and

buggy had been stolen from his barn.

Wagner, who is a butcher, was arrested

SOCIETY

When several ladies of the West End of the city received the following invitations they were somewhat at a loss to know just what the promised good time meant but it didn't take long to find out that the hostess for the clever invitations is Mrs. Chester Hall, of West Wayne street. Mrs. Hall's invitations said: "A complimentary ticket to go to the opening of the Hall lunch room at 1 o'clock on Saturday, April 3. Ladies only invited. R. S. V. P."

Mr. and Mrs. E. G. Trenkley have gone to Florida on a trip indefinite in length.

The Laetitia club was entertained by Mrs. Louis Curdes Wednesday afternoon of this week.

Mr. and Mrs. Chris Heit have returned from a southern trip that included some weeks in Florida.

Mrs. Alex Olds was hostess for a meeting of young matrons who form a social club, this afternoon.

Miss Lucy Bash has returned from New York city for a visit with her parents, Mr. and Mrs. Charles S. Bash.

Mrs. Robert Millard expects her niece, Miss Frances Esley, of Lima, O., tomorrow to spend the spring vacation. Dr. and Mrs. T. F. McArdle, of South Calhoun street, have as guests Mrs. M. O. Ginty and daughter Hazel, of Chicago.

Mr. and Mrs. F. S. Hunting and son Stanley, are planning to leave early in April for a trip to California and the exposures.

Miss Olive Gauntt, a Fort Wayne student at Smith college, is spending the spring holidays with college friends in Marblehead, Mass.

Miss Margery Erick asked a few of the young college girls at home for the spring vacation to her home this afternoon for a cup of tea.

Dr. and Mrs. S. D. Sledd and daughter

are contemplating a trip this spring to California and the Pacific coast with the return trip via the Canadian Pacific.

Mr. and Mrs. A. C. Nill have returned from Florida and are visiting Mr. and Mrs. George H. Loesch for a few days before the go to their home at Lake George.

Mr. and Mrs. William M. Leedy were hosts one evening this week for a few friends who were invited to play auction bridge and enjoy the lunch served after the game.

Mr. and Mrs. Fred Madden, of Ewing street, who have been wintering in Astor, Florida, are now at Latonia Beach and will visit other points before they return home.

Mrs. Stephen Morris, of East Jefferson street, entertained a few friends, who brought their sewing, for a visit yesterday afternoon.

Several of the away-at-school girls, who are spending spring vacations at home, met at the home of Miss Margaret Wilding yesterday for a short visit and a cup of tea.

Mr. and Mrs. J. A. Myers, of Springfield, are guests of Mr. and Mrs. H. H. Rogers. Mrs. Myers has been here several days and Mr. Myers joined her today for a week-end visit. The visitors are on their way to New York to make their home.

J. Ross McCulloch entertained a number of prominent musical people at supper last evening after the Baille Trio recital in honor of Emmeran Stoeber, the noted cello player of the trio, and Alfred Quensel, flutist and soloist of the evening recital. Both men are members of the Chicago Symphony orchestra.

Fred H. E. Koopman, of 3414 South Harrison street, celebrated his natal anniversary recently and in addition to a dinner arranged by Mrs. Koopman came a surprise in the way of a box of fresh vegetables and fruits from the garden of Mrs. Koopman's parents, Mr. and Mrs. C. M. Maxwell, of Crystal Springs, Fla. So generously filled was the box from the south that Mrs. Koopman had a dinner suggestive of June in this part of the country with a strawberry short-cake for the dessert. Mr. and Mrs. Maxwell have been located in Florida about three years. Miss Yvonne Maxwell, a daughter and a nurse, is located in Paris, Tex.

Nebraska P. T. Club.
A splendid meeting of the Nebraska parent-teacher club was held last evening at the school and addresses by Dr. G. M. Leslie on "Foods" and one by Dr. E. W. Dodez on "Teeth" were helpful and interesting to the audience. Musical numbers of the program were a group of songs by Mrs. Eliza Hanna Elliott and piano duets by Allegro Leverson and Max Miller and by Gertrude Sivets and Grace Prince. A large attendance of parents testified to the increasing interest in the school and the parent-teacher club.

BAILHE TRIO OPENS ITS SEASON.
Beautiful Program Well Given With A. Quensel, of Chicago, as Soloist.

A much pleased audience heard the first rehearsal of this season given by the Bailhe Trio of this city last evening. The concert was the tenth of the subscription chamber music recitals given each year and the audience at the Temple theater, which, by the way, is just the right size of an auditorium for chamber music recitals, was representative of concerted music. Mr. Alfred Quensel, of the Chicago Symphony orchestra, was the soloist and his mastery of the flute and his very apparent musical taste were suggestive of the broad musicianship expected of a soloist with the Chicago organization. Mr. Quensel gets a delightfully modulated tone, whether loud or soft, and while the Godard value was a delight with its bewitching rhythm and brilliant execution, the encore of "The Last Rose of Summer" won as much admiration for the very voice-like quality Mr. Quensel produced from the instrument. Mr. Quensel's splendid attainment was again heard in one of the best numbers of the program, the Souvenir du Rigi, by Doppler, for flute, piano and cello. This number was one of the most artistic performances of the evening, each performer deserving high praise. The trio, Messrs. George and Gaston Bailhe and Emmeran Stoeber, played the Moszkowski suite, Op. 71, for the opening number and the St. Saens' trio, Op. 10, for the close. An especially fine part of the excellent work done by the Bailhe Trio was the Schumann's

the same high order of work from every standpoint of musical art.
Another group by the trio was the noble andante by Ph. E. Bach that gave Gaston Bailhe a fine opportunity to display his splendid legato and rich tone while the grace and fancy of the Mozart rondo were emphasized so perfectly that the number was repeated in response to the demand for it.

The audience gave lavishly of applause and there were a number of encores including a Chopin nocturne by Mr. Quensel. "The Last Rose of Summer" was played by request.

AT THE NEW PALACE

FOR THE SCHOOL CHILDREN.

New Palace Will Observe Special Matinee Saturday.

In the belief that the message Charles Kellogg, the bird song singer, is bringing to Fort Wayne is one that every boy and girl in Fort Wayne should hear and enjoy, the New Palace is arranging for a special matinee Saturday afternoon, when Mr. Kellogg's lecture will be along the same lines as the ones he delivered to thousands of school children in Boston and Cambridge, under the direction of the board of education.

Never has any vaudeville attraction roused Fort Wayne to such a degree as has the wonderful exhibition given by Mr. Kellogg in connection with the superb Keith bill.

Spring Festival Bill.

Opening Monday afternoon the New Palace will present the great spring festival program, ushering in spring with a bill of twelve big Keith attractions, including Claude Rains, Dave Ferguson, Crouch and Welsh, Lady Sen Mei, Jane Connolly and company, Burns and Fulton, Whitfield and Ireland, Mme. Herrmann, Hines and Fox, Novelty Clintons and the Jaunts and Journeys.

AT THE EMPRESS.

The promise made by the Empress management of an exceptional attraction in that presented by the Monto Carlo girls, who are playing this week at this theater in a pair of musical travesties, has indeed been fulfilled, as can be vouched for by any of those who have seen this production. For clean burlesque, with lots of fun and music and dancing, it is to be especially recommended as a bill well worth an afternoon or an evening of anyone who cares for all that is clever in theater attractions. Harry Welsh, the little Jew comedian, with that funny slide, is more than a hit, and in his comedy he has able assistance in Fred Binder and Harry Keeler.

The Tango contest inaugurated at this theater will be held tonight. A selected number of men being allowed to dance on the stage with the beauty chorus.

AT THE JEFFERSON.

"THE TYPHOON."

Walker Whiteside's Famous Success at Jefferson With Sessue Hakyama.

Playgoers everywhere will remember the remarkable success attendant upon Walker Whiteside's appearance in the noted drama of cosmopolitan love, "The Typhoon." When the play was produced some two years ago Mr. Whiteside appeared in the role of Tokaramo, and Florence Reed played Helene, the Parisian demimondaine, who lover the aristocratic Jap with such passion that he was finally forced to throttle her to keep her from interfering with his diplomatic affairs, through her persistent and aggravating amorous advances. The play is one of trenchant and thrilling power, and the screen depiction of this peculiar love story is handled in brilliant manner by Sessue Hakyama and a fine cast of important Paramount stars. Hakyama is acknowledged to be the foremost Japanese actor of contemporary times and his portrayal of the little brown stoic who sacrificed the life of his sweetheart to preserve his allegiance to Nippon, is one of the most vivid and

Mrs. Christina Prill, 1021 Dedroff St., Says Herbal Lax-a-Tone is Marvelous for Stomach and Kidney Trouble.

MRS. CHRISTINA PRILL.

The misery that one suffers from stomach and kidney trouble is oft times beyond description. The gas and bloating from the undigested food makes life a burden. The sore and lame back from the kidneys make one feel unfit for any duties of life. Herbal Lax-a-Tone will straighten out and promptly take care of these ills.

Mrs. Prill says: I have had a bad case of stomach trouble with weak kidneys. I saw Herbal Lax-a-Tone advertised and after using it I must say it has given me wonderful relief. I can now eat things that I was unable to touch before taking it, my appetite has improved and I feel better in every way. My brother also has taken it and is well pleased with it.

If you have a sour acid stomach, sluggish liver, sick headache, are bilious, constipated, feel all run down and tired out, try Herbal Lax-a-Tone, it will please you and convince you.

The Herbal Lax-a-Tone man is at Dreier Drug Co., 828 Calhoun street, where he is introducing this remedy to the Fort Wayne public. He will remain until 10 p. m. Saturday evening.

In connection with "The Typhoon" the inevitable Pathe's Weekly will be given, visualizing current events of national interest.

AT THE COLONIAL

"THE ADVENTURES OF KITTY COBB."

Flagg's Celebrated Sketches Converted Into Delightful Screen Play.

A few months ago, that perennial entertainer, James Montgomery Flagg, created a delightful series of pen and ink sketches under the head of "The Adventures of Kitty." These sketches were followed by some cleverly written addenda descriptive of the picture and telling with many touches of the unflagging Flagg humor how Kitty made her way in the cruel, heartless city of New York after deserting the old homestead.

One of the biggest film concerns in the country prevailed upon J. M. F. to visualize the pen and ink career of Kitty upon the screen and the fond father of the brain-child consented to do this provided that he, personally, could choose the actress who would portray the character of Kitty. Whether Mr. Flagg regretted this decision or not we cannot say, and if he did not he has super-mannish patience. Two thousand models applied for the position and after a careful inventory of the entire crowd of applicants, Mr. Flagg selected blue-eyed Marion Swayne as an exact counterpart of the famous Kitty.

CENTRAL LARGEST CLASS B LEAGUE

The Central Baseball league in point of aggregate population of the cities comprising it, is the largest class B circuit in the country. According to the last federal census, which is the basis upon which professional organizations are graded under the national agreement, the cities of the Central circuit have a total population of 833,430, distributed in this wise: Terre Haute, 88,157; Evansville, 83,647; Grand Rapids, 122,571; Fort Wayne, 53,332; Dayton, 118,557; Youngstown, 77,066; Erie, 66,525; Wheeling, 67,964.

THE CAN RATTLES.

Terre Haute Management Gets Rid of Three Already.

Terre Haute, Ind., March 26.—Manager "Lefty" Gilbert, of the Terre-Hauts, rattled the can this afternoon, and three players drew their unconditional release. The players in question are Bert Fisher, last season's sub catcher Bob Craig, former second sacker, who did not report last year, and Charles Uhrig, a catching prospect.

Craig, a mighty clever player, was graduated in an eastern school last year and decided to give up baseball for a professional career. The club tried hard to interest him, but he was determined in his stand and notified the Terre-Haute management that he was through with baseball forever. Boss Gilbert wrote him a few weeks ago as to his intentions the coming season, and as his answer was in keeping with his original stand he was today given his release. There will be no room for Fisher and Uhrig on the 1915 club, and for that reason they were "canned."

HEAVY MAJORITY FOR "WETS."

Columbus, Ind., March 26.—The "wets" won a local option election held in this city yesterday, by a majority of 532. There were 2,400 votes polled, or 96 per cent of the total vote of the city. A drizzle of rain throughout the forenoon was a drawback by women opposed to saloons, who stood about the polls and served hot sandwiches free while urging voters to enlist in their cause.

FRIAR BUNCH WINS WITH WIDE MARGIN

Lyceums Beaten in Shields Cup Series by Score of 52 to 22.

In a thoroughly lopsided net to say the least, the Friars of the Lyceums, the opening game of the final series for the city championship was won Thursday night by the Friars from the Lyceums by a score of 52 to 22. If the Friars keep up the gait with which they started they will have no great trouble in holding the Shields cup for the third time. The Lyceums staged a very ragged exhibition and, outplayed in every point of the game, they very little resembled the team which walloped the Corby hall team at the opening of the season. On the other hand the winners had a remarkable amount of team play and speed and above all accuracy in their shooting, a thing which hampered the Lyceums all through the contest. The Lyceums led but for a few minutes at the start of the game, and after that never had a chance. The new Lyceum man, Klein, of the Elm-Ross, showed very little in the way of speed, floor work or scoring and, although he is probably a valuable addition to their team, was not used to their mode of playing and so did not give a very good account of himself.

Gerberding started the scoring for the winners with a nice throw from the floor and followed it up with a foul. The Lyceums made a spurt and registered two in succession. This was the only point at which the losers were ahead. The Friars then shot around their lineup while the Lyceums were scoring one goal. Thus it continued throughout the period, the Friars shooting almost at will and the losers striving hard to hold them down and make up their lost ground at the same time. No one doubted the outcome of the game at this time although certain of the Lyceumites were sanguine about their team coming back and performing wonders in the last half. When the period ended the Friars were leading 27 to 8.

After two ineffectual shots by the Friars Loos snatched the ball out of the scuffle and carried it down the floor and scored. Dietrich promptly offset this loss with another goal equally as good. The boys from the south side seemed to have struck their stride for they made more tries for goals and did less guarding than

Fullerton Says Tinker Has Real Live Whales This Year.

(By Hugh S. Fullerton).

When a baseball club has one vital weakness, that all its opponents know, when it comes near winning a pennant in spite of that weakness, then goes out and corrects the weakness to a large extent that team one might consider the logical choice for the championship the next year.

That is the situation with Joe Tinker's Chicago Whales. Last year the team could not hit left-handed pitching. As a result every manager concentrated his left-handed strength against them and beat them. Now Tinker has added considerable hitting power to use against the port sliders, seems to have his grand pitching staff in shape, and has so much excellent baseball material to choose from he has become embarrassed.

The strength of the team is, of course, in its magnificent pitching staff, one that any major league manager might envy. Hendrix reported late, and is heavy, but promises to be in perfect condition. Rankin Johnson, who proved he was not a flash in the pan by his great work, looks better this spring than he ever did. Lange, Pendergast and Black are fair pitchers.

The big gain, however, consists in the recovery of Ad Brennan. He was practically useless last season because of arm trouble. However, he came to the front this spring with the arm seemingly as strong as ever. Mordcael Brown was a help to the team. I studied Brown's work last season and he is very little less effective than when at his prime. Given five or six days rest and he can pitch almost as well as ever.

The catching staff is improved. Art Wilson will bear the brunt of the task and this year will be assisted by Bill Fischer, a strong hitter, a stronger

in the previous half. Still the better game they put up the more the Friars liked it and they always managed to keep at least a twenty point lead on their opponents. In response to the cries of the crowd to "make it 50" Gerberding did so with a neat free throw and McMurray went him one better with a long goal from the field. A basket by Flaherty finished the scoring and a few seconds later time was called. The final score showed the Friars leading 52 to 22.

Stroup was the star of the game with six goals and some of the finest floor work that has been seen here this season. His work in guarding also worked against the Lyceum scorers. Gerberding was high man with seven goals and four fouls while Loos ran him a close second with the same number of goals but no free throws.

Collegiate Gymnastic Championship Meet Tonight.

New York, March 26.—Yale gymnasts are favorites in the annual collegiate gymnastic championships to be held in the Columbia university gymnasium tonight. Ten eastern colleges, including the Yale, Harvard, Princeton, Pennsylvania, Brown, Columbia, New York university, Amherst, Rutgers and Havreford were represented by 132 entries. Only six of the gymnasts entered for the meet had been placed in previous championships. These six were Chism of Yale, who won the tumbling last year, and McMernan of Amherst, who got third in that event. Brady of Yale, who placed in the all-round event last year; Gordon of the same college, and Ralston of Amherst, who were second and third respectively, and Nutt of Pennsylvania, who placed in the club swinging event.

FED LEAGUE HAS TOUGH JOB AHEAD

New York, March 26.—Federal league club owners gathered here today to ratify a playing schedule and adjust disputes rising from the transfer of players. Pending the legal settlement of the controversy over the Kansas City franchise two sets of schedules have been prepared, one with Kansas City in the circuit and the other without. The court ruling which kept the Kansas City franchise in Kansas City, however, leaves the league free to adopt a schedule without further delay. Interest centered in the arrangement for the transfer of the Indianapolis club to Newark. There were rumors of a hitch between the league and Harry Sinclair and P. T. Powers, owners of the Newark franchise. It was said that Powers and Sinclair were not averse to taking over the Indianapolis club instead of the Kansas City aggregation provided the Indianapolis team came to them intact. Powers and Sinclair were said to be displeased by the arrangement by which Denny Kauff and "Cy" Falkenberg, of the Indianapolis club, are to go to Brooklyn, as a result of a deal made long ago by R. B. Ward, president of the Brooklyn club.

Definite announcement was expected of the choice of managers for the Newark and the Kansas City clubs.

WELSH CHOSEN AS REFEREE.

San Francisco Man Selected to Boss the Big Fight.

Havana, March 26.—Jackson Welsh, of San Francisco, has been named as referee for the Johnson-Willard fight. He was selected at a meeting of the principals and promoters last night, and the promoters sent a cablegram to him asking his acceptance.

Tom Jones was spokesman for Willard. Johnson acted for himself. Welsh was selected from a list of fourteen men. Harry Sharpe, of St. Louis, and Mike Donovan, of New York, also were favored but Welsh won.

The proposal to name a substitute or an alternate was deferred until word should be received from Welsh.

ANY SCHOOLBOY COULD DO IT.

Judge Landis Gets Postcard Regarding Baseball Suit.

Chicago, March 26.—"Any schoolboy could decide that baseball suit in three days," a patron of baseball in Danville, Ill., wrote to Federal Judge Kenesaw M. Landis yesterday.

The judge was amused on receiving a postcard on which this sentiment was expressed. The writer asked for information as to when the followers of baseball may expect the decision in the suit filed by the Federal league against organized baseball.

The disbursements on account of the civil war totaled \$4,457,974.496 at the last figuring.

ZANESVILLE CLOSSES SEASON HERE TONIGHT

Kennedy and Wilkes will referee at the Zanesville-Ottawa German game in this city tonight, according to the advance dope sent out by the Zanesville crowd. This will be Zanesville's last game in the city, and the rivalry between the two contestants is so great that a lively battle is promised. The game will be staged at St. Paul's hall and the advance sale speaks well for a big crowd.

Billy Sunday Will Hold a Revival In Fort Wayne Holy Week Preaching Through the News Columns of the Sentinel

Beginning Monday, March 29, the famous baseball evangelist, Billy Sunday, will preach ONE SERMON A DAY to the people of Fort Wayne through the news columns of the Sentinel concluding with an EASTER SERMON on Saturday, April 3. Sunday wrote these sermons immediately on the conclusion of his great revival in Philadelphia where, in 11 weeks, he CONVERTED 41,000 PEOPLE. This evangelistic meeting broke all records. His "Holy Week" REVIVAL IN THIS CITY will be historically unique because this is the first time a revival was

There is Only One Sherman's Store in Fort Wayne

Sherman's Stores Company has been in the clothing business since 1878, thirty-seven years of honest endeavor. This long period has given us years of experience to study the clothing wants of men, to know that every man wants to buy the best clothing value possible for his money. With this always in mind, to give every man value, we have succeeded in establishing one of the largest and most successful clothing businesses in the country. Making and specializing on the one price clothes, always \$10, no more, no less.

Value, and value alone, in Sherman's clothes has accomplished this. Always treating our patrons honestly and conscientiously has won for us the confidence of the buying public. Without a question, value for value, there is not a clothing store in Fort Wayne that can give you the value that you buy in Sherman's clothes, sold

FROM OUR FACTORY DIRECT TO YOU

For thirty-seven years we have studied our value, always trying to surpass the season before—to give the best value possible in Sherman's clothes. For this season's wearing our values are far greater than ever before in the history of the Sherman's Stores. We guarantee to you that any one of our garment are equal to the best \$15 to \$18 garments you have ever purchased.

We have reached this high standard of value by specializing on this one price, \$10, by our whole organization working together, putting forth our very best efforts to sell our patrons the best clothes value in the world for their money.

Sherman's a Money-Back Store

We sell you our clothes with the absolute understanding that you are dealing with the money-back store. What this means: If the clothes you buy do not prove entirely satisfactory in every way, we will cheerfully refund your money at once without a question.

Newest Styles and Patterns

For this season's wearing we can proudly state that never before in the history of our business have we had such a complete, well assorted line of suitings. Every suit in the store is of the very newest colorings. You can get the cloth between your fingers and feel of the all-wool fabrics we use in our suitings.

Honest Clothes—Honest Prices

Honest all through from the all-wool material to the last stitch of tailoring, there is style, fit and workmanship embodied in Sherman's clothes, the equal of any \$15 to \$18 garment that any store in Fort Wayne may offer you. A Sherman's label in your suit stands for quality and satisfaction. You should come to Sherman's and examine the inside trimmings of one of our suits, and see for yourself how perfect and skillfully they are made. We know positively when once you start wearing Sherman's clothes you will become a life-long friend of the Sherman's Store. Any garment you may select you are sure you are buying an all-wool garment, covered with our iron-clad guarantee of satisfaction.

You Save the Middleman's Profit, \$5 to \$3

You can have your choice of any suit, top coat or balmacaan in our store at our one and only price, always \$10, no more, no less. Right now at this time of the year clothing merchants mark their clothes at an exorbitant price so that after season they can have what they call "an after season sale," offering you one-half to one-third off their high prices. You can buy Sherman's clothes right now at the same price as you will have to pay after the Fourth of July, so you might as well buy your clothes now at Sherman's and get your full season's wearing. We never have sales, but sell you a standard value 365 days of the year.

A Style and Size for Every Man

You can have a wider choice of styles and patterns at Sherman's than most stores can show you at all their prices. We can fit and suit you in any material, size or style you have in mind. Sizes for the young man of 15 years of age, to a man wearing a 52-inch chest measure, in regulars, stouts, slims and shorts. COME TO SHERMAN'S.

EASY TO DARKEN YOUNG GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Adv.

HOLDINGS IN MINNESOTA.

Field Marshal Roberts Had Much American Stock.

St. Paul, Minn., March 26.—Nearly 30 per cent. of the personal property of the late Field Marshal Earl Roberts, who died in France last November, was in Minnesota, according to a copy of the famous soldier's will, received by Attorney General Smith. The total personal property is given at \$375,000. The Minnesota property, railroad shares and iron ore holdings, valued at more than \$104,000, will net the state \$653 inheritance tax.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty. Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.—Adv.

WILL FIGHT OPTION ELECTION.

Hartford City Business Men Are Opposed to Dry Town.

Hartford City, Ind., March 26.—At a meeting of some fifty representative business and professional men and manufacturers of the city, at the Hartford hotel, an organization to be entitled "The Taxpayers' League of Hartford City," was formed. The purpose is to oppose the local option fight which will soon be started here. Officers were elected as follows: B. A. VanWinkle, president; John Lenox, vice president, and W. E. Bowman, secretary. Mr. Bowman will also act as press agent for the league and will write articles which are to be taken by the newspapers at regular advertising rates. As was indicated by the speeches made at the meeting Wednesday evening, those present will, in the first place, oppose the calling of a local option election and will, in case the election is ordered by the commissioners, favor the town remaining "wet." Those present indicated that they believe that the voting of the town "dry" at this time will do no moral good and at the same time will do business here much harm.

MANY NEW CHURCH MEMBERS.

Bluffton, Ind., March 26.—The Bluffton churches all had record-breaking mid-week meetings at the time for the regular weekly prayer services, this being the occasion for the first special effort in bringing the converts of the recent big Stephens revival into closer union with the churches by enrolling them as members. The First M. E. church extended opportunity for new members to come forward Wednesday evening and a total of 63 were admitted, while 22 were baptized. The auditorium of the Baptist church was completely filled at the prayer service and testimony experiences of new converts formed an interesting feature. There also were three new members baptized.

POLICE FINALLY GOT HIM.

Huntington, Ind., March 26.—After boasting that he was too smooth for the Huntington police and that they could not get him, James Starbuck, a Wabash railway brakeman, was arrested on a charge of trespass. He was found in the rear of the Walter Redmond home holding Mrs. Redmond affectionately in his arms when the police, who had been trailing him, came up. Starbuck was named as a co-respondent in a divorce suit filed some time ago by Redmond, but the suit was dismissed on the woman's promise to see Starbuck no more and it was thought a reconciliation had been effected.

PHONE DECISION HELD UP.

Columbia City, Ind., March 26.—The telephone case which occupied the attention of Judge McClure, of the State Public Utilities commission, for a couple of days, has been concluded and as the matter now stands, the attorneys on each side will be given six weeks in which to prepare their briefs, and it is probable that a couple of weeks will be required by the commission after the briefs are submitted before judgment is rendered by them. Judge McClure stated at the conclusion of the case that he would be pleased to have the attorneys representing each company to go to Indianapolis and appear before the entire commission and present oral arguments of the case.

YOUNGSTERS ARE MARRIED.

Huntington, Ind., March 26.—William Ashley Johnson, 18 years old, and Miss Ethel Marie Layman, 19 years old, were married yesterday afternoon at 2 o'clock at the Central Christian parsonage by the Rev. E. V. Cole. Miss Lydia Johnson, a sister of the groom, and Roy Layman, a brother of the bride, stood up with the couple. They were accompanied by a number of relatives. Mr. Johnson is a son of Theodore P. Johnson of Jackson township, and Mrs. Johnson is the daughter of Samuel L. Layman. The couple will go to house-keeping on one of the farms owned by Mr. Johnson.

MORE SMALLPOX IN ROANOKE.

Huntington, Ind., March 26.—A small pox card was tacked on the Ely Rupert home in Roanoke yesterday. The boy who became ill yesterday is the second victim of the disease in Roanoke, the first being Samuel Daily. The schools are still maintaining almost a normal attendance. At Union Center the high school attendance is much below normal because of small pox cases in the vicinity. The cases are all mild. It was reported yesterday that a new case has developed in a home near the school, but neighbors are trying to prevent publicity and would not give the name of the latest patient.

MARRIED THIRTY YEARS.

Columbia City, Ind., March 26.—Thirty years ago yesterday Miss Anna Ramp and Mr. Arnold Hallauer were united in matrimony at the home of the bride's parents. The day was as ideal one as the sun shone brightly and it was exceedingly warm for the time of year. Mr. Hallauer at the time of his

SO many people have admired the magnificent new arrangement of our store, with its beautiful display windows and up-to-the-minute fixtures, so many have inquired as to when our formal opening will be held that we have decided to postpone that event until the rush incident to Easter Trade is at an end.

marriage was employed as a clerk and since that time he has advanced very rapidly, now being a partner in the Yontz & Hallauer grocery firm. The couple were married by Rev. Rockey, who was at that time pastor of the Grace Lutheran church of this city.

NEW MISSIONARY SOCIETY.

Montpelier, Ind., March 26.—A Missionary society was organized at the home of Mrs. C. B. Jones to meet once a month after the Union meetings have closed. The charter members are: Mesdames Jennie Cady, Mary Jackson, Bert Johnson, Wm. Braden, Wm. Foy, Harvey Smith, Bee Sheller, Ralph Henderson, C. B. Jones, Ed Ellis and Nathan Ward. Officers: President, Mrs. C. B. Jones; vice president, Mrs. Ed Ellis; secretary, Mrs. Nathan Ward; treasurer, Mrs. Mary Jackson.

KEPT GIRL FROM SCHOOL; FINED.

Van Wert, O., March 26.—On a complaint made by Probation Officer Charles Kirk, William Dunn of Union township, was arraigned before Judge Koch on a charge of contributing to the delinquency of his 14-year-old daughter, Della. It was shown that he has encouraged the child to remain at home from school, and that out of more than 100 school days she had attended but 37, though physically able to do so. Dunn was fined \$10 and costs and given orders to see that the girl was given an opportunity to obtain an education.

SAD CASE AT MONTPELIER.

Montpelier, Ind., March 26.—Mrs. Minnie Conners, of this city, who was confined in the county jail for two weeks, has been taken to the insane asylum at Richmond to receive treatment. The case of Mrs. Conners has many sad aspects. She is a young woman and the mother of several children. A few days before her mind failed her she became the mother of twins both of which have died since it was necessary to confine her in jail for her own safety.

SCARED INTO WISDOM.

Hartford City, Ind., March 26.—Taking warning from the calamity which befell the inmates of the Delaware county infirmary when the place was visited by fire this week, the county commissioners have let a contract to Lieber & Campbell, hardware merchants, for the erection of fire escapes at the county infirmary. One of the buildings at the infirmary here is in a very poor condition. The commissioners held a special meeting to take this matter up.

DOG POISONER AT WORK.

Kendallville, Ind., March 26.—The dog poisoner is again making the rounds. Arthur Swartz, manager of the Postal Telegraph, reporting the death of a bull terrier pup, which died of convulsions, the result of a dose of poison. This is the second dog that has been poisoned for Swartz and if he finds the guilty person administering the "dose" he says he will prosecute him to the full extent of the law.

NEW CHURCH FOR PORTLAND.

Portland, Ind., March 26.—The United Brethren church congregation of this city, is arranging to erect a new modern edifice, having just closed a deal for a centralized site, comprising two building lots, at \$1,600. They plan a building costing from \$12,000 to \$20,000.

of "Aunt Mary" Wilson, who died several days ago, was probated today and the Baptist church of this city is named as one of the large beneficiaries. The second item of the will provides for the payment of \$200 to the church for the purchase of a baptistry.

TWO KILLED; TWO INJURED.

Axle of Auto Breaks in Rounding Curve at Carlisle, Pa.

Carlisle, Pa., March 26.—A. L. Thompson and C. D. Bisher, prominent business men of this place, were killed and two other men were injured, one probably fatally, in an automobile accident near here last night. The axle of the car broke in rounding a sharp curve and the machine turned turtle, burying three of its occupants beneath it. R. L. Early, one of the injured, is not expected to recover, while the fourth member of the party was hurled clear of the wrecked car and escaped with slight injuries.

Bed-Wetting Cured in Ten Days

URI-STOP WILL CURE

Don't Wait for Children to Outgrow the Trouble—Start Them Taking Uri-Stop Today.

Bed wetting is a disease and should be given prompt attention. The wonderful success realized by Uri-Stop seems little short of marvelous and many cures have been effected in Fort Wayne. Bed wetting is not a local trouble alone but is a disease embracing the entire urinary system as well as the bladder and kidneys. Uri-Stop is put up in tablet form, pure and harmless. No irritation or harmful action. The affected parts are toned up, invigorated and restored to their normal condition. Can be taken by the "most delicate child." Mail orders solicited by the

LOVE'S YOUNG DREAM HAS A RUDE WAKEUP

Mary Boyle, 17, Sues Rob-
ert Boyle, 19, to Break
Wedding Bond.

Mary M. Williamson, who was 17
years old the 4th of last July, and
Robert M. Boyle, who was 19 years
old just two weeks earlier, were lighted
by Hymen's torch to the altar on the
4th of last August. On the 15th of
this month, after seven months of ex-
perience, the bride broke away from
her youthful liege and is now suing him
in the superior court for divorce. She
charges that during all of her married
life she has been merely "the servant in
the house," and that house is not a home
provided by the groom, but the domicile
of his father, who is described as a
laborer in the gas works. It is further
charged that the young husband has
been cruel and inhuman to his girl wife,
cursing her, calling her vile and indecent
names, falsely accusing her of associa-
tions with other men, buying her "not
a dollar's worth of clothing," and ut-
terly refusing to support her, but de-
pending on his father to pay the rent
and buy provisions and clothing both for
the plaintiff and defendant. He is
able-bodied and can earn good wages
when he works, says the complaint. The
plaintiff fears he will carry out threats
to do her bodily harm and has procured
an order to prevent him from molesting
her at 322 East Main street. She
wants her maiden name restored to her.

Notes of the Courts.

In the circuit court Thursday afternoon
Charles ("Fishback") Allen, of Van Wert,
O., was sentenced to two to eight years
in the Indiana penitentiary for petit lar-
ceny. George Axson, on a similar charge,
was sentenced to thirty days in jail and
to pay a fine of \$4, the jail sentence being
suspended. Frank Armstrong, also for
petit larceny, was given twenty days in
jail and fined \$1. The men, who were
arrested following an extensive campaign
of chicken stealing, pleaded guilty. Allen
has served one term in the Indiana prison.

John Suelzer, sr., the contractor, has
paid into the office of County Clerk David
C. Stout the sum of \$11,591.83 in settle-
ment of a judgment for \$10,000, accrued
interest and costs in the suit of William
F. Carpenter against him for damages for
personal injuries received by the plaintiff
several years ago while employed by the
defendant on the Old National bank
building. Carpenter sued for \$15,000, was
allowed \$13,000 by a circuit court jury,
had the award cut to \$10,000 by Judge
O'Rourke, who held the amount excessive,
and had to fight the defendant's appeal to
the supreme court, which later upheld
Judge O'Rourke's finding.

The Railroaders' Realty company has
begun action in the superior court against
A. S. Coverdale to recover \$292.55 on ac-
count.

In the superior court James W. Squires
has sued Eli Christlieb for \$200 on ac-
count.

The Eaton garage has begun action in
the circuit court against George W. Roche
on an automobile lien to collect \$75.

A change of venue from the Allen su-
perior court has been asked by the de-
fendant in the suit of Maude Koop vs.
Edgar W. Moreland.

The divorce suit of Kleinschmidt vs.
Kleinschmidt has been dismissed from the
superior court, as has also the suit of
Clarence G. Groves vs. the Pennsyl-
vania company.

In the circuit court J. W. Bowers was
given judgment for \$183 against George
Hemming.

McCLURE ASKS ESTIMATES.

At the conclusion of the hearing on the
petition of Washington township property
owners to the Indiana utilities commission
for a separation of grades at the crossing
of the Goshen highway with the Grand
Rapids & Indiana railroad, Judge Mc-
Clure, one of the commissioners of the
state, asked that E. H. Hudson, superin-
tendent of the Grand Rapids, furnish him
with an estimate of the cost of the work,
and preferred the same request to County
Attorney E. G. Hoffman. Judge McClure
wishes to make a comparison of the esti-
mates. No indication was given as to
what action the public service commission
will take either as to the Goshen road
crossing or the petition for gates at the
crossings of the Hoagland road with the
Pennsylvania railroad and the Ohio Elec-
tric interurban line in the eastern part of
the county near Dixon, O.

AUTOISTS WANT ROADS OILED.

The county commissioners have re-
ceived from the Allen County Automobile
association a resolution recently adopted
by the association asking that a reason-
able portion of Allen county's share of the
state license fees paid by automobile
owners be expended in oiling the county
highways and for the erection of road
signs, holding that since the members of
the association pay most of the automo-
bile fees in this county they have a just
claim on the benefits. The resolutions
are signed by Eric A. Crull, president; A.
L. Randall, secretary, and M. H. Luecke,
chairman of the board of directors. There
will be no objection to the request. The
commissioners already have purchased oil
sprinklers for use of the Superintendent of
Highways Tonikel and his assistants, and
the commissioners have for some time
had the matter of establishing road signs
under consideration and will soon let a
contract for the work.

WOULD SEND INSANE MAN BACK.

The board of county commissioners has
received a letter from the secretary of
the board of charities of the District of
Columbia, at Washington, D. C., advising
that Christian Tagtmeyer, formerly of
Fort Wayne, is insane in that city, hav-
ing been taken into custody Feb. 11. By
an act of congress the district authorities
are required to return such persons to their
places of residence or their friends.
Tagtmeyer is said to have left Fort
Wayne seven or eight years ago on the
advice of a physician that he seek an-
other climate because threatened with
tuberculosis, and after traveling about
extensively went to Washington. The
letter advises that his condition is such
as to make it unsafe to send him to his
sister in Fort Wayne. The commis-
sioners have the case under advisement with
County Attorney E. G. Hoffman.

SAVED BY FENDER.

South Bend, Ind., March 25.—W. A.
Applegate, age thirty-five, who leaped
in front of a moving street car, will be
examined as to his sanity, it was an-
nounced by the authorities today. Ap-
legate is in the insane ward at the
county jail.

He was writing a letter in his father's
drug store when he suddenly fainted.
After he had revived, it is said, he
jumped up, seized one of the clerks by

the throat and said he was going to kill
him. He then released his hold on the
man and fled from the store. He leaped
in front of a passing street car, but
was thrown from the track by the car's
fender. He suffered minor bruises.

Ostrich Trimmed Hats—The Last Word in Spring Millinery A SALE SATURDAY AT \$6.95

It's been hinted at, and now it's here—the Ostrich-trimmed Hat! It will vie for popularity with the lovely flowers, the smart "Fancies" and the dashing ribbon bows, and women will choose the feather trimming because of the soft lines and general becomingness of ostrich.

Shown First Here of Course, and Featured Specially

Along with the word that this is the very newest thing, comes a collection of hats beautifully trimmed with French ostrich. There are quaint poke shapes, Gainsborough effects, and soft brimmed sailors, with bands and high trimmings of handsome ostrich in contrasting or blending colors.

See these Hats in the window; they're regular \$10.00 and \$12.50 values. Saturday.....\$6.95

WINTER WHEAT IS NOT SERIOUSLY DAMAGED

The recent thaws have not seriously hurt the wheat crop in the opinion of C. Henry, agricultural agent, who thinks the crop is in pretty good condition.

In some clay ground the roots of the growing plants heaved out of the ground and were exposed to the cold weather and turned brown, but not serious enough to stunt the plant. A cold snap from about March 15 to 20, however, did not harm the crop.

ly, no serious trouble with the crop is anticipated.

STARTS DEMONSTRATION.

A meeting scheduled at Leo, in Cedar Creek township, Thursday evening, was not held on account of a misunderstanding as to the date. C. Henry, county agent, spent Friday afternoon in Jack-

son township, where he started a fertilization demonstration. The canary bird importation into this country from the Hartz mountains has amounted to a million and a half birds a year for several years.

"BIG MARY" THREATENED.

Boarding House Keeper Warned She Must Give \$500 to "Black Hand."

Kokomo, Ind., March 22.—Miss Maria Disalvo, known as Big Mary, who keeps a boarding house and is the proprietor of a grocery in the plate glass factory district, which comprises the Italian colony, says she has received threatening "black hand" letters, demanding \$500. The police are investigating. One note, she says, was pinned on her door. In this was a threat to blow up her home. Her place is guarded, and no one is permitted to enter the premises unaccompanied. Her grocery was damaged by fire, supposedly of incendiary origin, a short time ago.

Regarded as weather prophets by the natives, the "black howlers" largest of the Panama monkeys, set up a roaring howl almost suggestive of the lion.

IN THE CHURCHES

PHILATHEA CLASS ELECTS.

Ladies of East Creighton Avenue Church in Annual Session.

The Philathea class of the East Creighton Avenue Church of Christ Sunday school met last night at the home of Mrs. E. H. Clifford, 1331 E. Pontiac street. Officers for the ensuing six months were elected as follows: President, Ellen Miller; vice president, Oval Hubbard; secretary, Mary Redmond; assistant, Inez Swank; treasurer, Elizabeth Marshall. The president, Miss Miller, will appoint the standing committee.

The executive committee of the Good Will (men's bible) class will meet tonight at the home of the pastor, Rev. E. H. Clifford. The semi-annual election of officers of the class will be held March 29 at the home of Mr. and Mrs. W. E. Burt, 1509 Hurd street.

E. D. FARR HEADS CLASS.

Men of the First Baptist Church Elect Officers for Coming Year.

Sixty members of the Men's Bible class of the First Baptist church met in annual session Thursday evening at the church and elected officers for the coming year. Earl D. Farr was chosen president. The other officers were: Harry M. Bowser, first vice president; James Leach, second vice president; Dr. T. L. Taylor, corresponding secretary; Frank Leachler, recording secretary; E. J. Ritchie, treasurer; George S. Bacon, historian; Samuel Agnew, librarian.

Following the business session, Rev. James A. Nipper, of the Rescue mission, gave a talk on the subject, "Needs of the Other Fellow." A social hour and refreshments were enjoyed by all.

Connor Family Renders Program.

The Connor Chautauqua Concert company, of Lima, Ohio, is to give one of its unique entertainments Friday evening at the Emmaus school hall. The program will be given under the auspices of the Young People's society of the South Side Baptist church. The Connor family consists of Mr. and Mrs. Connor, Eugene Franz Connor and Miss Helen Connor. The program consists of musical numbers, both vocal and instrumental, readings, pantomime and magic.

To Render Missionary Program.

An unusually interesting missionary program of motion pictures interspersed with music and readings will be given Sunday evening at 7:45 o'clock at the First Evangelical church. The same program with the exception of the music will be rendered at 6 o'clock. The purpose is to accommodate all those who wish to attend. The boys and girls are especially asked to come at the first hour.

Fourth Quarterly Conference.

The fourth quarterly conference of the Wayne Street M. E. church will be held Friday evening at 8 o'clock in the chapel of the church. Every member of the conference as well as all those interested are requested to be present as business of importance is to be transacted. Dr. J. A. Beatty, district superintendent, will be present.

Men's Night Sunday Evening.

Sunday evening at the Grace Reformed church will be men's night and every man of the congregation is being asked to be present. Dr. A. K. Zartman will speak on the subject, "What Four Men Can Do." Although this is for the men of the congregation all the members are asked to come.

Rev. H. H. Pitzer Stops Here.

Rev. H. H. Pitzer, of the Lyon party, who closed a union revival meeting at New Haven last Sunday, stopped in Fort Wayne Thursday evening for a short time, en route to Terre Haute, where he will oversee the erection of the tabernacle. The Lyon party goes to that city, following the close of the meetings at Tiffin, Ohio.

Palm Sunday at Trinity Church.

At the Trinity Episcopal church on Palm Sunday there will be a procession with palm branches. Four acolytes carrying lights will precede the cross, and the services will consist of matins and choral litany. Richard Hartzler will sing "The Palm" at the offertory.

Church Notes.

The Woman's Home Missionary society of Trinity M. E. church will have a sale of baked goods at the Gas office Saturday.

The Bible Study class of District No. 2 meets with Mrs. Kapley, 1826 Franklin avenue, Friday evening at 7:30 o'clock. The class is studying the Fourth Chapter of Acts. George Dowden will be the leader.

Rev. Bruce Kinney, D. D., superintendent of the State missions of Utah, will speak at the First Baptist church Sunday morning on "The Unfinished Task of Jesus and Why Unfinished."

As a large auto truck belonging to the Hadley Furniture company was crossing Main street on Harrison street, Friday morning one of the front wheels came off, putting the car out of commission for several hours.

WILL PAY FOR TELEPHONE.

Word to That Effect Received from Department by Revenue Collectors.

For the first time since the establishment of the office of the internal revenue collectors in Fort Wayne the government has agreed to pay for the telephone in the office. Though the attention of the department officials had been called to the matter frequently they could never see their way clear for some reason to pay the telephone rent.

1. A telephone in the office is an absolute necessity and brewers, distillers, cigar dealers and manufacturers for their own convenience had the telephone installed and have been paying for it for years. Word has been received from the department, however, that hereafter the government will pay for the telephone.

A meeting of the Fort Wayne branch of the American Institute of Electrical Engineers will be held Friday evening at the Commercial club.

THROWN FROM BICYCLE.

As Walter Lochner, assistant secretary of the Commercial club, was riding his bicycle home Thursday night, the lantern on the front of the wheel dropped off, falling in the sprocket of the front wheel and throwing him over the handle bars to the pavement onto his head. Both of his arms were badly sprained, besides other injuries that prevented him from reporting for duty Friday.

The MENTER CO

GERMAN NEWSPAPER IN WARM COMEBACK

Berlin, March 26.—The Nord Deutsche Allgemeine Zeitung has made further reply to the recent speech of Sir Edward Grey, the British foreign secretary in London, on the causes of the war. The paper says:

"The British proposal was for a conference July 26, but Russia had started military preparations July 25. Nevertheless, Sir Edward Grey on July 29 admitted to the German ambassador it was best to have an Austro-Russian understanding, but on the same day he announced to the French ambassador Great Britain's readiness to take sides with the entente powers.

"Sir Edward in his speech omits reference to the Russian mobilization of July 30 which forced the Germans to mobilize and made war unavoidable. British secret conventions with France and Russia were known in Germany and were the causes for the increased German army. Sir Edward called British neutrality in the case of Germany but he respected Belgian neutrality.

"Germany is not fighting to subdue the continent but for her own independence and the freedom of the seas as well as for all nations buldozed by England."

ADDS TO MISFORTUNES.

Fire Comes to Pile Woes on Family Near Huntington.

Huntington, Ind., March 26.—The destruction by fire early yesterday of the John Umphress home, west of Huntington, was the last in a series of sorrows and losses extending over ten years. First Mr. Umphress' daughter, Bessie, when firing a furnace, was burned fatally by an explosion. Then Mr. Umphress, when falling a tree in his woods, suffered a broken leg. He was alone and crawled eighty rods to his house. When convalescing his house caught fire, but was saved. Then Mrs. Umphress died of anemia, after a lingering illness. Yesterday morning Mr. Umphress, a farm hand and a housemaid barely escaped from the Umphress home before fire filled the stairway. They carried Mrs. Emily Cameron, 91 years old, from the lower part of the house. An outbuilding caught fire, but was extinguished with water from Mr. Umphress' private fish pond. The loss is heavy, as only the clothing worn by persons in the household was saved.

DAVID D. JOHNSTON EXPIRES SUDDENLY

Aged Man Succumbs to Heart Trouble Following Two Weeks' Illness.

David D. Johnston, aged 73 years, died suddenly Friday morning at 2:45 o'clock at the family home, 1622 Boone street, following a two weeks' illness. Mr. Johnston, who had been employed at

DAVID D. JOHNSTON.

the American Road Machine company for the past 22 years was at his work last Saturday. Death was due to heart trouble.

The deceased was born in New York but came to Fort Wayne 22 years ago and has resided here ever since. He was a member of the Wayne Lodge, F. A. M. No. 25 and also of the Order of Buffaloes. His first wife preceded him in death 37 years.

Besides the widow he is survived by two sons, E. M. Johnston, of Monroeville; Glen Johnston, of this city; one daughter, Mrs. C. Lehnke, of Fort Wayne; three brothers, James, Joseph and Alfred, of Sturgis, Mich.; one sister Mrs. E. H. Coburn, of Mt. Clemens, Mich. Two step sons, William and George Carner, twenty grandchildren and four great grandchildren also survive him.

KECK.

Mrs. Elizabeth M. Keck, the wife of Benjamin Keck, of Avilla, died Thursday evening at the Lutheran hospital, where she had been confined for the past four weeks. Death came at the age of 64 years.

She was a member of the Lutheran church at Avilla and besides her husband is survived by three children: George, William H. and Albert M. Keck.

ANDERSON.

Mrs. Sarah E. Anderson, aged 69 years, the widow of David B. Anderson, died Thursday evening at the family home in Lake township, six miles northwest of the city. Death followed an illness of one year's duration and was due to paralysis.

Two sons survive her, Beason and W. E. Anderson, who reside at home. Three grandchildren and one great-grandchild also survive.

Funeral services Sunday afternoon at 2:30 o'clock at the residence at Hadley, Ind. Interment at the Hadley cemetery.

FUNERAL NOTICES.

Huffman—Funeral services for Mrs. Levi Huffman will be held Saturday morning at 10 o'clock at the residence. The body will be taken on the Nickel Plate which leaves at 11:50 to South Whitley and services will be held Saturday afternoon at 1 o'clock at the United Brethren church.

Beyerline—Funeral services for George M. Beyerline will be held at 2 o'clock Saturday afternoon at the residence, 1330 Rockhill street, and at 2:30 at Emmanuel Lutheran church. Interment at Concordia.

MAY GET YEAR'S VACATION.

Judge Van Atta Thinks New Law Court Laid "Joker."

Marion, Ind., March 26.—Robert M. Van Atta, judge of the Grant-Delaware superior court, believes that an attempt to regulate his court by the last legislature may force him to take a vacation all the year of 1916. House bill 404 was introduced by Representative McGonagle, of Muncie, with the intention of giving the judge of the Grant-Delaware superior court the Christmas holiday vacation, the former schedule of sessions having caused the court to remain in session the last week of December.

The new bill provides, Judge Van Atta says, that the court convene in Delaware county the first Monday of September, 1915, and continue in session six weeks; then a term of six weeks is to be held in Grant county, at the completion of which court is again to convene in Delaware county for a term of six weeks. Judge Van Atta figures this would bring the last day of this term in Delaware county on January 1, 1916. The act then provides the court shall have a vacation until "the first Monday of the succeeding January," which will be in January, 1917.

It is evident to Judge Van Atta that it was not the intention of the act to do away with a year of court, but he considers the reading, in connection with the calendar, to say that court shall adjourn from January, 1916, to January, 1917.

GOVERNOR WILL SIGN IT.

Jefferson City, Mo., March 26.—Governor Major today said he would sign the bill abolishing the contract labor system in the state penitentiary. The bill makes all prison contracts expire Dec. 31, 1916, and provides for the establishment of state industries in the prison, for the enlargement of the binding trade plant and for the employment of servants on the roads.

RETIREES AFTER 51 YEARS OF SERVICE

Oldest Track Employee of Pennsy Goes on the Pension Role.

William Murchland, aged seventy years, and for fifty-one years an employee of the local division of the Pennsylvania company, will be placed on the company's "Roll of Honor" on April thirtieth. He for many years has been section foreman at Monroeville, and has had charge of the roadbed out of that station.

He has been employed through his whole long connection with the company in the maintenance of way department, and is the oldest employee of that department on the lines west of Pittsburgh.

Crimmon Wants Retirement.
John Crimmon, one of the oldest employees in the Pennsylvania service, had a yard engineer in the local yards, and placed his application for retirement, and within a few months will be placed on the "Roll of Honor." He went to the board today.

VETERAN ENGINEERMAN.

G. Seibolt, Wabash Engineer, is Dead.

(Peru Chronicle.)

The many fast friends of the veteran Wabash passenger engineers, Julius G. Seibolt, are grieved because of his death, which occurred at 11:25 yesterday. Mr. Seibolt, who was about 71 years of age, had been sick for some time, had been in the employ of the Wabash railroad since 1873, and had lived in this city for twenty-two years. He was a member of the Masons, Knights Templar, Knights of Macabees and the B. of L. E. Not only among his fraternal brothers was he a popular man. All who had the pleasure of his acquaintance learned to regard him very highly. His wife having preceded him in death, he leaves to mourn his son, Charles Seibolt, of Laketon, and Mrs. Ernest Imhoff, of this city.

NEW YORK CENTRAL.

Officials Inspect Local Freight and Passenger Depots.

Officials of the New York Central lines were in the city yesterday on a tour of inspection of passenger and freight stations. Included in the party were Joseph Chiles, superintendent of motive power, Cleveland; M. P. Franey, master mechanic, Elkhart; C. B. Nelson, assistant master mechanic, Elkhart; J. F. Murphy, general storekeeper, Cleveland; J. T. Drum, storekeeper, Elkhart; George Thomson, master car builder, Chicago; H. W. Loomis, trainmaster, Hillsdale.

ON PASSENGER TRAINS.

Vandalia Will Handle Pay Car More Economically.

As another means of cutting down operating expenses on the Vandalia a notice has been issued from the general offices that the pay car is to be run from station to station on a passenger train, instead of behind a special engine. The pay car is to be placed directly behind the engine on the passenger train, and will make its run in this way, laying over for a day in each of the cities where the company has shops, or is a division terminal.

GOES TO TOLEDO.

Factory Inspector J. C. Hippelt, who until a short time ago was general superintendent of the local lamp plant of the General Electric company and who will make this city his headquarters, is transacting business matters at Toledo, O., this week.

T. H. HABERKORN HERE.

General Foreman T. H. Haberkorn, of the Grand Rapids and Indiana railroad, is here.

ONE IMMENSE FLOUR ORDER.

Required 512,000 Bushels of Wheat and Two Steamers to Carry It.

Washington, March 26.—War's continued demand on American granaries was shown today in a commerce department report of a single sale of flour for continental Europe, which required 612,000 bushels of wheat for its production, and two steamers to transport it from New York. Its value was \$750,000, and it was milled by a middle western company. The buyers paid for the shipment at seaboard and assumed all transportation risks. Wheat flour exports increased from \$3,003,828 in February, 1914, to \$8,962,160 last month.

THREATENED TO KILL.

George Bair, an ex-convict, was arrested Friday on a drunk charge after he had threatened the lives in a household on West Wayne street. The woman of the house was formerly Bair's wife, but obtained a divorce and has since remarried. Bair called there Friday morning with a companion and created a disturbance and the police notified. Bair and pal had gone when Officer Galentine reached the place, but Detective Sergeant Eppert picked him up on Calhoun street a few hours later. He was very drunk when arrested.

We Purpose to transact the largest volume of business on Friday and Saturday of any two days in our history. A big undertaking, this, all the more so when you know that our records for the past two weeks surpass any mark we have hitherto attained. But, if the attractiveness of merchandise, prompt and courteous service, topped off with the Power of Price are to be potent factors, then we will succeed.

In The Ready-to-Wear Section
Our Manager Has Planned Special Features
For These Two Days

500 New Suits New in all the name implies; distinct styles that reflect exclusive dress, and materials that we guarantee. These are part of the special features in this section, features that made this the Suit Store of Fort Wayne.

Our FREE Petticoat Offer Still continues the magnet of powerful pulling power. We offer a \$3.00 Silk Petticoat free with

Suits at \$15.00 Suits that surpass all the previous models offered at this price. The ever increasing trade in suits at this price has permitted us to put greater value than ever in these popular garments, every suit sold, and this offer holds good until Easter.

Other Suits—Suits in shepherd checks, poplins, gabardines and silk textures at \$16.50, \$18.50, \$19.75, \$22.50, \$25.00, \$27.50, \$30.00, \$32.50 and \$35.00 up to \$60.00.

An Augmented Force
Of sewers in the alteration room is working overtime. These extra efforts help toward securing delivery of the finished garments in time for Easter.

A Gown For Easter
Also an important consideration. Never before have we been able to show at popular prices the splendid assortment of street, afternoon and evening gowns that are here this week. There are silk poplin dresses in the new shades at \$4.98 and \$5.98. Silk dresses at \$8.50 to \$20.00. Hundreds to select from.

Our Famous Blouse Section

Is especially notable because of its "Dollar Blouse Table" on which are found values really worth far more in all materials. In the more expensive blouses there are the Fantasia Waists, in which nothing that makes for quality and style is sacrificed.

PERFECT BOY FINDS MATE AT 37 MONTHS

Mothers of Eugenic Babies Already Planning for Their Marriages.

Los Angeles, March 24.—A perfect baby boy and a perfect baby girl have been dedicated to each other by their mothers in the hope that in the coming years love, guided by maternal hands, may lead to a eugenic marriage. The 100-point children who are unconsciously facing a made-to-order romance are William Charles Flynn, thirty-seven months old, and Alene Calvert Houck, seventeen months old.

After the babies emerged from a baby congress, each with a "perfection tag," their mothers held a conference. Three times before the children have won first prizes in the same baby show. The boy is the winner of fourteen first prizes and the girl of six.

The mothers are convinced that fate has thrown their children together for some great purpose, but they have agreed that they will not resort to any form of coercion in shaping the futures of their children.

"Millionaire" McDevitt to Taste the Life of the Hobo.

Wilkesbarre, Pa., March 27.—John "Butch" McDevitt, who spent \$2,500 in playing "millionaire-for-a-day," is to become the most aristocratic bum in the country, and is completing arrangements with a railroad company to take him to the Pacific coast in April in a "sid-door Pullman."

"Butch" plans to travel to California in two box cars, which he will have specially fitted up for his freight journey as a highbrow hobo.

"I have played millionaire-for-a-day, and liked it," says John Jay, "but now I want to try the other end. I want to taste the philosophy of the two extremes. I have been a bum—a genuine bum—in my time, and I want to get back to the old life again to see how it feels."

MAY SEEK FEDERAL AID IN FLOOD WORK

Mayor Hosey Hopes to Get the Assistance of Congressman Cline.

Mayor W. J. Hosey hoped that during the day he would be able to have a conference with Hon. Cyrus Cline, congressman from the Twelfth district, who was in the city, respecting possible aid the federal government may render in solving the flood prevention problems of Fort Wayne. It is understood that by authority of an act passed in the closing hours of the late congress there was provision for such work on the Maumee, Wabash and Kankakee rivers in Indiana and certain rivers in other states, notably Ohio. The government, it is said, already has undertaken preliminary steps at Toledo. If the federal law applies to the Maumee in Indiana the city will undertake to get the co-operation of the government in flood prevention work here.

DR. GEORGE FRY APPOINTED.

Is Made Veterinary Inspector for City Health Department.

The board of health at a meeting late Thursday afternoon appointed Dr. George Fry to the position of veterinary inspector in the department of health. He had been, under consideration with several

DR. GEORGE FRY, Appointed Veterinary Inspector in City Health Department.

other applicants for the position since the resignation of Eugene A. Schott, chief inspector in the department, some weeks ago. The appointment is in a sense probationary, the board desiring to have it understood that the appointee must meet the rather rigid requirements that have been established as the conditions of per-

manent service as veterinarian. Dr. Fry, who resides at 2842 South Harrison street, is a native of Fort Wayne and is a son of the late Conductor Fry, of the Grand Rapids & Indiana railway. He received a diploma in 1902 from the Chicago Veterinary college, and after a year of practicing his profession in Fort Wayne was made a veterinary inspector in the government service and was stationed in St. Louis until 1907. Then he went to New Haven, Ind., where he opened an office, remaining two years. He since has practiced in Boston, Ind., near Richmond.

CONFIRM SEWER ROLLS.

The board of works at Thursday night's meeting confirmed the revised assessment rolls for the original sewer and sewer pump improvements in Lakeside, the assessed property lying north of Tennessee avenue and east of Crescent avenue. The territory south of Tennessee and west of Crescent forms a new district that will be assessed for another sewer deemed necessary to the pumping system. The board also confirmed the rolls for a sewer in the alley between Arlington and South Wayne avenues, from Rudisill boulevard to Branning avenue, and for another in the alley south of Pontiac street, from Holton street to Reed street.

IMPROVEMENTS ASKED FOR.

Petitions for the following improvements have been filed with the board of works: From residents on Hillside avenue for a sewer; from residents of East Lewis street for a cement sidewalk from the alley west of Anthony boulevard to the next alley east; from residents of Lakeside for the installation of arc lamp at St. Joe boulevard and Forest avenue.

SALTS FINE FOR CACHING KIDNEYS

We eat too much meat which
clogs Kidneys, then the
Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Acting Director of
Sunday School Course, Moody Bible In-
stitute, Chicago.)

LESSON FOR MARCH 28

REVIEW.

READING LESSON—Nehemiah 8:24-31.
GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Prov. 14:34.

According to Professor Beecher the extent of the period we have been studying during the last quarter is 332 years, from the death of Joshua B. C. 1454 to the reign of Saul, which began B. C. 1102. Though other chronologists may differ slightly, this is approximately correct.

We may roughly divide this period into the republic of God and the kingdom of man. In the first section we studied the period of the Judges, Barak, Gideon, Samson and Samuel; one prophetess, Deborah; also the priest Eli and his sons; Samuel and Ahiah; and Ruth, who was an ancestress of our great high priest. In the second section we considered Saul the king, and a prince, Jonathan, Saul's son. While the lessons may thus be roughly divided, yet we feel that a general review of the characters and the principal lesson to be learned from each will perhaps be the most profitable form of review.

There are four things to be said about each character and his relation to the events occurring in Israel: (1) The people had departed from God; there was disobedience and a religious decline. (2) God permitted on the part of Israel's enemies oppression that finally became unbearable. (3) There was repentance on the part of the people and an appeal to God for help. (4) God raised up a judge who "saved" the people and through this judge wonderful acts were performed showing his power and the favor which rested upon Israel. The adult classes can profitably discuss such questions as, "Why did the people so easily forsake God?" "Why and how did their repentance so quickly lead to their deliverance?" "How did God help the people to return unto him?" "What were the methods and the principles used in God's punishment of the people's sins?" "Was this form of government in vogue a failure?"

Coming to the second section, many questions suggest themselves: "What advantages and opportunities did Saul, the first king, have?" "How did his failure begin?" "What was the essential difference between the kingdom of Saul and the Republic of God under the Judges?" "What are the outstanding characteristics of Jonathan's life and character?" "What great message for today do these characters and these two forms of government have?" Doctor Torrey suggests a profitable form of review, viz., a doctrinal lesson: (1) The teachings of the lessons of the past quarter about Jehovah and the Holy Spirit; (2) The preview, types and manifestations of the Lord Jesus; (3) The teaching about sin and the particular sins mentioned; and (4) The teachings about the word of God. Of course to do all this, or to follow any part of these suggestions will demand that much work shall be assigned in advance and that great care shall be exercised to make any one of these lines a connected and interesting whole. Above all, beware of attempting too much lest the scholars become confused.

If someone can be secured who is moderately successful in using the blackboard an interesting review can be presented to younger scholars by making a drawing presenting a "hall of fame," with panels for Deborah, Gideon, Ruth, Samuel and Jonathan. Another drawing may, by comparison, be termed the "rogues' gallery," and may have in it panels for Samson, Eli, Eli's sons, and Saul. Then tell, as simply as possible, the salient points in the history of each and show how God approved or disapproved of their lives; which were used, and which set aside. Any school can have before it on a chart or a blackboard the following:

The lessons, chief persons, chief facts are given in order.
1. Joshua, Israelites, Judges; a great patience. 2. Deborah, Barak, Sisera; a great deliverance. 3. Gideon, Angel of Jehovah; a great call. 4. Gideon, The Three Hundred; a great test. 5. Manoah, Samson; a great failure. 6. Naomi, Ruth, Orpha; a great resolve. 7. Eli, Samuel, Jehovah; a great vision. 8. Philistines, Israelites, Eli; a great capture. 9. Samuel; a great victory. 10. Samuel, Saul; a great honor. 11. Nahash, Saul; a great rescue. 12. Jonathan, Armor-bearer; a great hero.

If written work is asked for be careful not to assign too much and, as far as possible, assign different tasks to individuals of a given class.

It would be an inspiration to have a number of girls of the early teen age each to read a brief essay on one of the female characters of the past quarter's lessons, also to have a number of boys selected to do the same for each of the important male characters we have studied.

There is no lack of subject matter for this is a period in the history of Israel that teems with life and activity.

out the country for the collection of this tax should be chosen without reference to the civil service law is bearing fruit. Announcement is made that the internal revenue department, in plan-

ning for the 1915 income tax collection campaign will ask for the resignation of some twenty special agents appointed last year. It plans to supplant these men with trained accountants peculiar-

ly fitted to handle the books of corporations subject to the tax.

In selecting trained accountants politics will be disregarded. The treasury department finds this step necessary if

the best results are to be obtained under the income tax law.

Some of the agents who have been asked to resign have already complied with the request, but it is understood

that in several instances democratic senators are insisting that their appointees shall be retained. So far as can be ascertained no changes are contemplated in Indiana.

FAIR TREATMENT FOR PIUTES ASKED

Gen. Scott Pays Tribute to Primitive Virtues of Indian.

Salt Lake City, Utah, March 26.—Gen. Hugh L. Scott, chief of staff of the United States army, guest of honor at a banquet of the Bonville club last night, paid a tribute to what he termed the primitive virtues of the Indian, and besought fair treatment of the four Piutes he brought from San Juan county to Salt Lake City Wednesday. He said the Indians were simply grown up children, with a child's keen sense of justice and injustice, stunned by a civilization to which they could not adapt themselves. He said he had always found that the Indians kept their agreements.

"I have more real, true, trustful friends, friends who are willing to lay down their lives for me," he said, "among the wild red men of the plains and mountains and the wild Mohammedans of the Philippines and the islands of the Pacific than I have among the people of my own race. The man who would deal with the Indians is the man who proves truly their friend, the man who will not had better keep away from them."

He told of the misfortune of the tribe with which he had just dealt. He said when the hostile Indians came to his camp after having been convinced that no weapons, shackles or traps awaited them, "they were timid as wild horses, ready to stampede at any alarm."

They told him how they had been dispossessed of the country of their forefathers; mostly by cowboys, who treated them harshly, and were made desperate by a situation they did not understand.

They told him how they were innocent of any intentional wrong and only asked for fair treatment, which, he said, he promised them in the name of the American people, and sincerely hoped they would receive it.

General Scott will leave for Washington today.

DIES SOON AFTER PAROLE.

Prisoner at Anderson Expires at Jail Ten Minutes Later.

Anderson, Ind., March 26.—Ten minutes after he had been paroled by Judge Pence yesterday, Ellis Dobbins, 25 years old, a cab driver, died at the county jail. Dobbins was arrested Saturday, charged with obtaining money under false pretenses. He pleaded guilty. It was seen that the man was ill when taken into court, but the seriousness of his condition was not realized. It was not until this morning that Sheriff Black realized the man's critical condition and called the jail physician. Later he called Prosecutor Brooks and together they called on Judge Pence, who at once issued a parole. When the sheriff returned to the jail with the parole his prisoner was dead. Dobbins is survived by a widow.

The commerce of the world in 1912 amounted to \$24.80 per capita.

OUR EASTER OFFERING

AN OFFER Few Stores Can Afford to Make

Most stores would be losing money if they made an offer equal to this. It takes buying power and buying ABILITY to be able to sell at these low prices. And it also takes BIG SALES and small expense to allow the small profit we do get on this offer to be enough to run the business. In all these respects the Pickard store leads.

The Bed

Is constructed of two-inch continuous pillars with five one-inch (not half inch) fillers at head and foot. The rails are fastened down the newest way with thumb screws to make a very solid bed. The lacquer is acid proof and will not tarnish. The lines of the bed are simple, yet pleasing. There is not a bed room the country over that would not be graced with such a bed as this.

The Dressers

We give you your choice of dressers with the bed at the one price of \$29.75. Golden quarter-sawn white oak, bird's eye maple, or white enamel. Any of these dressers is a perfect companion for the fine brass bed.

Beware of Mail Order "Bargains"

If you read mail order catalogues, read them carefully. Notice the size of the rods in the brass and iron beds, for instance. You will see that most of the mail order beds, are constructed of very light material, such as 1 1/16-inch posts, and 5/16-inch fillers, just about HALF THE SIZE of the metal in the bed advertised. Bring your mail order catalogue to our store and compare their pictures with our goods that you can see on the floor.

CHICAGO GRAIN AND PROVISIONS.

Chicago, March 26.—Predictions of heavy shipments from Argentina to Europe and especially Great Britain, had a weakening effect today on the wheat market here. There were estimates that forwardings from Buenos Aires would average as much as \$5,000,000 bushel weekly, the most sent to Liverpool. Opening prices, which varied from ¼ to ½ lower, were followed by an additional decline.
Corn suffered from slowness of cash demand. Moreover, sympathy with the weakness of wheat counted against the bulls. After opening ¼ to ½% off, the market made a further moderate descent before beginning to react.
Bearishness of other grain brought about considerable unloading of oats. About the only buyers were shorts.
Provisions eased off, influenced mainly by the action of the cereal and hog markets. Trade, however, was small.

of Steel, which was freely offered by brokers with out of town connections. There were indications that important speculative interests were abandoning the industrial shares of the better known railway issues. The market position of the latter group has materially improved recently by reason of the better return submitted by some of the leading roads. Among the specialties California Petroleum common and preferred were especially weak. Cables from London conveyed fresh intimations of the peace negotiations. Bonds were firm.

The strength of Reading and weakness of Bethlehem Steel were the principal features of the final trading. The closing was strong.

THE DAY ON WALL STREET.
New York, March 26.—Prices again moved upward in the early stages of today's market, the activity centering mainly around the railway shares in which further gain of one to three points were made. Atchafson was a distinct feature, its excellent statement of earnings for February contributing to its advance. Other issues of strength included the Pacific, B. and O., Louisville and Nashville, Reading, and New Haven. American Smelting, which opened with some heavy

SOCIAL WHIRL OF THE MARSHALLS STRENUOUS

San Francisco, March 26.—Vice-President Thomas R. Marshall completed a fourteen-hour day of social activity at the military and naval ball at the Civic auditorium last night. "Thousands attended the ball, the climax of the series of entertainments in the vice-president's honor during his week's stay here as the representative of President Wilson at the formal dedication of the Panama-Pacific exposition.

The vice-president and Mrs. Marshall occupied a box with officials of the exposition and military and naval officers. Earlier in the day the vice-president was the luncheon guest of the Commercial club.

Later he attended a reception at the Indiana state building where he was received by former Vice-President Charles W. Fairbanks. The Commonwealth club entertained the vice-presidential party at dinner.

THE WEATHER.
OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair, continued cold tonight; Saturday fair and slightly warmer. Lowest tonight, about 20 degrees.

For Indiana: Fair tonight; colder west and south portions; Saturday fair and continued cold.

For Ohio: Fair tonight, colder in south portion; Saturday fair and continued cold.

For Lower Michigan: Fair, continued cold tonight and Saturday.

WEATHER CONDITIONS.

The cold wave from the British northwest has spread rapidly southeastward since yesterday morning, giving much colder weather throughout the central states as far southeastward as the Ohio valley. Freezing temperatures extend to the Ohio river cities, while temperatures from 20 to 25 degrees extend southward to northern Illinois and Indiana. In the northwest the temperatures have already begun to moderate, but over northern Ontario unusually cold weather prevails, 20 below zero being reported from White River and 16 below from Cochrane.

Fair weather is indicated for this section for tonight and Saturday. It will continue to moderate somewhat by Saturday and Saturday night.

WILL WEIGH PARCEL POST MAIL IN APRIL

Postmaster Robert B. Hanna has received notice from the postoffice department at Washington that the semi-annual weighing of parcel post mail entering and leaving the Fort Wayne office will take place during April. All mail handled by the rural route carriers also is to be weighed.

The weighing of parcel post matter

is done in November and April of each year and each time a weighing has been done since the installation of the parcel post service the amount of parcels handled has shown a decided increase. Lately the number of packages received and sent out daily has grown heavier than ever.

CONDITIONS AT PROGRESO BETTER

Washington, March 24.—The battleship Georgia was due at Progreso, Yucatan, today, to co-operate with the cruiser Des Moines in guarding foreign interests and maintaining an open port for the shipment of steel beams, urgently needed in the United States for the manufacture of binding twine. Conditions in the Mexican state were improving, Washington officials said, and arrangements were under way for the export of 110,000 bales of steel now under contract by the Yucatan government to American manufacturers. Progress to send a warship to Yucatan to carry more than 500,000 bales of steel was being made, it was said.

HOPE FADES FOR U. S. SUBMARINE AND MEN

GERMAN DRIVE ONE MORE STEAMER DOWN

TRAPPED AT BOTTOM OF HONOLULU HARBOR

Oil on Surface of Sea Points Death of Commander and Crew of 18 Naval Disaster.

BULLETIN.

Honolulu, March 26.—The search for the United States submarine F-4, which was submerged in the harbor off Honolulu yesterday morning and failed to reappear, continues without definite result. It was reported that early this morning a grapping cable caught on some unknown object which aroused a hope that the submarine had been found. Some experts express the belief that the men in the boat cannot be alive now.

Washington, March 26.—Trapped at the bottom of Honolulu harbor under at least thirty-five fathoms of water—probably more—the United States submarine F-4, lies helpless with her commander and at least eighteen men, in what is feared to be one of the worst submarine disasters in the world's naval history.

More than twenty-four hours of every effort known to naval practice to raise the sunken boat or get a signal from her crew have failed. Her marker buoy, which should come to the top to mark her resting place in such an emergency, has failed to appear; the surface of the water at thirty fathoms is covered with a film of oil from the submerged boat.

Navy department official department fears one of two calamities—that the vessel struck a rock and her crew was drowned in the ensuing waters, or that there was an internal explosion.

Gravest Fears Entertained. While hope for the men has not been given up the gravest fears are entertained that they may have been lost in the first submarine boat disaster of the United States navy.

In the face of meagre official reports from the Honolulu naval station, which said the F-4 disappeared yesterday morning after making a dive during maneuvers and that constant grapping and diving had failed to locate her, naval officers fear they may have shipped over a ledge on the volcanic rock bottom of the harbor into some deep pocket out of reach of help.

May Have Crushed Shell. The diving record of a man is 24 feet, the world's diving record of a submarine—made by an American boat—the F-1, a sister ship of the F-4, is 28 feet. If the F-4, by accident or otherwise, has gone deeper, it is feared the tremendous pressure of the waters had crushed her shell.

Although fitted with the latest devices in safety air locks, through which a man can be shot to safety at as great a depth as thirty-five fathoms, the men on the submarine have apparently been unable to use them and that fact, coupled with the fact that they have not released their marker buoy, makes officials fear something terrible has happened down in the dark.

Early today the navy department received this dispatch from Commander Charles E. Smith, commanding the first submarine division of the Pacific fleet off Honolulu:

"F-4 left tender at 9 a. m. for submerged run March 25. Failed to return to surface. Entrance of harbor in thirty fathoms of water covered with fuel oil. Diving and dragging." Commander Smith's mention of the entrance of the harbor being covered with oil created grave alarm at the navy department. It was feared that the F-4 had struck a rock, although it was pointed out that Lieutenant Eide might have blown out the vessel's oil to lighten her burden. But the alarm of officials was increased by the omission in Commander Smith's report of any reference to a signal from the submerged craft. She was equipped with a marker buoy attached to the outside of the submarine and capable of being released from within. As no mention was made of the appearance of the marker buoy officials concluded it has not come to the surface.

The usual diving radius of a submarine is between 150 and 200 feet. The world's record for diving, made by the F-1, a sister ship of the sunken F-4, in San Francisco bay two years ago, is 253 feet, at which depth she remained for ten minutes and cruised at a speed of six knots. At that depth the hull cracked and groaned under the tremendous pressure and Lieut. James B. Swell, her commander, reported that the water seeped through the seams.

Early today the navy department was without full information from Rear Admiral Moore and merely had one brief dispatch saying the F-4 had gone down and had not returned, and the other from Commander Smith. Commander Smith's dispatch mentioning a thirty-fathom depth gave some hope that the F-4 might not be more than 180 feet down, in which case there might be a chance for the rescue of her crew if the work were done promptly.

PERRINE PRESIDENT OF COMMERCIAL CLUB

New Officers and Ten Directors Chosen at Annual Meeting.

Van B. Perrine was elected president of the Commercial club Thursday evening at the annual meeting, succeeding William M. Griffin.

Other officers elected were as follows: Ward L. Wilt, first vice president, succeeding Mr. Perrine; Frank E. Dohm, second vice president, and J. Ross McCulloch, treasurer. Mr. McCulloch has been treasurer of Fort Wayne commercial organizations for the past eleven years. The new officers were all elected without opposition.

Out of a total of twenty-four nominations ten directors were elected as follows: William M. Griffin, Dr. E. W. Doder, Joseph C. Hutzel, Frank E. Stouder, S. E. Mulholland, Sam Wolf, Harry G. Hogan, Dr. H. O. Bruggeman, J. L. Shields and C. H. Schultz. The members of the board of directors will hold over for another year and are as follows: S. K. Blair, W. R. Bensman, Sol A. Wood, M. Dukes, George M. Haffner, C. R. Lane, Martin H. Luecke, E. V. Luckett, W. H. Schumann and John Wilding. At a previous meeting of the board Charles L. Biedersdorf was re-elected secretary of the club.

Wilt Makes Report. Ward L. Wilt, chairman of the house committee, told how the club during the past two years has been changed from a financial failure to a self-supporting institution. When the books were audited two years ago last September it was found that the club had debts aggregating \$5,015.16, besides notes from the old Wayne club amounting to \$2,360.00. Since that time this indebtedness has been paid and approximately \$2,500 worth of improvements have been made and paid for.

Figures were produced by Mr. Wilt to show that every meal served in the club loses the organization an average of six cents, and that during the past two years the house account, which includes every department, created a deficit of

QUEST CLUB HEARS ADDRESS ON SERVICE

Taking for his subject the "Value of Service in Business," Seth F. Green, manager of the salesmen of the G. L. Bursley & Co., wholesale grocers, delivered an interesting address Friday at the regular weekly non-day meeting of the Quest club at the Commercial club.

Mr. Green pointed to service as the right arm of success. Two elements are essential, self-satisfaction and the willingness to look to the satisfaction of the person being served, he said. He closed by giving a number of rules for success, such as "Be sure you're right and then go ahead," and "Find out what you want to do and then do it."

Jeffers Sheds More Light on How Big Vote Was Registered.

Indianapolis, March 26.—"Joe Jeffers, one of the twenty-eight who are on trial here in the federal court, in the Terre Haute election fraud cases, began just before noon today to tell his story of the part he played in the alleged conspiracy to corrupt the election of Nov. 3, 1914.

Jeffers, who was preceded on the stand by his two brothers, Earl and Dean, and other members of the election board in the Taylorville precinct, was given close attention by the crowd which filled the court room in expectation of Jeffers' testimony.

The three brothers have pleaded guilty and told substantially the same story, with the exception that Joe said he received his instructions from Mayor Roberts, while the others looked to Joe for their orders.

Appointed by Roberts. "About a year ago," Joe testified, "Roberts called me into his office and appointed me his special policeman at a salary of \$90 a month, which for three months Donn himself paid me. Then I was reduced to \$75 a month, so Donn said that I could be placed on the city police payroll."

Jeffers said he was the democratic precinct committeeman and that Roberts told him "to do as before about registration and see Chief Holler." He said he conferred with Chief of Police Edward Holler and the assistant chief, John F. Nugent, both of whom have pleaded

SUPREME PRESIDENT POSTPONES VISIT

Being detained on account of an unexpected business engagement, Lee J. Simon, supreme president of the Benevolent Order of Buffaloes, who was to have come to Fort Wayne Friday afternoon from his home in Louisville, Ky., for a conference with the supreme executive committee, was compelled to postpone his visit to this city. He may be here Saturday, although no word to that effect had been received up to a late hour Friday afternoon. Many matters of importance to Buffalo lodges all over the world were to be discussed at the meeting of the executive committee.

TWO JUSTICES ARE IN DOUBT

Question Right of State of New York to "Pounce" on Harry Thaw.

THEY BREAK IN ON STATE'S ARGUMENT

Decision on Return to New Hampshire is Likely Next Week.

New York, March 26.—Two justices of the appellate division of the supreme court agreed today that there was a doubt in their minds whether the state of New York was within its rights in "pouncing" upon Harry K. Thaw, after his acquittal here on the conspiracy charge on which he was extradited from New Hampshire and returning him to the state hospital for the criminal insane at Matteawan.

They were Justice Ingraham, presiding, and Justice Scott. To voice their views they interrupted Franklin Kennedy, special deputy attorney general in charge of the state's case against Thaw, while he was arguing before the appellate court against an appeal taken by Thaw's counsel from a decision of Supreme Court Justice Page refusing a motion to return Thaw to New Hampshire.

Kennedy's Argument. Counsel for Thaw already had presented their arguments which were based upon the contention that Thaw, having been extradited from New Hampshire, to answer a charge of conspiracy and having been freed of that charge should be returned forthwith to the state from which he was extradited. Mr. Kennedy then began his argument, contending that even though Thaw had been acquitted the fact remained that he was now within New York's jurisdiction; and that as the original commitment

COMMITTEE WILL NOT CALL COL. ROOSEVELT

Washington, March 26.—Col. Roosevelt will not be called to testify before the senate ship bill lobby committee, it was announced today following a conference of senators conducting the investigation. A telegram from him, however, will be made a part of the records. In the telegram Col. Roosevelt said he had no information on the shipping question except what appeared in the congressional debates and testimony before committees. The particular statement of Mr. Roosevelt which led to the request for his appearance was that President Wilson and Secretary Bryan "have endeavored, in the interests of certain foreign business firms, to secure for the United States the power to purchase the interned ships of the belligerents."

"SPIRIT BRIDE" OF GEORGE IS MISSING

Coroner Fails to Find Witnesses in Love Cult Inquiry.

Alliance, Ohio, March 26.—An inquest into the death of Miss Amy Tanner, follower of the "Church of the Kingdom of God" cult was to be put under way by Coroner Douds this afternoon. It was expected that by that time an analysis of the contents of the stomach which had been sent to a state chemist at Columbus, would be completed and its results made known. Meanwhile P. A. George, alleged head of the cult, was held in custody in the city jail here, though no serious charge as yet had been placed against him. It is alleged that Miss Tanner was in a dying condition when officials, who had been watching the "brotherhood home," the dwelling place of the cult, raided it, and, using such force as was necessary removed the young woman to a hospital where she died yesterday.

Laura Hale, and another woman, the second being known as "the spirit bride" of P. A. George, head of the cult, were sought by the police today as witnesses before the coroner but they had not been found up to early this afternoon.

County Prosecutor Snyder and Coroner Douds were notified of the disappearance of the two other men whose testimony was expected might have an important bearing on the circumstances that led to the death of Miss Tanner. It was also the opinion of officials that the missing women could reveal many of the mysteries that have surrounded the "brotherhood home" during its existence in the past several months.

ENGLISH DELMIRA IS SUNK OFF BOULOGNE

Infantry Attacks in West and Fighting Along Long Line in East is Day's War Report.

Today's War News Given in Summary.

Another British merchantman has been sent to the bottom as a result of Germany's submarine warfare. The steamer Delmira was torpedoed in the English channel after the crew had been permitted to quit the ship.

Infantry attacks were made by French and German troops yesterday at various points, chiefly in the Meuse region. Each side reports that the attacks of the other were repulsed.

The status of military operations in northern Poland remains in question. Official reports give no idea of the operations beyond bare announcements of the results of isolated engagements, and little is known except that a battle of importance over a long front is under way.

Petrograd dispatches convey the idea that the Germans have all but abandoned their attempt to break through the Russian line and penetrate to the Warsaw region from the north.

Today's official Berlin statement says that the Russians were defeated in engagements to the east of Augustowa.

London, March 26.—(8:10 p. m.)—The steamer Delmira has been sunk by a German submarine off Boulogne, in the English channel. The members of the crew were given ten minutes in which to leave the vessel. Subsequently they landed on the Isle of Wight.

An attempt to settle the differences between Italy and Austria apparently have met with no success. A Rome newspaper states that Prince von Buolow, German ambassador at Rome, has abandoned his efforts to bring about an agreement. Austria's final offer of territorial concessions is said to have been so far from meeting Italy's demands that the German ambassador did not submit it to the Italian government.

In the Balkans there are increasing signs of unrest on the part of nations which thus far have kept peace. A Bucharest dispatch says the fall of Przemysl has increased the popular demand in Roumania for intervention on the side of the allies. The relations between Turkey and Bulgaria also have become uncertain. Field Marshal von der Goltz has left Constantinople for Sofia, Bulgaria, and General von Sanders has gone to Adrianople, near which defenses are being erected to guard against a possible attack by Bulgaria.

Although severe weather continues at the Dardanelles, making operations of the allied fleet difficult, efforts to clear the straits of mines are being made. Turkish forces fired on mine sweepers on Wednesday, but ceased the attack after two British battleships opened on them. No confirmation has come from Austrian sources of the Russian claim to a great victory in the Carpathians. According to the Petrograd announcement the Russian forces have definitely obtained the advantage in the battle which has been going on for several weeks.

CROSS RUSSIAN FRONTIER.

Austrians Have Defeated Foes Is Reported in Berlin.

Berlin, March 26.—Army headquarters today gave out a report on the progress of the war reading as follows: "On the heights of the Meuse south-east of Verdun and near Combray the French yesterday again attacked strongly in an attempt to take the German position, but after a determined engagement they were repulsed."

"The fighting at Hartmanns Weilerkopf still continues."

"The Russian attacks on the lakes to the east of Augustowa have been repulsed."

Included in the news given out today by the Overseas agency is the following: "Budapest reports that Russian forces have suffered defeat in fighting to the north of Czernowitz, and that Austrian troops have crossed the Russian frontier in this vicinity. Durazzo, a seaport of Albania, was shelled yesterday by the Albanian insurgents."

CLAIM GERMAN REPULSES.

French Say Attacks of Their Foes Were Easily Beaten Off.

Paris, March 26.—The official statement given out today by the French war office, says: "Yesterday was calm along the great part of the front, with almost continuous rain. Attempted attacks by the enemy between the Meuse and the Moselle were easily and immediately repulsed."

"The enemy made two attacks at Boise de Consenvoye, and Bois de Caure, northward of Verdun, three at Epargne and two at Bois le Pretre."

The fall of Przemysl has caused a sensation in Roumania and caused increased popular demand that Roumania enter the war on the allies' side, according to a dispatch to the Petit Parisien.

Mine sweepers continued their operations in the Dardanelles all of Wednesday night, according to dispatches from Tenedos received yesterday by the Athens correspondent of the Hava agency. They were protected by the guns of cruisers from the allied fleet, but their work was made difficult by a violent storm.

PRESSING TURKEY TO PROTECT AMERICANS

Washington, March 26.—Under instructions from the state department American Ambassador Morgenthau, at Constantinople, is pressing the Turkish government to protect the American mission at Urmiah, Persia.

So far there is no official information of the extent of the damage and the state department is to a certain extent acting on the news dispatches. Officials fear that the ports itself can only, with difficulty, exert control of the irregular Turkish forces reported operating in eastern Persia, nominally against the Russians, but also to a larger extent against the native Christians.

Secretary Bryan has received an appeal from the Presbyterian board of foreign missions to do everything possible to protect the mission at Urmiah. After the cabinet meeting today he said American Consul Glazebrook, at Jerusalem, as well as other consular officers nearby, have been informed of the reports of conditions at Urmiah and asked to make investigations.

MAKE FORMAL CALLS AT THE EXPOSITION

San Francisco, March 26.—Vice-President Marshall and Assistant Secretary of the Navy Roosevelt, with their military aides, formally called today at all the foreign buildings at the Panama-Pacific exposition.

Commissioners from the various nations received the vice-presidential party. Eighteen calls were made. The vice-president and Mrs. Marshall and their party will attend a Japanese dinner and reception at the California building tonight to be given in honor of exposition officials. The vice-presidential party will leave San Francisco tomorrow for a visit to the home of United States Senator James D. Phelan at Santa Fe, N. M. Late in the day the party will start on the trip to San Diego to visit the Panama-California exposition.

LAST MINUTE NEWS

TOWN IMPERILED BY ONRUSH OF WATERS

Ellensburg, Wash., March 26.—An old government dam at Lake Kachas broke today, according to reports received here. It is also reported that a wall of water 25 feet high is rushing toward Ellensburg. An unconfirmed report says that Cle Elum and Easton are under water. Residents along the river here have been ordered to vacate.

NEW OUTRAGES BY KURDS REPORTED

New York, March 26.—All the men at Gulpashan, a large village near Urmiah, Persia, have been shot by Kurds, the women violated, an American missionary beaten and sixty-five refugees taken from the French and American mission have been hanged on gibbets erected in the mission yards, according to a cablegram received here today by the Presbyterian board of foreign missions.

SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

Girls! Get a 25 cent bottle and try a "Danderine Hair Cleanse."

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dandruff. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be

wavy, fluffy and abundant, and possess an incomparable softness and lustre. Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful. Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

LEWIS IS EXAMINED BY FOUR ALIENISTS

Inquiring Into Mental Condition of Terre Haute Murderer.

Indianapolis, March 26.—Vernie A. Lewis, confessed slayer of four members of the Belling family in Terre Haute, and held here for safe-keeping, was subjected to examination by four physicians, so they might be able to testify at the trial as to his mental condition. The doctors said that Lewis responded exceptionally well to all the tests they gave and displayed a memory better than the average. He was questioned on dates and occurrences and gave correct answers, the physicians said.

When questioned about details of the crime for which he is held he is said to have at first denied some parts of his confession, later to have become confused and then to have admitted some things he had denied. The physicians who examined and observed Lewis were Dr. Rudolph Duenweck, Dr. Joseph Frisz and Dr. W. S. Davis, all of Terre Haute, and Dr. C. L. Mariatt, physician at the Marion county jail. Richard A. Werneke, prosecutor of Vigo county, who also was here today, said that he was preparing for an early trial of Lewis. The physicians who came to Indianapolis with him will be used as witnesses should Lewis plead insanity, Werneke said.

COST \$1 TO MARRY COUPLE.
Squire Generous to Newlyweds and Didn't Know It Until Later.
It cost Justice of the Peace Henry J. Graber \$1 to marry Jesse W. Hicks and Sarah E. Belling, Thursday afternoon at the county clerk's office. After the ceremony had been performed Hicks, Graber replied that he usually received \$2. Hicks remonstrated, declaring he could have secured a minister to have done the job for 50 cents. Graber answered that he was no minister. He instantly Hicks opened his pocketbook and gave the justice a bill. Graber thanked him and handed him back \$3 in change, thinking the newlywed had handed him a \$5 bill. Later he discovered that Hicks had given him a \$2 bill instead.

MISS O. M. ASKS: "I have pimples, oily skin, and suffer from constipation, headache and never feel strong and well. Please prescribe for me." **Answer:** You should overcome constipation and cleanse the system of accumulated poisons by taking three-grain sulphur tablets (not salubry) for several weeks or more. These tablets are very beneficial, especially in hot weather, as they have a tendency to cool the blood and improve its quality.

"Poorly" writes: "Being past middle age and observing that my nervous system is in bad shape, I write for a prescription. I do not gain strength from my food, am weak, listless, forgetful, sleepless at times, tired, and unable to act the part of a strong man of health, such as I was at one time." **Answer:** Get from a well stocked pharmacy a sealed tube of three-grain cadomene tablets, which are especially made for those needing a strong, harmless, rejuvenating tonic. Astonishing and pleasing results follow and life and hope are renewed.

"A Fat Woman" asks: "Would you please prescribe a safe reducing remedy for too much fat?" **Answer:** At this season many fat people suffer greatly as they do, and to all I recommend that they reduce with five-grain arbolene tablets, the most successful and convenient prescription I know of. Druggists supply in sealed tubes, with full directions.

"Edna" writes: "I suffer with rheumatism all the time and I shall be very glad if you can tell me something to relieve me." **Answer:** I can give you a prescription which will not only relieve, but should obliterate your rheumatism. This is my favorite remedy, and from the number of letters received from people who have used it proves its value in rheumatism. The following is made by mixing well, taking a teaspoonful at meal times and again before retiring: Comp. essence cardiol, 1 oz.; comp. fluid balmwort, 1 oz.; syrup sarsaparilla comp., 4 oz.; iodide of potassium, 2 drams; wine of colchicum, one-half ounce; sodium salicylate, 4 drams.

Miss C. W. R. asks: "I have tried for two years to diet so as to increase my weight and improve the quality of my blood but in vain. Please prescribe for me." **Answer:** Thin, scrawny, bloodless people need assistance in absorbing nutrition from the food eaten, and for this purpose I always prescribe three-grain hypo-nutrine tablets, a most effective preparation if regularly and per-

EXPECTING OVER 1,000 DELEGATES

Indiana Sunday School Convention at Logansport to Be Big One.

Indianapolis, Ind., March 26.—The Hoosier workers in Sunday schools are turning their attention to the annual convention of the Indiana Sunday School association, which meets in Logansport June 15-17. Very active preparations for this convention are under way in Logansport, where well organized committees are planning for the entertainment and comfort of the visitors, and the state association, at its headquarters in Indianapolis, has the details of the program well developed.

For the last two years more than 1,000 delegates have attended the Indiana convention. Because of the constantly increasing interest in Sunday school activities, it is expected that the convention at Logansport will set a new high mark in both attendance and enthusiasm.

Eight general sessions, each one on popular order, are to be held during the convention, the program for which will include addresses by some of the most notable authorities on Sunday school work in the United States. In addition to the general sessions, many sectional conferences will be held, in which groups of workers in all lines of Sunday school activities will meet to exchange experiences and receive fresh ideas which they can apply to their own schools at home. State departmental reports will be made, officers for the next year will be elected, and the convention will have many attractive features to offer.

The church people of Logansport are bending their energies to make this the record meeting of the Indiana association. That the delegates may live in comfort, the private homes of the city will be opened to the visitors, where only very nominal charge will be made. The attendance at the convention will be so large that the state association officials feel that it would be an imposition on Logansport hospitality to permit free entertainment of guests in the homes. The stay of visitors in that city will be made delightful in many ways, with sight-seeing trips and other popular features.

DIDN'T NEED 'EM IN TAYLORVILLE

Had Enough Votes Without Repeaters, Says Election Board Member.

Indianapolis, March 26.—Exploits of Joe Jeffers, so-called gunman, and his especially selected election board in the Taylorville precinct, were described yesterday afternoon at the trial of the Terre Haute election fraud case in the United States district court here. Jeffers has pleaded guilty.

"Not a single repeater appeared at the Taylorville precinct," said Charles Yakle, a member of the board, who has pleaded guilty. "We did not need them." Yakle then explained that Jeffers brought to the board a list of names, that the clerks wrote the names on the election books and that the members of the board then took turns registering the votes on the machine. With one or two exceptions the votes were straight democratic, he said. Yakle testified that when he operated the machine he voted for a progressive for justice of the peace and for an independent candidate for constable "because they are friends of mine, and because it would look more like things were on the square."

The government contends more than 200 such votes were counted in the Taylorville precinct. John F. Nugent, former assistant chief of police, who testified for the government after pleading guilty, stated that he had Jeffers select all the members of the board and agreed to pay each member \$25. The plan, Nugent said, was approved by Roberts.

Sheriff Dennis Shea, of Vigo county, and Judge Thomas Smith, of the city court of Terre Haute, were released from custody of the United States marshal late yesterday afternoon after they had supplied bond in the sum of \$5,000 each to answer a charge of detaining witnesses in the election conspiracy trial in the federal court. The bonds were approved by Judge Anderson.

Shea's bond was signed by James L. Keach, commission merchant, and Maurice Donnelly, Indianapolis agent for the Terre Haute Brewing company. Smith's bond was signed by Ralph L. Conover, Charles N. Murphy and John F. Hutchison, all of Terre Haute. Hutchison is Smith's father-in-law and Murphy is president of the People's Brewing company, of Terre Haute.

THOMPSON COMING FOR WATERWAY MEET

Arrangements are being completed for a big deep waterway meeting to be held in the assembly room of the Commercial club Monday evening, at which time S. A. Thompson, secretary of the national rivers and harbors congress, will be here and deliver the principal address.

Mr. Thompson will talk on the advantages to be derived from the proposed canal and all citizens interested in the project are urged to hear him. On Tuesday evening he will speak at Huntington at a meeting to be held under the auspices of the Huntington County Canal association.

Captain L. H. Watkins, in charge of the survey, is working night and day on his report, which he hopes to have completed by the first of April. According to the plans a total of twenty-three locks will be required, providing the northern route is selected.

Traffic was stopped for a few hours Thursday night as the result of an inbound car on the Fort Wayne and Northwestern line splitting a switch at Griffith's crossing. No damage was done.

RUSSIA DRIVING AT CARPATHIANS

London, March 26.—(11:38 a. m.)—As has been predicted by military observers since the fall of Przemyśl, Russia is now directing her chief offensive against the Austrians at the Carpathians. In the north, between the Niemen and Vistula rivers, the Russian forces are making little effort to advance, evidently being content to hold Field Marshal von Hindenburg in check, but desperate fighting is taking place in the Carpathians, where the Russians are thrusting back the Austrians along the Dukla and Uzsak line.

Unofficial reports via Bucharest credit Russia with a great victory at Uzsak, while Petrograd officially claims an important success in the capture of fortified positions near the Lunkov pass. These formidable positions were taken by storm with the Austrians losing machine guns and over 6,000 prisoners. Unofficial reports also credit the Russian army with further successes in Bukovina.

Vienna admits the importance of the Russian offensive in the mountain passes, but at the same time declares the fierce attacks on these positions have been repulsed. Politically no decisive move has been made to increase the number of combatants, but it is freely rumored that the mission at Rome of Prince Buelow, the German ambassador, has failed so completely that all negotiations between Austria and Italy have been suspended. Roumania, impressed by the fall of Przemyśl, is said to be contemplating immediate action on the side of the allies.

The sinking of the Netherlands steamer Media by German submarine, has caused much uneasiness in Holland, where the people already are irritated by the recent capture by Germany of two Dutch merchantmen.

Various reports represent the allied fleet as again entering the Dardanelles, but inasmuch as official confirmation is lacking, it is believed the movements of the allied warships have been limited to an effort to cover the operations of mine sweepers.

TURKEY MUCH CONCERNED.
Sudden Development in Balkan Situation Now Indicated.

London, March 26.—The Exchange Telegraph company has received a dispatch from Athens saying that Field Marshal von der Goltz, who has been in Constantinople for some months past representing German military interests, has left the Turkish capital for Sofia, Bulgaria. At the same time Gen. Liman

von Sanders, the commander of the Turkish forces in Europe, has left Constantinople for Adrianople.

Field Marshal von der Goltz was the first military governor of Belgium. He was sent to Constantinople from Belgium the latter part of 1914 to advise in the matter of the conduct of the Turkish campaign. Gen. von Sanders has been identified with the Turkish army for several years.

The departure of these two officers from Constantinople, one for Sofia, the capital of Bulgaria, and the other for Adrianople, the second most important city in European Turkey and not far from the Bulgarian frontier, indicated some sudden development in the Balkan situation which is causing Turkey concern.

A dispatch under date of March 24 from Athens said the Turks were fortifying Luleburgaz, 45 miles southeast of Adrianople, and other places in the fear of a possible attack by Bulgaria. A Turkish army at Luleburgaz is being trained by German officers.

New York, March 26.—Officers of the American steamer *Cantiago*, which reached here today from Copenhagen, asserted that their vessel was closely scrutinized on the way over by two German submarines which rose unexpectedly to the surface near the Shetland islands at daybreak of March 14.

The submarines, according to the ship's officers, came up simultaneously, one on each side of the *Santiago* less than half a mile away. They remained on the surface for a minute or two, but made no signal to the steamer. Then they dived again and were seen no more.

NOTED REFORMER IS DEAD.
Dr. Samuel G. Smith Passes Away at His Home in St. Paul.

St. Paul, Minn., March 26.—Dr. Samuel G. Smith, clergyman, author and social reformer, died at his home here last night, after a few days' illness of acute Bright's disease. He collapsed last Sunday evening, but had showed some signs of improvement until last night, when he suffered a relapse. Dr. Smith, who was born in Birmingham, England, on March 17, 1852, had been president both of the American Prison association and the National Conference of Charities and Corrections. He was founder and pastor of the People's church here and for many years was head of the department of sociology and anthropology at the University of Minnesota.

"THE BEST IN TOWN FOR THE PRICE" THAT'S THEODORE J. ISRAEL'S SLOGAN FOR HIS \$10, \$15 AND \$20 CLOTHES

Before I decided to use the slogan, "The Best in Town for the Price," I studied over it, because I wanted to be sure that I could conscientiously say that with reference to my clothes.

And I want YOU to PROVE, that I have a right to this slogan by comparing the SUITS and TOP COATS that I am offering at \$10, \$15 and \$20 with those shown elsewhere at FIVE to TEN DOLLARS MORE.

I think too much of my business reputation to make statements like these in public print unless I am reasonably sure that my merchandise will back me up. So you are at liberty to put my assertions to the acid test of investigation, and if you are satisfied, I believe I am justly entitled to your patronage.

Whether you pay \$10 or \$20.

I have such a wonderful assortment of STYLES, MATERIALS and COLORS that every man can get a perfect fitting Suit that will PLEASE him.

Read every merchant's ad, note what they offer, shop around but DON'T FINALLY MAKE YOUR PURCHASE UNTIL YOU HAVE BEEN HERE. If you do you may regret that you MADE A PRESENT OF SEVERAL DOLLARS that you could have SAVED had you given your MONEY a chance to EXERCISE its GREATEST BUYING POWER.

I am in a convenient location; it will take only a few minutes to come. It will be a pleasure to show my assortment and it will be PROFITABLE to you.

SCULPTRESS LOVES ONLY THE JAPANESE

For That Reason Family Attempts to Have Her Declared Insane.

San Francisco, March 26.—The family of Gertrude A. Boyle, sculptress, was willing to call it unconventionally when eight years ago, she married Takashi Kanno, a Japanese writer. Recently, however, when she announced that her affections had turned from Kanno to E. Ishigaki, a Japanese artist, the family's understanding proved inadequate. It decided that the non-conformist member was crazy, and a sister, Miss Helen Boyle, has sworn out a warrant charging Mrs. Kanno with insanity. The sculptress was taken to the detention hospital, but was later released, pending an inquiry into her sanity.

Mrs. Kanno, or, as she is more generally known, Miss Boyle, showed no indications of insanity when she talked to a visitor at the hospital before her

release. She was perfectly frank about the transference of her affections from Kanno to Ishigaki.

Not Crazy, She Says.

"No," she said in response to the question, "I'm not in the least crazy, however," she added, "I haven't the least doubt that I shall be if I have to stay here very long."

"I suppose," continued Mrs. Kanno, "that from the viewpoint of my relatives, I am hopelessly mad. They happen to have a conventional viewpoint, however; that is all. If they had only let us alone, Kanno and Ishigaki and I would have got the whole thing straightened out. And now look!"

One of the relatives, a sister-in-law, was sitting in the room. She explained that the family had no idea in view except Mrs. Kanno's good. Mrs. Kanno nodded wearily, and almost contrived to smile.

Mrs. Kanno was asked how long she had known Ishigaki. "About three years," she answered. She was then asked how long since their acquaintance had been something more. "About a month," was her reply.

LOSES BIG FORTUNE BY DIVORCE HABIT

At Age of 80 Man May Get \$100 Month from Brother's Estate.

New York, March 26.—Defending two divorce actions, prosecuting a third and his defense in two actions for heavy damages for alleged alienation of affections wiped out the large estate of Daniel D. Brinkerhoff, formerly a prominent cracker manufacturer. This made it necessary for him to ask the supreme court a few days ago to allow \$100 a month to him from the \$4,000 annual income of his brother.

It also was testified that Mr. Brinkerhoff, now eighty years old and an invalid from wounds suffered in the civil war, scattered much of his fortune in gifts to the wives of men who later sought damages from him for alienating their love.

William M. Byrne, a referee, has reported that Mr. Brinkerhoff said he either would go to the old soldiers' home or commit suicide unless he could obtain sufficient funds from the estate of his brother to support him.

After Mr. Brinkerhoff's first two wives died he married the sister of his second wife, then seventeen years old. Eleven years later, in 1888, they parted and he gave to her a fine home and \$200 a month income. Two years later each sued the other for divorce. Her action failed and his won.

Four days after her marriage he married a young woman employee. In 1901 Duke M. Oriant, in seeking a divorce, named Mr. Brinkerhoff as co-respondent and asked for \$50,000 damages. Two years later he figured similarly in the divorce action begun by Arthur L. Kugel, who also wanted \$50,000. In both these actions it was shown that Mr. Brinkerhoff, then an aged man, had given to both women many expensive gifts.

How Thin People Can Put On Flesh

A New Discovery.

Thin men and women—that big, hearty, sitting dinner you ate last night, became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks this world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Sargol tablet in two weeks note the difference. Give to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol, a pure vegetable, stagnant blood with millions of fresh new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and Meyer Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, and all other druggists in Fort Wayne and vicinity sell them subject to an absolute guarantee of weight increase or money back.—Adv.

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 21:25-33.

25 And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring;

26 Men's hearts failing them for fear, and for looking after those things which are coming on the earth; for the powers of heaven shall be shaken.

27 And then shall they see the Son of man coming in a cloud with power and great glory.

28 And when these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh.

29 And he spake to them a parable; Behold the fig tree, and all the trees;

30 When they now shoot forth, ye see and know of your own selves that summer is now nigh at hand.

31 So likewise ye, when ye see these things come to pass, know ye that the kingdom of God is nigh at hand.

32 Verily I say unto you, This generation shall not pass away, till all be fulfilled.

33 Heaven and earth shall pass away; but my words shall not pass away.

34 And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares.

35 For as a snare shall it come on all them that dwell on the face of the whole earth.

36 Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

37 And in the day time he was teaching in the temple; and at night he went out, and abode in the mount that is called the mount of Olives.

38 And all the people came early in the morning to him in the temple, for to hear him.

Human Stabilizers Needed.

Speaking before a body of churchmen in Washington, President Wilson Thursday evening once more placed emphasis upon the necessity for calm and dispassionate Americanism in the face of the constantly varying crises that confront the United States as a result of the world war. Again Mr. Wilson appealed to the nation for support in administering his office. "If I can speak for you, I am powerful; if I cannot, I am weak," was his declaration in connection with the conviction that it is possible for a people to be absolutely impartial when a quarrel is none of theirs.

The president drew from aeronautics an apt illustration of his conception of the citizen's first duty in times like these. "You know," said he, "that somebody has just invented a thing called a stabilizer that is used in connection with aeroplanes. This corrects the erratic movements of the machine so that it, when adjusted, determines the plane upon which the machine is to move, and the machine cannot depart from it. Something like that is the function of the great moral forces of the world—to act as stabilizers even when we go up in the air."

The human stabilizer was perhaps never before so greatly needed in the United States as he is today. Vexatious questions in the foreign affairs of America continue to multiply. Almost every day President Wilson is confronted by a new assortment of annoyances that claim his attention and tax mature judgment for solution. For many of the incidents there are no precedents to guide in adjustment. Changing times have developed new conditions and new elements, and in dealing with them no pathway is marked. A new trail must be blazed. To that duty the president and his advisors are devoting themselves with patriotic devotion and a sincere desire that this great nation shall be absolutely just to all men. The citizenship of America can help vastly by resolving itself into a human stabilizer.

If there are still those who entertain the suspicion that the voting machines used in Allen county do not register correctly, they will be not only satisfying themselves but performing a distinct public service by at once subjecting the machines to the most rigorous test. The commissioners have placed a machine in operation in the court house for just such an investigation as this, and there is ample time before another election day arrives to make the inquiry thorough and complete. You are cordially invited to trick the machine into erroneous registration of your vote or of failing to register it all if you can do so.

It was that the most natural thing in the world that when the accused Terre Haute men were crumpled by the federal grand jury last December they send out an SOS cry to the liquor interests for bondsmen. They somehow had an idea that the men who had been profiting by the sort of government which had been given them would hardly have the temerity to refuse to come across in an emergency of that sort.

Armed with an ax, a shotgun and an open knife, a peeved husband at South Bend is reported to have started on the trail of his runaway wife who fled their home when she saw her gallant spouse approaching their domicile. Doubtless impetuous haste will be the husband's only explanation for failure to add a bomb or two to his armament for in these belligerent days nothing appears to be barred as a weapon of either offense or defense.

Temperance forces in Chicago have definitely launched an aggressive campaign which they declare they confidently expect to result in making that city a "dry" town. This ought to be convincing evidence of the fact that the temperance crusaders possess a deal of courage in addition to firmly grounded conviction of the total undesirability of the liquor traffic.

Mrs. Julian Heath, president of the New York Housewives' League, is out with an interview in which she predicts a decided reduction in the cost of living within the next few months. After all, what would this old world be without the optimists?

A LAW CLASS.

(Indianapolis News.)

It will be no easy matter to make the eminent gentlemen from Terre Haute realize that there is such a thing as law in this country. We trust that the effort may succeed, but we are not hopeful. The men who sent some government witnesses to jail and tampered with others were simply following Terre Haute precedents. In that city the law for some time has been just what the ruling political gang chose to make it. There was no rule of action applying to all. The law has been looked on by the gang as something to enable it to "get by" and prevent others from getting their rights. It was, from the point of view of such men, perfectly "legal" to vote repeaters in favor of their ticket, and to exclude as many as possible of the votes of men opposed to those candidates. Nor was there any danger to be apprehended from the law offices of Terre Haute, since, as a rule, they were controlled by the gang.

Thus a peculiar conception of the law was developed. It was believed to be simply the will of the strongest. Naturally, therefore, men so trained are greatly surprised when they begin to get glimmerings of the truth that the law applies to all—even to them! This is a revelation which it is difficult for them to take in. We are dealing now, not with the question of guilt or innocence, but solely with a psychological problem. The Terre Haute men are in a dazed condition, not due to any fears as to the outcome of the trial, but rather to their growing realization that the law is, after all a serious thing. That had never occurred to them before. How could it? They had seen the city in which they lived ruled, not by law, but by men who held themselves above it, who were above it, and who themselves—some of them—violated it every day of their lives. They themselves were members of the ruling class, and to that class the law was a joke.

Such is the law class that is now under instruction. That it may profit from its opportunity will be the hope of all. It may even be that in time the right to vote will be denied to the bulldozers of Terre Haute. For though they may have registered pedigrees they really ought not to be registered voters.

A NEW FLAG.

(Kalamazoo Telegraph Press.)

The position of the vice president of the United States is going to be something worth seeking one of these days. For a long time he was simply an heir apparent, a waiter at the gate, to which he was seldom admitted, and doomed at intervals to sit in solemn silence and listen to an eternity of words from an unclothed senate. But this is a world of progress, and changes come to everything, although at times the process of evolution is as imperceptible as the movement of the hour hand upon the clock. It is only when the clock strikes that we realize the motion, and it is so in the matter of the vice president's office. That clock has just struck and we pause from our labors to observe the sign of advancement.

A new distinction, a new honor and a new prerogative have come to the vice president. We discern a vessel in the offing. It seems to be a warship of some character, and it carries at its peak a strange flag, a coat of arms upon a white field. We reach for our flag book, but it discloses nothing. We signal for information and are told that it is the flag of the vice president of the United States, unfurled for the first time to the gaze of a wondering and admiring nation. And now, whenever he sails the seas, which we hope may be often, that flag will wave above him, and observers upon passing ships will note the milky standard and will cry in tones in which are mingled with exultation, "It is the vice president. Hats off!" When the next national conventions are held there will be no hanging back or any No, thank you means when the nominations for vice president are in order. Indeed, somebody is likely to be hurt in the rush.

DYNAMITE PAROLES WAIT.

President Wilson Will Not Consider Applications Just Now.

Washington, March 26.—The president has decided not to give further consideration at this time to the applications for paroles and pardons for men convicted in the Indianapolis dynamite

cases. The most conspicuous of these applications is that in behalf of Herbert S. Hockin, who was secretary-treasurer of the International Association of Structural Iron and Bridge Workers. Hockin's wife has made frequent trips to Washington in the interest of the pardon application. William J. Burns, the detective, has also exerted his influence in behalf of a pardon for Hockin.

The president, it is understood, takes the view that Hockin ought to serve his sentence along with the other convicted men. Efforts have been made to obtain a parole or pardon for Edward Smythe and P. J. Morrin, but it is stated that no action will be taken in their cases. Under the federal parole law, it will be possible for several of the convicted men to obtain their freedom shortly. The federal parole board will consider the case of each man, it is said, when the proper time arrives.

ZAPATA HAS IGNORED DEMAND FOR APOLOGY

American Flag Was Torn Down in Murder of McManus.

Washington, March 26.—How the American flag, which was flying over the home of John B. McManus, a citizen of the United States in Mexico City, was "torn and dragged half way down the pole" by Zapata soldiers when they murdered McManus and looted his house two weeks ago, is told in dispatches from the Brazilian minister, made public by Secretary Bryan.

This incident was reported at the time the death of McManus was being investigated, but there had been no announcement of it until today. Secretary Bryan said reparation for the insult to the flag had been asked for from the Zapata authorities, but that so far no reply had come. In answer to inquiries he said there had been no demand for a salute to the flag, as in the Tampico affair.

An expression of regret for the killing of McManus already had been received from General Palarco, the Zapata commander, with a promise of indemnity for the family and punishment for the slayers, if apprehended.

Mr. Bryan explained that the Brazilian minister in reporting McManus' death, March 11, mentioned only the fact that the American flag was flying over the house. The next day he sent a further report referring to "the destruction of the flag." An inquiry from the department as to what this meant brought an explanation on March 16 that an American committee, which investigated the occurrence, reported to him that "following a fusillade which preceded the general entry of the Zapata forces into the house, the flag was badly torn by the Zapatistas and dragged half way down the pole."

The same committee, the minister reported, had submitted to him a photograph of the house and flag.

In this connection it became known today that several foreign flags had been violated recently at Manzanillo, among them the American flag over the house of an American ranchman. When the matter was called to the attention of General Carranza he denied the truth of the reports of American and British consuls.

STATE-WIDE FIGHT TO START AT ONCE

Anti-Saloon League Will Begin Campaign for Prohibition Law.

Indianapolis, Ind., March 26.—In its first official statement since the adjournment of the state legislature, the Anti-Saloon league announces that it will begin at once a state-wide campaign for the passage of a prohibition law by the legislature two years hence.

It is understood that the league had no hope of passing a prohibition bill in the last legislature and it introduced the same only as the opening move in their two years' fight for the measure. Work has already begun toward perfecting citizenship organizations in every county in the state. These local organizations will be used to secure the nomination of dry men for the office of representative and senator in the next general assembly.

It is announced that county organizations will be composed of men of all political parties who will seek to influence the nomination of dry men on all party tickets. It is pointed out that the new primary law will make it possible for dry men in every county to organize and to make themselves felt directly in choosing dry candidates for the legislature.

The league has already let it be known that a number of members in both houses of the last legislature belonging to the three political parties are acceptable, and these men will be recommended for re-nomination and reelection.

As a part of the campaign, printed copies of the Wright prohibition bill will be circulated broadcast over the state. A chart has also been prepared, showing how members of both branches of

the recent legislature voted on temperance measures, which will be given wide-spread circulation.

That the league means business is indicated by the fact that it will undertake at once the raising of a campaign fund of \$100,000 to finance the fight through the next two years.

Mrs. Charles B. Hart, 710 Wildwood avenue, who has been seriously ill for several days at the Lutheran hospital, is reported as somewhat improved.

Chamberlain's Cough Remedy.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucous and aids nature in restoring the system to a healthy condition. It is pleasant to take and harmless as it contains no narcotic. Obtainable everywhere.—Ady.

OWNER OF "STOLEN" HORSE IS ARRESTED

Elkhart, Ind., March 26.—It is believed that one of the perpetrators of a number of chicken thefts in Elkhart and surrounding country has been captured in the person of William W. Wagner, who reported to the police that his horse and buggy had been stolen from his barn. Wagner, who is a butcher, was arrested at noon yesterday when he visited police headquarters to ascertain whether anything had been learned of the missing property. It is alleged that Wagner with a companion drove to the country and, while they were busy stealing chickens, the horse broke away from the buggy and Wagner and his friend had to walk home, a distance of three miles. The horse and buggy were recovered by a deputy sheriff, who asserts he obtained incriminating evidence against Wagner.

Both men are members of the Chicago Symphony orchestra.

Fred H. E. Koopman, of 3414 South Harrison street, celebrated his natal anniversary recently and in addition to a dinner arranged by Mrs. Koopman came a surprise in the way of a box of fresh vegetables and fruits from the garden of Mrs. Koopman's parents, Mr. and Mrs. C. M. Maxwell, of Crystal Springs, Fla. So generously filled was the box from the south that Mrs. Koopman had a dinner suggestive of June in this part of the country with a strawberry shortcake for the dessert. Mr. and Mrs. Maxwell have been located in Florida about three years. Miss Vesta Maxwell, a daughter and a nurse, is located in Paris, Tex.

Nebraska P. T. Club.

A splendid meeting of the Nebraska parent-teacher club was held last evening at the school and addresses by Dr. G. M. Leslie on "Foods" and one by Dr. E. W. Dodez on "Teeth" were helpful and interesting to the audience. Musical numbers of the program were a group of songs by Mrs. Eliza Hanna Elliott and piano duets by Allegro Leverton and Max Miller and by Gertrude Sivets and Grace Prince. A large attendance of parents testified to the increasing interest in the school and the parent-teacher club.

BAILLE TRIO OPENS ITS SEASON.

Beautiful Program Well Given With A Quensel, of Chicago, as Soloist.

A much pleased audience heard the first rehearsal of this season given by the Baille Trio of this city last evening. The concert was the tenth of the subscription chamber music recitals given each year and the audience at the Temple theater, which, by the way, is just the right size of an auditorium for chamber music recitals, was representative of concerted music. Mr. Alfred Quensel, of the Chicago Symphony orchestra, was the soloist and his mastery of the flute and his very apparent musical taste were suggestive of the broad musicianship expected of a soloist with the Chicago organization. Mr. Quensel gets a delightfully modulated tone, whether loud or soft, and while the Godard valse was a delight with its bewitching rhythm and brilliant execution, the encore of "The Last Rose of Summer" won as much admiration for the very voice-like quality Mr. Quensel produced from the instrument. Mr. Quensel's splendid attainment was again heard in one of the best numbers of the program, the Souvenir du Rigi, by Doppler, for flute, piano and cello. This number was one of the most artistic performances of the evening, each performer deserving high praise. The trio, Messrs. George and Gaston Baille and Emmeran Stoeber, played the Moszkowski suite, Op. 11, for the opening number and the St. Saens' trio, Op. 15, for the close. An especially fine part of the excellent work done by the trio was the andante movement of the St. Saens. It was a perfectly balanced and smooth performance, as of one instrument, with each "voice" speaking its part in beautiful tone and with inspiring interpretation. The following movements were characterized by

the same high order of work from every standpoint of musical art.

Another group by the trio was the noble andante by Ph. E. Bach that gave Gaston Baille a fine opportunity to display his splendid legato and rich tone while the grace and fancy of the Mozart rondo were emphasized so perfectly that the number was repeated in response to the demand for it.

The audience gave lavishly of applause and there were a number of encores including a Chopin nocturne by Mr. Quensel. "The Last Rose of Summer" was played by request.

AT THE NEW PALACE

FOR THE SCHOOL CHILDREN.

New Palace Will Observe Special Matinee Saturday.

In the belief that the message Charles Kellogg, the bird song singer, is bringing to Fort Wayne is one that every boy and girl in Fort Wayne should hear and enjoy, the New Palace is arranging for a special matinee Saturday afternoon, when Mr. Kellogg's lecture will be along the same lines as the ones he delivered to thousands of school children in Boston and Cambridge, under the direction of the board of education.

Never has any vaudeville attraction roused Fort Wayne to such a degree as has the wonderful exhibition given by Mr. Kellogg in connection with the superb Keith bill.

Spring Festival Bill.

Opening Monday afternoon the New Palace will present the great spring festival program, ushering in spring with a bill of twelve big Keith attractions, including Claude Raut, Dave Ferguson, Crouch and Welsh, Lady Sen Mel, Jane Connolly and company, Burns and Fulton, Whitfield and Ireland, Mme. Herrmann, Hines and Fox, Novelty Clintons and the Jaunts and Journeys.

AT THE EMPRESS.

The promise made by the Empress management of an exceptional attraction in that presented by the Monto Carlo girls, who are playing this week at this theater in a pair of musical travesties, has indeed been fulfilled, as can be vouched for by any of those who have seen this production. For clean burlesque, with lots of fun and music and dancing, it is to be especially recommended as a bill well worth an afternoon or an evening of anyone who cares for all that is clever in theater attractions.

Harry Welsh, the little Jew comedian, with that funny slide, is more than a hit, and in his comedy he has able assistance in Fred Binder and Harry Keeler.

The Tango contest inaugurated at this theater will be held tonight. A selected number of men being allowed to dance on the stage with the beauty chorus.

AT THE JEFFERSON.

"THE TYPHOON"

Walker Whiteside's Famous Success at Jefferson With Sessue Hakayama.

Playgoers everywhere will remember the remarkable success attendant upon Walker Whiteside's appearance in the noted drama of cosmopolitan love, "The Typhoon." When the play was produced some two years ago Mr. Whiteside appeared in the role of Tokuramo, and Florence Reed played Helene, the Parisian demimondaine, who lover the aristocratic Jap with such passion that he was finally forced to throttle her to keep her from interfering with his diplomatic affairs, through her persistent and aggravating amorous advances. The play is one of the most thrilling and powerful, and the screen depiction of this peculiar love story is handled in brilliant manner by Sessue Hakayama and a fine cast of important Paramount stars.

Hakayama is acknowledged to be the foremost Japanese actor of contemporary times and his portrayal of the little brown stoic who sacrificed the life of his sweetheart to preserve his allegiance to Nippon, is one of the most vivid and

Mrs. Christina Prill, 1021 Dedroff St., Says Herbal Lax-a-Tone is Marvelous for Stomach and Kidney Trouble.

MRS. CHRISTINA PRILL.

The misery that one suffers from stomach and kidney trouble is oft times beyond description. The gas and bloot from the undigested food makes life a burden. The sore and lame back from the kidneys make one feel unfit for any duties of life. Herbal Lax-a-Tone will straighten out and promptly take care of these ills.

Mrs. Prill says: I have had a bad case of stomach trouble with weak kidneys. I saw Herbal Lax-a-Tone advertised and after using it I must say it has given me wonderful relief. I can now eat things that I was unable to touch before taking it, my appetite has improved and I feel better in every way. My brother also has taken it and is well pleased with it.

If you have a sour acid stomach, sluggish liver, sick headache, are bilious, constipated, feel all run down and tired out, try Herbal Lax-a-Tone, it will please you and convince you.

The Herb Lax-a-Tone man is at Dreier Drug Co., 828 Calhoun street, where he is introducing this remedy to the Fort Wayne public. He will remain until 10 p. m. Saturday evening.

In connection with "The Typhoon" the inevitable Pathe's Weekly will be given, visualizing current events of national interest.

AT THE COLONIAL

"THE ADVENTURES OF KITTY COBB."

Flagg's Celebrated Sketches Converted Into Delightful Screen Play.

A few months ago, that perennial entertainer, James Montgomery Flagg, created a delightful series of pen and ink sketches under the head of "The Adventures of Kitty." These sketches were followed by some cleverly written addenda descriptive of the picture and telling with many touches of the unflagging Flagg humor how Kitty made her way in the cruel, heartless city of New York after deserting the old home-land.

One of the biggest film concerns in the country prevailed upon J. M. F. to visualize the pen and ink career of Kitty upon the screen and the fond father of the brain-child consented to do this provided that he, personally, could choose the actress who would portray the character of Kitty. Whether Mr. Flagg regretted this decision or not we cannot say, and if he did not he has supermanish patience. Two thousand models applied for the position and after a careful inventory of the entire crowd of applicants, Mr. Flagg selected blue-eyed Marion Swamy as an exact counterpart of the famous Kitty.

CENTRAL LARGEST CLASS B LEAGUE

The Central baseball league in point of aggregate population of the cities comprising it, is the largest class B circuit in the country. According to the last federal census, which is the basis upon which professional organizations are graded under the national agreement, the cities of the Central circuit have a total population of 633,430, distributed in this wise: Terre Haute, 58,157; Evansville, 53,647; Grand Rapids, 123,571; Fort Wayne, 53,932; Dayton, 118,587; Youngstown, 77,066; Erie, 66,625; Wheeling, 67,964.

The circuit has a sufficient population with more than 100,000 to spare to make it this time eligible to class A, but there is no ambition at this stage to claim the right.

THE CAN RATTLES.

Terre Haute Management Gets Rid of Three Already.

Terre Haute, Ind., March 25.—Manager "Lefty" Gilbert, of the Terre-Hautes, rattled the can this afternoon, and three players drew their unconditional release. The players in question are Bert Fisher, last season's sub catcher Bob Craig, former second sacker, who did not report last year, and Charles Uhrig, a catching prospect.

Craig, a mighty clever player, was graduated in an eastern school last year and decided to give up baseball for a professional career. The club tried hard to interest him, but he was determined in his stand and notified the Terre-Hautes management that he was through with baseball forever. Boss Gilbert wrote him a few weeks ago as to his intentions the coming season, and as his answer was in keeping with his original stand he was today given his release. There will be no room for Fisher and Uhrig on the 1916 club, and for that reason they were "caned."

HEAVY MAJORITY FOR "WETS."

Columbus Ind., March 25.—The "wets" won a local option election held in this city yesterday, by a majority of 632. There were 2,490 votes polled, or 98 per cent. of the total vote of the city. A drizzle of rain throughout the forenoon was braved by women opposed to saloons, who stood about the polls and served hot coffee and sandwiches free while urging voters to enlist in their cause.

FRIAR BUNCH WINS WITH WIDE MARGIN

Lyceums Beaten in Shields Cup Series by Score of 52 to 22.

In a thoroughly lopsided not to say farcical exhibition of basketball, the opening game of the final series for the city championship was won Thursday night by the Friars from the Lyceums by a score of 52 to 22. If the Friars keep up the gait with which they started they will have no great trouble in holding the Shields cup for the third time. The Lyceums staged a very ragged exhibition and, outplayed in every point of the game, they very little resembled the team which walloped the Corby hall team at the opening of the season. On the other hand the winners had a remarkable amount of team play and speed and above all accuracy in their shooting, a thing which hampered the Lyceums all through the contest. The Lyceums led but for a few minutes at the start of the game, and after that never had a chance. The new Lyceum "man, Klein, of the Em-Roes, showed very little in the way of speed, floor work or scoring and, although he is probably a valuable addition to their team, was not used to their mode of playing and so did not give a very good account of himself.

Gerberding started the scoring for the winners with a nice throw from the floor and followed it up with a foul. The Lyceums made a spurt and registered two in succession. This was the only point at which the losers were ahead. The Friars then shot around their lineup while the Lyceum was scoring one goal. Thus it continued throughout the period, the Friars shooting almost at will and the losers striving hard to hold them down and make up their lost ground at the same time. No one doubted the outcome of the game at this time although certain of the Lyceumites were sanguine about their team coming back and performing wonders in the last half. When the period ended the Friars were leading 27 to 8.

After two ineffectual shots by the Friars Loos snatched the ball out of the scuffle and carried it down the floor and scored. Dietrich promptly offset this loss with another goal equally as good. The boys from the south side seemed to have struck their stride for they made more tries for goals and did less guarding than

Fullerton Says Tinker Has Real Live Whales This Year.

(By Hugh S. Fullerton.)

When a baseball club has one vital weakness, that all its opponents know, when it comes near winning a pennant in spite of that weakness, then goes out and corrects the weakness to a large extent that team one might consider the logical choice for the championship the next year.

That is the situation with Joe Tinker's Chicago Whales. Last year the team could not hit left-handed pitching. As a result every manager concentrated his left-handed strength against them and beat them. Now Tinker has added considerable hitting power to use against the port ailers, seems to have his grand pitching staff in shape, and has so much excellent baseball material to choose from he has become embarrassed.

The strength of the team is, of course, in its magnificent pitching staff, one that any major league manager might envy. Hendrix reported late, and is heavy, but promises to be in perfect condition. Hamilton Johnson, who proved he was not a flash in the pan by his great work, looks better this spring than he ever did. Lange, Pendergast and Black are fair pitchers.

The big gain, however, consists in the recovery of Ad Brennan. He was practically useless last season because of arm trouble. However, he came to the front this spring with the arm seemingly as strong as ever. Mordcaai Brown will be a help to the team. I studied Brown's work last season and he is very little less effective than when at his prime. Given five or six days rest and he can pitch almost as well as ever.

The catching staff is improved. Art Wilson will bear the brunt of the task and this year will be assisted by Bill Fischer, a strong hitter, a stronger

in the previous half. Still the better game they put up the more the Friars liked it and they always managed to keep at least a twenty point lead on their opponents. In response to the cries of the crowd to "make it 50" Gerberding did so with a neat free throw and McMurray went him one better with a long goal from the field. A basket by Flaherty finished the scoring and a few seconds later time was called. The final score showed the Friars leading 52 to 22.

Stroup was the star of the game with six goals and some of the finest floor work that has been seen here this season. His work in guarding also worked against the Lyceum scorers. Gerberding was high man with seven goals and four fouls while Loos ran him a close second with the same number of goals but no free throws.

The lineup and score:

Lyceum, 22. Friars, 52.
Flaherty.....F..... Gerberding
Klein.....C..... Stroup
Loos.....G..... McMurray
Brown.....G..... Kennedy
Bleed.....G..... Dietrich
Field goals—Flaherty, 3; Klein, 1; Loos, 1; Gerberding, 7; Stroup, 6; McMurray, 5; Kennedy, 1; Dietrich, 6. Free throws—Gerberding, 4. Referee—Wiltse.

Collegiate Gymnastic Championship Meet Tonight.

New York, March 25.—Yale gymnasts are favorites in the annual collegiate gymnastic championships to be held in the Columbia university gymnasium tonight. Ten eastern colleges, including the Yale, Harvard, Princeton, Pennsylvania, Brown, Columbia, New York university, Amherst, Rutgers and Havardford were represented by 132 entries. Only six of the gymnasts entered for the meet had been placed in previous championships. These six were Chism of Yale, who won the tumbling last year, and McTernan of Amherst, who got third in that event. Brady of Yale, who placed in the all-round event last year; Gordon of the same college, and Ralston of Amherst, who were second and third respectively, and Nutt of Pennsylvania, who placed in the club swinging event.

FED LEAGUE HAS TOUGH JOB AHEAD

New York, March 25.—Federal league club owners gathered here today to ratify a playing schedule and adjust disputes arising from the transfer of players. Pending the legal settlement of the controversy over the Kansas City franchise two sets of schedules have been prepared, one with Kansas City in the circuit and the other without. The court ruling which kept the Kansas City franchise in Kansas City, however, leaves the league free to adopt a schedule without further delay. Interest centered in the arrangement for the transfer of the Indianapolis club to Newark. There were rumors of a hitch between the league and Harry Sinclair and P. T. Powers, owners of the Newark franchise. It was said that Powers and Sinclair were not averse to taking over the Indianapolis club instead of the Kansas City aggregation provided the Indianapolis team came to them intact. Powers and Sinclair were said to be displeased by the arrangement by which Denny Kauff and "Cy" Falkenberg, of the Indianapolis club, are to go to Brooklyn, as a result of a deal made long ago by R. B. Ward, president of the Brooklyn club.

Definite announcement was expected of the choice of managers for the Newark and the Kansas City clubs.

WELSH CHOSEN AS REFEREE.

San Francisco Man Selected to Boss the Big Fight.

Havana, March 25.—Jackson Welsh, of San Francisco, has been named as referee for the Johnson-Willard fight. He was selected at a meeting of the principals and promoters last night, and the promoters sent a cablegram to him asking his acceptance.

Tom Jones was spokesman for Willard. Johnson acted for himself. Welsh was selected from a list of fourteen men. Harry Sharpe, of St. Louis, and Mike Donovan, of New York, also were favored but Welsh won.

The proposal to name a substitute or an alternate was deferred until word should be received from Welsh.

ANY SCHOOLBOY COULD DO IT.

Judge Landis Gets Postcard Regarding Baseball Suit.

Chicago, March 25.—"Any schoolboy could decide that baseball suit in three days," a patron of baseball in Danville, Ill., wrote to Federal Judge Kenesaw M. Landis yesterday.

The judge was amused on receiving a postcard on which this sentiment was expressed. The writer asked for information as to when the followers of baseball may expect the decision in the suit filed by the Federal league against organized baseball.

The disbursements on account of the civil war totaled \$4,457,974,496 at the last figuring.

ZANESVILLE CLOSSES SEASON HERE TONIGHT

Kennedy and White will referee at the Zanesville-Ottawa German game in this city tonight, according to the advance dope sent out by the Zanesville crowd. This will be Zanesville's last game in the city, and the rivalry between the two contestants is so great that a lively battle is promised. The game will be staged at St. Paul's hall and the advance sale speaks well for a big crowd.

Billy Sunday Will Hold a Revival In Fort Wayne Holy Week Preaching Through the News Columns of the Sentinel

Beginning Monday, March 29, the famous baseball evangelist, Billy Sunday, will preach ONE SERMON A DAY to the people of Fort Wayne through the news columns of the Sentinel concluding with an EASTER SERMON on Saturday, April 3. Sunday wrote these sermons immediately on the conclusion of his great revival in Philadelphia where, in 11 weeks, he CONVERTED 41,000 PEOPLE. This evangelistic meeting broke all records. His "Holy Week" REVIVAL IN THIS CITY will be historically unique because this is the first time a revival was ever conducted by a religious leader in a newspaper. There is Only One Sher-
man's Store in Fort
Wayne

Sherman's Stores Company has been in the clothing business since 1878, thirty-seven years of honest endeavor. This long period has given us years of experience to study the clothing wants of men, to know that every man wants to buy the best clothing value possible for his money. With this always in mind, to give every man value, we have succeeded in establishing one of the largest and most successful clothing businesses in the country. Making and specializing on the one price clothes, always \$10, no more, no less.

Value, and value alone, in Sherman's clothes has accomplished this. Always treating our patrons honestly and conscientiously has won for us the confidence of the buying public. Without a question, value for value, there is not a clothing store in Fort Wayne that can give you the value that you buy in Sherman's clothes, sold

FROM OUR FACTORY DIRECT TO YOU

For thirty-seven years we have studied our value, always trying to surpass the season before—to give the best value possible in Sherman's clothes. For this season's wearing our values are far greater than ever before in the history of the Sherman's Stores. We guarantee to you that any one of our garment are equal to the best \$15 to \$18 garments you have ever purchased.

We have reached this high standard of value by specializing on this one price, \$10, by our whole organization working together, putting forth our very best efforts to sell our patrons the best clothes value in the world for their money.

Sherman's a Money-Back Store

We sell you our clothes with the absolute understanding that you are dealing with the money-back store. What this means: If the clothes you buy do not prove entirely satisfactory in every way, we will cheerfully refund your money at once without a question.

Newest Styles and Patterns

For this season's wearing we can proudly state that never before in the history of our business have we had such a complete, well assorted line of suitings. Every suit in the store is of the very newest colorings. You can get the cloth between your fingers and feel of the all-wool fabrics we use in our suitings.

Honest Clothes—Honest Prices

Honest all through from the all-wool material to the last stitch of tailoring, there is style, fit and workmanship embodied in Sherman's clothes, the equal of any \$15 to \$18 garment that any store in Fort Wayne may offer you. A Sherman's label in your suit stands for quality and satisfaction. You should come to Sherman's and examine the inside trimmings of one of our suits, and see for yourself how perfect and skillfully they are made. We know positively when once you start wearing Sherman's clothes you will become a life-long friend of the Sherman's Store. Any garment you may select, you are sure you are buying an all-wool garment, covered with our iron-clad guarantee of satisfaction.

You Save the Middleman's Profit, \$5 to \$3

You can have your choice of any suit, top coat or balmacaan in our store at our one and only price, always \$10, no more, no less. Right now at this time of the year clothing merchants mark their clothes at an exorbitant price so that after season they can have what they call "an after season sale," offering you one-half to one-third off their high prices. You can buy Sherman's clothes right now at the same price as you will have to pay after the Fourth of July, so you might as well buy your clothes now at Sherman's and get your full season's wearing. We never have sales, but sell you a standard value 365 days of the year.

A Style and Size for Every Man

You can have a wider choice of styles and patterns at Sherman's than most stores can, show you at all their prices. We can fit and suit you in any material, size or style you have in mind. Sizes for the young man of 15 years of age, to a man wearing a 52-inch chest measure, in regulars, slims and shorts. COME TO SHERMAN'S.

EASY TO DARKEN YOUNG GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 60 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Adv.

HOLDINGS IN MINNESOTA.

Field Marshal Roberts Had Much American Stock.

St. Paul, Minn., March 26.—Nearly 30 per cent. of the personal property of the late Field Marshal Earl Roberts, who died in France last November, was in Minnesota, according to a copy of the famous soldier's will, received by Attorney General Smith. The total personal property is given at \$375,000. The Minnesota property, railroad shares and iron ore holdings, valued at more than \$104,000, will net the state \$653 inheritance tax.

Sometimes at the birth of a Japanese baby a tree is planted, which must remain untouched until the marriage of the child. When the nuptial hour arrives the tree is cut down and a skilled cabinet maker transforms the wood into furniture for the house of the young people.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty. Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.—Adv.

WILL FIGHT OPTION ELECTION.

Hartford City Business Men Are Opposed to Dry Town.

Hartford City, Ind., March 26.—At a meeting of some fifty representative business and professional men and manufacturers of the city, at the Hartford hotel, an organization to be entitled "The Taxpayers' League of Hartford City" was formed. The purpose is to oppose the local option fight which will soon be started here. Officers were elected as follows: B. A. VanWinkle, president; John Lenox, vice president; and W. E. Bowman, secretary. Mr. Bowman will also act as press agent for the league and will write articles which are to be taken by the newspapers at regular advertising rates. As was indicated by the speeches made at the meeting Wednesday evening those present will, in the first place, oppose the calling of a local option election and will, in case the election is ordered by the commissioners, favor the town remaining "wet." Those present indicated that they believe that the voting of the town "dry" at this time will do no moral good and at the same time will do business here much harm.

MANY NEW CHURCH MEMBERS.

Bluffton, Ind., March 26.—The Bluffton churches all had record-breaking mid-week meetings at the time for the regular weekly prayer services, this being the occasion for the first special effort in bringing the converts of the recent big Stephens revival into closer union with the churches by enrolling them as members. The First M. E. church extended opportunity for new members to come forward Wednesday evening and a total of 53 were admitted, while 22 were baptized. The auditorium of the Baptist church was completely filled at the prayer service and testimony experiences of new converts formed an interesting feature. There also were three new members baptized.

POLICE FINALLY GOT HIM.

Huntington, Ind., March 26.—After boasting that he was too smooth for the Huntington police and that they could not get him, James Starbuck, a Wabash railway brakeman, was arrested on a charge of trespass. He was found in the rear of the Walter Redmond home holding Mrs. Redmond affectionately in his arms when the police, who had been trailing him, came up. Starbuck was named as a co-respondent in a divorce suit filed some time ago by Redmond, but the suit was dismissed on the woman's promise to see Starbuck no more and it was thought a reconciliation had been effected.

PHONE DECISION HELD UP.

Columbia City, Ind., March 26.—The telephone case which occupied the attention of Judge McClure, of the State Public Utilities commission, for a couple of days, has been concluded and as the matter now stands, the attorneys on each side will be given six weeks in which to prepare their briefs, and it is probable that a couple of weeks will be required by the commission after the briefs are submitted before judgment is rendered by them. Judge McClure shut off at the conclusion of the case that he would be pleased to have the attorneys representing each company to go to Indianapolis and appear before the entire commission and present oral arguments of the case.

YOUNGSTERS ARE MARRIED.

Huntington, Ind., March 26.—William Ashley Johnson, 18 years old, and Miss Ethel Marie Layman, 19 years old, were married yesterday afternoon at 2 o'clock at the Central Christian parsonage by the Rev. E. W. Cole. Miss Lydia Johnson, a sister of the groom, and Roy Layman, a brother of the bride, stood up with the couple. They were accompanied by a number of relatives. Mr. Johnson is a son of Theodore P. Johnson of Jackson township, and Mrs. Johnson is the daughter of Samuel L. Layman. The couple will go to house-keeping on one of the farms owned by Mr. Johnson.

MORE SMALLPOX IN ROANOKE.

Huntington, Ind., March 26.—A small pox card was tacked on the Esley Report home in Roanoke yesterday. The boy who became ill yesterday is the second victim of the disease in Roanoke, the first being Samuel Daily. The schools are still maintaining almost a normal attendance. At Union Center the high school attendance is much below normal because of small pox cases in the vicinity. The cases are all mild. It was reported yesterday that a new case has developed in a home near the school, but neighbors are trying to prevent publicity and would not give the name of the latest patient.

MARRIED THIRTY YEARS.

Columbia City, Ind., March 26.—Thirty years ago yesterday Miss Anna Ramp and Mr. Arnold Hallauer were united in matrimony, at the home of the bride's parents. The day was an ideal one as the sun shone brightly and it was exceedingly warm for the time of year. Mr. Hallauer at the time of his

SO many people have admired the magnificent new arrangement of our store, with its beautiful display windows and up-to-the-minute fixtures, so many have inquired as to when our formal opening will be held that we have decided to postpone that event until the rush incident to Easter Trade is at an end.

marriage was employed as a clerk and since that time he has advanced very rapidly, now being a partner in the Yontz & Hallauer grocery firm. The couple were married by Rev. Rockey, who was at that time pastor of the Grace Lutheran church of this city.

NEW MISSIONARY SOCIETY.

Montpelier, Ind., March 26.—A Missionary society was organized at the home of Mrs. C. B. Jones to meet once a month after the Union meetings have closed. The charter members are: Mesdames Jennie Cady, Mary Jackson, Bert Johnson, Wm. Braden, Wm. Foy, Harve Smith, Bee Sheller, Ralph Henderson, C. B. Jones, Ed Ellis and Nathan Ward. Officers: President, Mrs. C. B. Jones; vice president, Mrs. Ed Ellis; secretary, Mrs. Nathan Ward; treasurer, Mrs. Mary Jackson.

KEPT GIRL FROM SCHOOL; FINED.

Van Wert, O., March 26.—On a complaint made by Probation Officer Charles Kirk, William Dunn of Union township, was arraigned before Judge Koch on a charge of contributing to the delinquency of his 14-year-old daughter, Della. It was shown that he has encouraged the child to remain at home from school, and that out of more than 100 school days she had attended but 37, though physically able to do so. Dunn was fined \$10 and costs and given

orders to see that the girl was given an opportunity to obtain an education.

SAD CASE AT MONTPELIER.

Montpelier, Ind., March 26.—Mrs. Minnie Conners, of this city, who was confined in the county jail for two weeks, has been taken to the insane asylum at Richmond to receive treatment. The case of Mrs. Conners has many sad aspects. She is a young woman and the mother of several children. A few days before her mind failed her she became the mother of twins both of which have died since it was necessary to confine her in jail for her own safety.

SCARED INTO WISDOM.

Hartford City, Ind., March 26.—Taking warning from the calamity which befell the inmates of the Delaware county infirmary when the place was visited by fire this week, the county commissioners have let a contract to Lieber & Campbell, hardware merchants, for the erection of fire escapes at the county infirmary. One of the buildings at the infirmary here is in a very poor condition. The commissioners held a special meeting to take this matter up.

DOG POISONER AT WORK.

Kendallville, Ind., March 26.—The dog poisoner is again making the rounds. Arthur Swartz, manager of the Postal Telegraph, reporting the death of a bull terrier pup, which died of convulsions, the result of a dose of poison. This is the second dog that has been poisoned for Swartz and if he finds the guilty person administering the "dope" he says he will prosecute him to the full extent of the law.

NEW CHURCH FOR PORTLAND.

Portland, Ind., March 26.—The United Brethren church congregation of this city is arranging to erect a new modern edifice, having just closed a deal for a centralized site, comprising two building lots, at \$1,600. They plan a building costing from \$12,000 to \$20,000, dependent upon the success encountered in raising the required fund. The Rev. J. H. Nail, formerly of Redkey, is pastor of the church.

LEAVES MONEY FOR BAPTISTRY.
Bluffton, Ind., March 26.—The will

of "Aunt Mary" Wilson, who died several days ago, was probated today and the Baptist church of this city is named as one of the large beneficiaries. The second item of the will provides for the payment of \$200 to the church for the purchase of a baptismal font.

Indigestion and Bileousness.

TWO KILLED; TWO INJURED.

Axle of Auto Breaks in Rounding Curve at Carlisle, Pa.

Carlisle, Pa., March 26.—A. L. Thompson and C. D. Biser, prominent business men of this place, were killed and two other men were injured, one probably fatally, in an automobile accident near here last night. The axle of the car broke in rounding a sharp curve and the machine turned turtle, burying three of its occupants beneath it. T. L. Early, one of the injured, is not expected to recover, while the fourth member of the party was hurled clear of the wrecked car and escaped with slight injuries.

LOVE'S YOUNG DREAM HAS A RUDE WAKEUP

Mary Boyle, 17, Sues Rob-
ert Boyle, 19, to Break
Wedding Bond.

Mary M. Williamson, who was 17
years old the 4th of last July, and
Robert M. Boyle, who was 19 years
old just two weeks earlier, were lighted
by Hymen's torch to the altar on the
4th of last August. On the 15th of
this month, after seven months of ex-
perience, the bride broke away from
her youthful liege and is now suing him
in the superior court for divorce. She
charges that during all of her married
life she has been merely "the servant in
the house," and that house is not a home
provided by the groom, but the domicile
of his father, who is described as a
laborer in the gas works. It is further
charged that the young husband has
been cruel and inhuman to his girl wife,
cursing her, calling her vile and indecent
names, falsely accusing her of associa-
tions with other men, buying her "not
a dollar's worth of clothing," and ut-
terly refusing to support her, but de-
pending on his father to pay the rent
and buy provisions and clothing both for
the plaintiff and defendant. He is
able-bodied and can earn good wages
when he works, says the complaint. The
plaintiff fears he will carry out threats
to do her bodily harm and has procured
an order to prevent him from molesting
her at 322 East Main street. She
wants her maiden name restored to her.

In the circuit court Thursday afternoon
Charles ("Flashback") Allen, of Van Wert,
O., was sentenced to two to eight years
in the Indiana penitentiary for petit lar-
ceny. George Axson, on a similar charge,
was sentenced to thirty days in jail and
to pay a fine of \$1, the jail sentence being
suspended. Frank Armstrong, also for
petit larceny, was given twenty days in
jail and fined \$1. The men, who were
arrested following an extensive campaign
of chicken stealing, pleaded guilty. Allen
has served one term in the Indiana prison.
John Suelzer, sr., the contractor, has
paid into the office of County Clerk David
C. Stout the sum of \$11,591.53 in settle-
ment of a judgment for \$10,000, accrued
interest and costs in the suit of William
F. Carpenter against him for damages for
personal injuries received by the plaintiff
defendant on the Old National bank
building. Carpenter sued for \$15,000, was
allowed \$13,000 by a circuit court jury,
had the award cut to \$10,000 by Judge
O'Rourke, who held the amount excessive,
and had to fight the defendant's appeal to
the supreme court, which later upheld
Judge O'Rourke's finding.

The Railroads' Realty company has
begun action in the superior court against
A. S. Coverdale to recover \$292.55 on ac-
count.

The Ealen garage has begun action in
the circuit court against George W. Roche
on an automobile lien to collect \$78.

A change of venue from the Allen su-
perior court has been asked by the de-
fendant in the suit of Mande Roop vs.
Edgar W. Moreland.

The divorce suit of Kleinschmidt vs.
Kleinschmidt has been dismissed from the
superior court, as has also the suit of
Clarence G. Groves vs. the Pennayl-
vania company.

In the circuit court J. W. Bowers was
given judgment for \$183 against George
Hemming.

In the superior court the German-

COME TO FT. WAYNE TO STAGE NEW PLAY

Announcement was made Friday that students from Purdue university will stage in Fort Wayne, on April 21, a play by George Ade, entitled "Eight Little Wives," a musical comedy. The play is being staged under the direction of George Herbert and if it proves the success anticipated, it will be given in a number of other cities throughout the state. The first performance is to be put on in Lafayette, under the auspices of the Harlequin club, of Purdue.

Belgium was the fur center of the world before the war.

EASTER DAY PROGRAM.

Buffaloes Will Give Entertainment at Hall on Sunday, April 4.

An Easter day program has been arranged by the members of the local order of Buffaloes to be given at their hall, 120 West Berry street, on Sunday, April 4.

The program is as follows:

Opening reception, 2 o'clock p. m.

Music by the orchestra.

Opening address by the president, 2:30 p. m.

Address by J. H. Barbour, of Roanoke, 2:45 p. m.

Address by Frank A. Enrick, 3:15 p. m.

Banquet, served by the house committee, 3:45 p. m.

Admission will be by yellow due card. All officers will appear in regalia and the degree team will act as ushers.

WINTER WHEAT IS NOT SERIOUSLY DAMAGED

The recent thaws have not seriously hurt the wheat crop in the opinion of C. Henry, agricultural agent, who thinks the crop is in pretty good condition.

In some clay ground the roots of the growing plants heaved out of the ground and were exposed to the cold weather and turned brown, but not serious enough to stunt the plant. A good warm rain would remedy all the trouble, says Mr. Henry.

Agent Henry is recommending to farmers that they roll their wheat this spring. Although a few farmers have reported the presence of the Hessian

fly, no serious trouble with the pest is anticipated.

WOULD MAKE DECATUR TERMINAL.

Toledo, O., March 26.—Walter L. Ross, receiver for the Clover Leaf railroad, has applied in federal court here for permission to borrow \$600,000 to be used for improvements and to change the Ohio terminal from Delphos to Decatur, Ind. He filed an affidavit declaring that the change would effect an annual saving of \$35,000. He estimates the cost of such transfer at \$339,929.

S. W. Stirk circle, No. 18, Ladies of the G. A. R., will meet Friday evening at which time six applications for membership are to be received and a number of candidates are to be balloted upon. All members are urged to be present.

Ostrich Trimmed Hats--The Last Word in Spring Millinery A SALE SATURDAY AT \$6.95

It's been hinted at, and now it's here—the Ostrich-trimmed Hat! It will vie for popularity with the lovely flowers, the smart "Fancies" and the dashing ribbon bows, and women will chose the feather trimming because of the soft lines and general becomingness of ostrich.

Shown First Here of Course, and Featured Specially

Along with the word that this is the very newest thing, comes a collection of hats beautifully trimmed with French ostrich. There are quaint poke shapes, Gainsborough effects, and soft brimmed sailors, with bands and high trimmings of handsome ostrich in contrasting or blending colors.

"BIG MARY" THREATENED.

Boarding House Keeper Warned She Must Give \$500 to "Black Hand."

Kokomo, Ind., March 22.—Miss Maria Disalvo, known as Big Mary, who keeps a boarding house and is the proprietor of a grocery in the plate glass factory district, which comprises the Italian colony, says she has received threatening "black hand" letters, demanding \$500. The police are investigating. One note, she says, was pinned on her door. In this was a threat to blow up her home. Her place is guarded, and no one is permitted to enter the premises unchallenged. Her grocery was damaged by fire, supposedly of incendiary origin, a short time ago.

Regarded as weather prophets by the natives, the "black howlers," largest of the Panama monkeys, set up a roaring howl almost suggestive of the lion.

IN THE CHURCHES

PHILATHEA CLASS ELECTS.

Ladies of East Creighton Avenue Church in Annual Session.

The Philathea class of the East Creighton Avenue Church of Christ Sunday school met last night at the home of Mrs. E. H. Clifford, 1331 E. Pontiac street. Officers for the ensuing six months were elected as follows: President, Ellen Miller; vice president, Oval Hubbard; secretary, Mary Redmond; assistant, Inez Swank; treasurer, Elizabeth Marshall. The president, Miss Miller, will appoint the standing committee.

The executive committee of the Good Will (men's bible) class will meet tonight at the home of the pastor, Rev. E. H. Clifford. The semi-annual election of officers of the class will be held March 29 at the home of Mr. and Mrs. W. E. Burt, 1509 Hunt street.

E. D. FARR HEADS CLASS.

Men of the First Baptist Church Elect Officers for Coming Year.

Sixty members of the Men's Bible class of the First Baptist church met in annual session Thursday evening at the church and elected officers for the coming year. Earl D. Farr was chosen president. The other officers were: Harry M. Bowser, first vice president; James Leach, second vice president; Dr. T. L. Taylor, corresponding secretary; Frank Leach, recording secretary; E. J. Ritchie, treasurer; George S. Bacon, historian; Samuel Agnew, librarian.

Following the business session, Rev. James A. Nipper, of the Rescue mission, gave a talk on the subject, "Needs of the Other Fellow." A social hour and refreshments were enjoyed by all.

Connor Family Renders Program.

The Connor Chautauqua Concert company, of Lima, Ohio, is to give one of its unique entertainments Friday evening at the Emmaus school hall. The program will be given under the auspices of the Young People's society of the South Side Baptist church. The Connor family consists of Mr. and Mrs. Connor, Eugene Franz Connor and Miss Helen Connor. The program consists of musical numbers, both vocal and instrumental, readings, pantomime and magic.

To Render Missionary Program.

An unusually interesting missionary program of motion pictures interspersed with music and readings will be given Sunday evening at 7:45 o'clock at the First Evangelical church. The same program with the exception of the music will be rendered at 6 o'clock. The purpose is to accommodate all those who wish to attend. The boys and girls are especially asked to come at the first hour.

Fourth Quarterly Conference.

The fourth quarterly conference of the Wayne Street M. E. church will be held Friday evening at 8 o'clock in the chapel of the church. Every member of the conference as well as all those interested are requested to be present as business of importance is to be transacted. Dr. J. A. Beatty, district superintendent, will be present.

Men's Night Sunday Evening.

Sunday evening at the Grace Reformed church will be men's night and every man of the congregation is being asked to be present. Dr. A. K. Zartman will speak on the subject, "What Four Men Can Do." Although this is for the men of the congregation all the members are asked to come.

Rev. H. H. Pitzer Stops Here.

Rev. H. H. Pitzer, of the Lyon party, who closed a union revival meeting at New Haven last Sunday, stopped in Fort Wayne Thursday evening for a short time, en route to Terre Haute, where he will oversee the erection of the tabernacle. The Lyon party goes to that city, following the close of the meetings at Tiffin, Ohio.

Palm Sunday at Trinity Church.

At the Trinity Episcopal church on Palm Sunday there will be a procession with palm branches. Four acolytes carrying lights will precede the cross, and the services will consist of matins and choral litany. Richard Hartzler will sing "The Palm" at the offertory.

Church Notes.

The Woman's Home Missionary society of Trinity M. E. church will have a sale of baked goods at the Gas office Saturday.

The Bible Study class of District No. 2 meets with Mrs. Kapley, 1836 Franklin avenue, Friday evening at 7:30 o'clock. The class is studying the Fourth Chapter of Acts. George Dowden will be the leader.

Rev. Bruce Kinney, D. D., superintendent of the State missions of Utah, will speak at the First Baptist church Sunday morning on "The Unfinished Task of Jesus and Why Unfinished."

As a large auto truck belonging to the Hadley Furniture company was crossing Main street on Harrison street, Friday morning one of the front wheels came off, putting the car out of commission for several hours.

WILL PAY FOR TELEPHONE.

Word to That Effect Received from Department by Revenue Collectors.

For the first time since the establishment of the office of the internal revenue collectors in Fort Wayne the government has agreed to pay for the telephone in the office. Though the attention of the department officials had been called to the matter frequently they could never see their way clear for some reason to pay the telephone rent.

A telephone in the office is an absolute necessity and brewers, distillers, cigar dealers and manufacturers for their own convenience had the telephone installed and have been paying for it for years. Word has been received from the department, however, that hereafter the government will pay for the telephone.

A meeting of the Fort Wayne branch of the American Institute of Electrical Engineers will be held Friday evening at the Commercial club.

THROWN FROM BICYCLE.

As Walter Lochner, assistant secretary of the Commercial club, was riding his bicycle home Thursday night, the lantern on the front of the wheel dropped off, falling in the sprocket of the front wheel and throwing him over the handle bars to the pavement onto his head. Both of his arms were badly sprained, besides other injuries that prevented him from reporting for duty Friday.

ACROBAT TRAINS AS A SNAKE CHARMER

Fred Keno Ready to Conjure Collection of Reptiles.

Fred Keno is a circus acrobat and contortionist, but having ambition to be a snake charmer, set about getting a collection of reptiles before the open season for them came on. He was found at 4 o'clock Friday morning by Officer Kruekenberg trying to drag a pretty snake down at the Scherer baking establishment on the east side and he was about as thoroughly a pickled specimen of a man as has lately been dragged to police headquarters. When arraigned in the city court on a drunk charge he said he had come down from Garrett because Fort Wayne seemed like a good place for a nice running start to San Diego, Cal., where he has a brother. When arrested he had a pint bottle

of whisky in his pocket and confessed to Judge Kerr that he had three pints inside of him. He looked and acted the truth of his statement and ruefully admitted that his feelings in his head and elsewhere could vouch for even heavier potations. Keno was still enough soused to get himself arrested again and Judge Kerr ordered him held until Saturday morning. The fellow created considerable amusement in court with his account of the debauch and the hangover he had. He was in a fair way for an attack of delirium and will require some treatment to ward off the vapors, whose appearance he had sought to conjure.

Other City Court Cases.
Louis Meltz, a drunk, who also was in no condition to make a thoroughly sane and wholly responsible plea, was held over for a day.
After having had under advisement since Thursday morning the charge of assault and battery against Mike Lordier, who was arrested for mauling William Hilbisch, Judge Kerr continued the case indefinitely, thus sustaining Lordier's plea that the attack was provoked.

GARRETT LAD A RUNAWAY.

The police and newspapers of Fort

Wayne have been enlisted in the effort to find Charles Lester Rickey, of Garrett, 13-year-old son of W. Rickey, 417 West Keyser street, that city, who disappeared from his home Thursday night, March 18. The youngster is large for his age and might be taken for a lad of 15 or 16, has dark brown eyes, is tall and rather slender and when last seen wore a blue cap, black pants, with a large patch on one knee, black shirt, old gray coat and a pair of dark red shoes with a patch across the front of one of them. The belief in Garrett is that he ran away with some tramps around whom he had been hanging the day he left. Nothing has been heard of him and his mother, who is ill, is distracted by his absence. The father is a poor man and out of work and unsearch for his missing son. The boy is familiarly known as Lester.

TRAPPED AT BOTTOM OF HONOLULU HARBOR

(Continued from Page 1.)

reached the surface with the crew in good condition. The fact that the F-1 had been submerged successfully to a depth of 283 feet and withstood the test was considered a favorable indication for the recovery of the F-4, provided she is not in 720 feet of water, as first reports said. Statistics of the hydrographic office show the waters of Honolulu harbor to be generally 200 feet deep, but, a short distance from the entrance to the harbor there is a precipitate decline where the depth reaches to 1,800 feet. The greatest depth on naval records to which divers have successfully ventured was about forty fathoms. That was at the wreck of the Empress of Ireland, which sank in the St. Lawrence river.

Lieut. Alfred Louis Ede, junior grade, in command of the F-4, is 28 years old. His home is at Reno, Nev. He was graduated from the naval academy in the class of 1909 and most of his service has been on the Pacific coast. He was first on the West Virginia, later the torpedo boat Tuxton and in 1913 on the Albatross, under instruction in submarines. July 14, 1914, he took command of the F-4 and went immediately to Honolulu. The lieutenant was married just before sailing for Honolulu, where his wife is.

Record of Disasters.
Navy department records show sixteen fatal submarine boat disasters in the world's history. An official list compiled here follows: March 18, 1904, A-1, British, eleven lost; June 20, 1901, Delia, Russian, twenty-six lost; June 8, 1905, A-S, British, fourteen lost; July 6, 1905, Faradot, French, fourteen lost; Oct. 16, 1906, Latin, French, thirteen lost; April 26, 1909, Foca, Italian, thirteen lost; June 12, 1909, Kamishia, Russian, twenty lost; July 14, 1909, C-11, British, thirteen lost; April 16, 1910, No. 6, Japanese, all hands lost; May 26, 1910, Pluviose, French, twenty-six lost; Jan. 17, 1911, U-3, German, thirty lost; Feb. 2, 1912, A-3, British, fourteen lost; June 8, 1912, Vendimiere, French, twenty-four lost; Oct. 1, 1912, B-2, British, fifteen lost; June 8, 1913, E-3, British, lost; Jan. 16, 1914, A-7, British, eleven lost.

Several of the lost submarines disappeared after a dive as in the case of the F-4.

STILL WITHOUT NEWS.

Honolulu, March 26.—Honolulu is fearing the worst.
Wireless messages early today from vessels searching for the missing submarine F-4, which was submerged at 9:15 a. m. yesterday and which has not yet reappeared, state that the work is progressing, but that there is nothing definite to report. The fate of the twenty-six men aboard the submarine is still

a matter of conjecture and grave apprehension.

The shore off which the F-4 is believed to be lying on the ocean bed is steep and shelves to a precipitous depth. If the submarine lies in thirty-five fathoms of water, it is beyond the reach of divers and it is feared will only work deeper to the dropping of point.

Divers yesterday descended to a depth of 196 feet, which is a local record, and were drawn up unconscious.

Relatives of the members of the crew here are frantic for news. James M. Hoggett, electrician, of Macedonia, Mo., who was on shore leave, is the only member of the crew known to have escaped. Other submarines stationed here are engaged in searching the ocean bed for the missing F-4, while the naval tug Navajo and other vessels are grappling for the submarine.

Reported Lines Fast.

Shortly after midnight the Navajo and the tug Intrepid reported their lines fast at a depth of thirty-five fathoms to what was believed to be submarine F-4. Other vessels of the submarine fleet immediately went to the spot to investigate.

The flotilla of submarines stationed here were engaged in target practice early yesterday in the harbor entrance when the F-4 was submerged. The three other divers of the F-4 type noted the disappearance, but no real apprehension was felt for her safety until several hours had passed. Lieut. Alfred L. Ede was in command of the F-4 during yesterday's target practice.

\$3,161.64, all of which has been met by initiation fees and membership dues, leaving a surplus.

Secretary's Report.
Secretary Biedersdorf, in his fifth annual report, reviewed the accomplishments of the Commercial club during the year and praised the members for their loyalty and co-operation. He urged the members to have faith in their home town and to invest their money in tried enterprises and in Fort Wayne property and prospects. During the year the club has spent \$869 in entertaining delegates to conventions.

Resolutions similar to those of the Allen County Automobile Owners' association and Rotary club were passed, urging the county commissioners to spend a portion of the money realized from automobile licenses in oiling the highways of the county and in erecting sign boards at road intersections.

The ladies of the College club presented the club with a beautiful hall clock as a token of their appreciation for the use of the club rooms for their meetings during the year.

guilty, and that on registration day he received a large number of applications for registration, already filled out, from Holler and that these were written on the registration books without the voters appearing. Other registrations were made in the same manner, the witness saying:

Told Them to "Get Busy."

"A contractor called me non the telephone, saying he had a number of men with him that could not get in to register and asked if it would be all right to send the applications in in a bunch and have the board enter them on the books. I asked the board and they said all right. When the applications were received there were 119 and the progressive member balked. I told him the board had agreed to do this and for them to get busy. They got busy."

Jeffers denied that he had arranged the scheme, but added that he did "send a batch of about fifty in from a saloon."

"Better write a little faster," the witness testified Roberts said over the telephone when he reported on the number of registrations made.

Jeffers said he talked several times with Roberts about the election and that Roberts had told him "he didn't want any fools on the board that he couldn't handle or buy."

Nugent Would Stand Good.
"Don't told me to appoint all the members of the board, fix the price, and that Nugent would stand good for the rest."

The noon recess cut short the story at this point.
Dean Jeffers was appointed an election sheriff by his brother, he said. In addition to telling how voters were registered from the democratic ticket without any voters appearing and the fight in which Judge Cox's deputies were driven from the polling place, Dean told of a number of fights which he arranged in order to keep opposition workers away from the polls. These fights had been described in detail by previous witnesses.

Bert Tesser, another member of the Taylorville board, who has pleaded guilty, and who testified some time ago regarding registration, corroborated the stories of Earl and Dean Jeffers and other members of the board who had testified. Neither Earl nor Dean Jeffers were asked many questions on cross-examination.

Joe Jeffers in relating his occupations said he had been a farmer, boat owner, fisherman, balloon pilot, parachute jumper and policeman.

TWO JUSTICES ARE IN DOUBT

upon which he was sent to Matteawan was still valid he should be returned there.

Justice Ingraham interrupted his argument to say: "I am in doubt as to the rights of the state of New York to pounce upon Thaw following his acquittal of crime, and then return him to the state hospital for the criminal insane at Matteawan. I believe more citizens of this state would regard such action as dishonorable."

State's Honor Involved.
"The question involved in this case is whether the state of New York can with honor, hold Thaw on the commitment signed subsequent to his second trial, after he was extradited from New Hampshire for a specific crime and found not guilty when the commitment ordering his return to Matteawan on a charge that is not extraditable."

Justice Scott agreed with Justice Ingraham and informed Mr. Kennedy that the question at issue was not so much the return of Thaw to Matteawan as to maintaining the honor of the state of New York.

Upon the conclusion of the arguments decision was reserved. It was considered probable by attorneys connected with the case that the decision might be handed down next week.

OFFERS HUSBAND ALIMONY.

Mrs. Katherine Lemcke Hicks Sues for Divorce in New York.

New York, March 25.—Mrs. Katherine Lemcke Hicks, recently of Norwalk, Conn., daughter of the late Augustus J. Lemcke, of Indianapolis, Ind., agreed to pay him \$20,000 in monthly installments of \$200 each, according to papers filed by her lawyer in a suit started here in the supreme court. The suit names the husband as defendant and seeks to enjoin him from inducing 120 notes she gave him and turning them over to a third party.

After setting forth that she married Hicks in Washington, D. C., and they separated at Norwalk toward the end of last year, Mrs. Hicks's complaint continues:

"About the middle of November I had a conversation with my husband, in which I told him I was tired of his laziness and wanted to secure a divorce from him. 'In that case,' he said, 'I think there is something due me.' I told him I thought I could give him \$200 a month if he would leave me and permit me to get a divorce from him. He told me that would be satisfactory."

Justice Blair granted an order restraining Hicks from disposing of the notes until the suit can be tried.

GERMAN NEWSPAPER IN WARM COMEBACK

Berlin, March 26.—The Nord Deutsche Allgemeine Zeitung has made further reply to the recent speech of Sir Edward Grey, the British foreign secretary in London, on the causes of the war. The paper says:

"The British proposal was for a conference July 26, but Russia had started military preparations July 25. Nevertheless, Sir Edward Grey on July 29 admitted to the German ambassador it was best to have an Austro-Russian understanding, but on the same day he announced to the French ambassador Great Britain's readiness to take sides with the entente powers."

"Sir Edward in his speech omits reference to the Russian mobilization of July 30 which forced the Germans to mobilize and made war unavoidable. British secret conventions with France and Russia were known in Germany and were the causes for the increased German army. Sir Edward declined British neutrality in the case of Germany but he respected Belgian neutrality."

"Germany is not fighting to subdue the continent but for her own independence and the freedom of the seas as well as for all nations bulldozed by England."

ADDS TO MISFORTUNES.

Fire Comes to Pile Woes on Family Near Huntington.

Huntington, Ind., March 26.—The destruction by fire early yesterday of the John Umphress home, west of Huntington, was the last in a series of sorrows and losses extending over ten years. First Mr. Umphress' daughter, Bessie, when firing a furnace, was burned fatally by an explosion. Then Mr. Umphress, when felling a tree in his woods, suffered a broken leg. He was alone and crawled eighty rods to his house. When convalescing his house caught fire, but was saved. Then Mrs. Umphress died of anemia, after a lingering illness. Yesterday morning Mr. Umphress, a farm hand and a housemaid barely escaped from the Umphress home before fire filled the stairway. They carried Mrs. Emily Cameron, 91 years old, from the lower part of the house. An outbuilding caught fire, but was extinguished with water from Mr. Umphress' private fish pond. The loss is heavy, as only the clothing worn by persons in the household was saved.

DAVID D. JOHNSTON EXPIRES SUDDENLY

Aged Man Succumbs to Heart Trouble Following Two Weeks' Illness.

David D. Johnston, aged 73 years, died suddenly Friday morning at 2:45 o'clock at the family home, 1523 Boone street, following a two weeks' illness. Mr. Johnston, who had been employed at

DAVID D. JOHNSTON.

the American Road Machine company for the past 22 years was at his work last Saturday. Death was due to heart trouble.

The deceased was born in New York but came to Fort Wayne 22 years ago and has resided here ever since. He was a member of the Wayne Lodge, F. A. M. No. 25 and also of the Order of Buffaloes. His first wife preceded him in death 37 years.

Besides the widow he is survived by two sons, E. M. Johnston, of Monroeville; Glen Johnston, of this city; one daughter, Mrs. C. Lehneke, of Fort Wayne; three brothers, James, Joseph and Alfred, of Sturgis, Mich.; one sister, Mrs. E. H. Coburn, of Mt. Clemens, Mich. Two step sons, William and George Carmer, twenty grandchildren and four great grandchildren also survive him.

KECK.

Mrs. Elizabeth M. Keck, the wife of Benjamin Keck, of Avilla, died Thursday evening at the Lutheran hospital, where she had been confined for the past four weeks. Death came at the age of 64 years.

She was a member of the Lutheran church at Avilla and besides her husband is survived by three children: George, William H. and Albert M. Keck.

ANDERSON.

Mrs. Sarah E. Anderson, aged 60 years, the widow of David B. Anderson, died Thursday evening at the family home in Lake township, six miles northwest of the city. Death followed an illness of one year's duration and was due to paralysis.

Two sons survive her, Beason and W. E. Anderson, who reside at home. Three grandchildren and one great-grandchild also survive.

Funeral services Sunday afternoon at 2:30 o'clock at the residence at Hadley, Ind. Interment at the Hadley cemetery.

FUNERAL NOTICES.

Huffman—Funeral services for Mrs. Levi Huffman will be held Saturday morning at 10 o'clock at the residence. The body will be taken on the Nickel Plate which leaves at 11:50 to South Whitley and services will be held Saturday afternoon at 1 o'clock at the United Brethren church.

Beyerline—Funeral services for George M. Beyerline will be held at 2 o'clock Saturday afternoon at the residence, 1330 Rockhill street, and at 2:30 at Emmanuel Lutheran church. Interment at Concordia.

MAY GET YEAR'S VACATION.

Judge Van Atta Thinks New Law Contained a "Joker."

Marion, Ind., March 26.—Robert M. Van Atta, judge of the Grant-Delaware superior court, believes that an attempt to regulate his court by the last legislature may force him to take a vacation all the year of 1916. House bill 404 was introduced by Representative McGougle, of Muncie, with the intention of giving the judge of the Grant-Delaware superior court the Christmas holiday vacation, the former schedule of sessions having caused the court to remain in session the last week of December.

The new bill provides, Judge Van Atta says, that the court convene in Delaware county the first Monday of September, 1915, and continue in session six weeks; then a term of five weeks is to be held in Grant county, at the completion of which court is again to convene in Delaware county for a term of six weeks. Judge Van Atta figures this would bring the last day of this term in Delaware county on January 1, 1916. The act then provides the court shall have a vacation until "the first Monday of the succeeding January," which will be in January, 1917.

It is evident to Judge Van Atta that it was not the intention of the act to do away with a year of court, but he construes the reading, in connection with the calendar, to say that court shall adjourn from January, 1916, to January, 1917.

GOVERNOR WILL SIGN IT.

Jefferson City, Mo., March 26.—Governor Major today said he would sign the bill abolishing the contract labor system in the state penitentiary. The bill makes all prison contracts expire Dec. 31, 1918, and provides for the establishment of state industries in the prison, for the enlargement of the binding twine plant and for the employment of convicts on the roads.

The present week of seven days, without reference to solar or lunar cycles, was adopted by Egyptian astronomers more than 3,600 years ago.

THE CLOAK HOUSE

YOUNG SLAYER OF DETECTIVE TAKEN

Philadelphia, March 26.—Jacob C. Miller, the youthful robber who last night shot and killed a detective and probably mortally wounded another while they were taking him to a police station, was arrested on the outskirts of the city today as he was waiting to board a freight train for New York. Three detectives came upon him suddenly before he could offer resistance, with the big automatic revolver with which he did the shooting last night. At city hall the prisoner admitted the shooting and objected when some cigarettes were taken from him. "I know

you got me and I am going to the chair," Miller said, "but I want some smokes while I am waiting."

Miller is 21 years old and a former sailor in the navy.

CANADA RAISING 4TH CORPS.

Will Then Have 110,000 Men Fighting Empire's War.

Ottawa, March 23.—The militia department has issued orders to begin recruiting a fourth Canadian contingent for the war.

The first contingent is in the trenches, a part of the second has been landed in England, and the rest will sail immediately and is in training at the various divisional points throughout the Dominion. The fourth, it is expected, will be recruited just as easily as the three previous.

The third, fourth and future contingents will not likely be sent to the front as army divisions, but as reinforcements for the first two contingents, which are composed of 25,000 men each, but of course this is merely the suggestion of

the Canadian militia department, and different arrangements may be made by the British war office.

Details of recruiting will be issued later by the militia authorities. When the fourth contingent is up to strength over 110,000 Canadians will be under arms.

LIQUOR STOCK DESTROYED.

Had Been in Care of Sheriff More Than a Year.

Winamac, Ind., March 23.—A dry-load of liquor, consisting of seven barrels of bottled beer, whisky and wine, was destroyed by Sheriff Zellers, acting under the order issued by Judge Pentacost. The liquor was seized in August, 1913, when the Jim Campbell blind tiger was raided. It had been stored in the court house basement. A drayman

hauled the liquor to the rear of the school house, where the jugs and bottles were smashed.

ENOUGH TO REACH.

"Why do you advocate blanket street-paving bills?"

"To cover the beds of the streets, of course," Judge.

RETIRE AFTER 51 YEARS OF SERVICE

Oldest Track Employee of Pennsy Goes on the Pension Role.

William Mureland, aged seventy years, and for fifty-one years an employee of the local division of the Pennsylvania company, will be placed on the company's "Roll of Honor" on April thirtieth. He for many years has been section foreman at Monroeville, and has had charge of the roadbed out of that station.

He has been employed through his whole long connection with the company in the maintenance of way department, and is the oldest employee of that department on the lines west of Pittsburgh.

Crimmon Wants Retirement.

John Crimmon, one of the oldest engineers in the Pennsylvania service, and a yard engineer in the local yards, today placed his application for retirement, and within a few months will be placed on the "Roll of Honor." He went before the board today.

VETERAN ENGINEER.

J. G. Seibolt, Wabash Engineer, is Dead.

(Peru Chronicle.)

The many fast friends of the veteran Wabash passenger engineer, Julius G. Seibolt, are grieved because of his death, which occurred at 11:25 yesterday. Mr. Seibolt, who was about 71 years of age, had been sick for some time, had been in the employ of the Wabash railroad since 1873, and had lived in this city for twenty-two years. He was a member of the Masons, Knights Templar, Knights of Maccabees and the B. of L. E. Not only among his fraternal brothers was he a popular man. All who had the pleasure of his acquaintance learned to regard him very highly. His wife having preceded him in death, he leaves to mourn his son, Charles Seibolt, of Laketon, and Mrs. Ernest Inhof, of this city.

NEW YORK CENTRAL.

Officials Inspect Local Freight and Passenger Depots.

Officials of the New York Central lines were in the city yesterday on a tour of inspection of passenger and freight stations. Included in the party were Joseph Chidley, superintendent of motive power, Cleveland; M. P. Franoy, master mechanic, Elkhart; C. B. Nelson, assistant master mechanic, Elkhart; J. P. Murphy, general storekeeper, Cleveland; J. T. Drum, storekeeper, Elkhart; George Thomson, master car builder, Chicago; H. W. Loomis, trainmaster, Hillsdale.

ON PASSENGER TRAINS.

Vandalia Will Handle Pay Car More Economically.

As another means of cutting down operating expenses on the Vandalia a notice has been issued from the general offices that the pay car is to be run from station to station on a passenger train, instead of behind a special engine. The pay car is to be placed directly behind the engine on the passenger train, and will make its run in this way, laying over for a day in each of the cities where the company has shops, or is a division terminal.

ONE IMMENSE FLOUR ORDER.

Required 512,000 Bushels of Wheat and Two Steamers to Carry It.

Washington, March 26.—War's continued demand on American granaries was shown today in a commerce department report of a single sale of flour for continental Europe, which required 512,000 bushels of wheat for its production, and two steamers to transport it from New York. Its value was \$709,000, and it was milled by a middle western company. The buyers paid for the shipment at seaboard and assumed all transportation risks. Wheat flour exports increased from \$9,093,829 in February, 1914, to \$9,982,160 last month.

FIND TWO CHARRED BODIES.

Ruins of Muncie Infirmary Still Yielding Dead.

Muncie, Ind., March 26.—The charred bodies of two more inmates of the Delaware county infirmary, which was destroyed by fire early Tuesday, were found in the ruins today. This makes six known victims of the fire, while six others are still unaccounted for. A basketful of human bones were picked out of the debris yesterday. All the bodies were so badly burned that none could be identified.

THREATENED TO KILL.

George Bair, an ex-convict, was arrested Friday on a drunk charge after he had threatened the lives in a household on West Wayne street. The woman of the house was formerly Bair's wife, but obtained a divorce and has since remarried. Bair called there Friday morning with a companion and created a disturbance and the police notified. Bair and pal had gone when Officer Galentine reached the place, but Detective Sergeant Pappert picked him up on Calhoun street a few hours later. He was very drunk when arrested.

PERFECT BOY FINDS

MATE AT 37 MONTHS

Mothers of Eugenic Babies

Already Planning for Their Marriages.

Los Angeles, March 26.—A perfect baby boy and a perfect baby girl have been dedicated to each other by their mothers in the hope that in the coming years love, guided by maternal hands, may lead to a eugenic marriage. The 100-point children who are unconsciously facing a made-to-order romance are William Charles Flynn, thirty-seven months old, and Alene Calvert Houck, seventeen months old.

After the babies emerged from a baby congress, each with a "perfection tag," their mothers held a conference. Three times before the children have won first prizes in the same baby show. The boy is the winner of fourteen first prizes and the girl of six.

The mothers are convinced that fate has thrown their children together for some great purpose, but they have agreed that they will not resort to any form of coercion in shaping the futures of their children.

Following are the essential facts of interest in connection with the 100-point-perfect baby and the 100-point-perfect girl baby. The scores were announced only after a most rigid examination by several scientists, surgeons and eugenic enthusiasts.

"BUTCH" BECOMES

ARISTOCRATIC BUM

"Millionaire" McDevitt to Taste the Life of the Hobo.

Wilkesbarre, Pa., March 26.—John "Butch" McDevitt, who spent \$2,500 in playing "millionaire-for-a-day" is to become the most aristocratic bum in the country, and is completing arrangements with a railroad company to take him to the Pacific coast in April in a "side-door Pullman."

"Butch" plans to travel to California in two box cars, which he will have specially fitted up for his freight journey as a highbrow hobo.

"I have played millionaire-for-a-day, and liked it," says John Jay, "but now I want to try the other end. I want to taste the philosophy of the two extremes. I have been a bum—a genuine bum—in my time, and I want to get back to the old life again to see how it feels."

In becoming an aristocratic bum, "Butch" plans to visit the San Francisco exposition. He will have two freight cars attached to a regular freight train. In one car "Butch" will sit up a private room. He will have electric lights, windows, a library, a bath room, an ice chest, and he will take along a couple of servants to wait on him. A part of this car will be cut up into a dining room and a sleeping room.

In his second car he will have a mine mule, a lot of safety lamps, tools used by miners, a mine car and various other things to depict mining quantities. He will also take along a big quantity of coal, and those "black diamonds" are to be the souvenirs he will distribute.

"BUTCH" HAS MADE ENOUGH MONEY AS AN ACTOR, SO HE SAYS, TO PROVIDE FOR THE TRIP.

BARS MILITARY DRILL.

Indiana Faculty Denies Petition—Peace Lecture a Factor.

Bloomington, Ind., March 26.—The faculty of Indiana university, in special session Saturday, denied the petition of 400 students, asking permission to establish a battalion for military drill. The vote was forty to twenty against the proposal.

A lecture on peace delivered here recently by George W. Nesmyth, of Harvard university, is believed to have influenced the action of the faculty. The lecturer appeared under the auspices of the history and political science club.

The fact that the university band is attached to the first regiment, I. N. O., as its official military organization, is said to have given rise to the student petition.

MAY SEEK FEDERAL AID IN FLOOD WORK

Mayor Hosey Hopes to Get the Assistance of Congressman Cline.

Mayor W. J. Hosey hoped that during the day he would be able to have a conference with Hon. Cyrus Cline, congressman from the Twelfth district, who was in the city, respecting possible aid the federal government may render in solving the flood prevention problems of Fort Wayne. It is understood that by authority of an act passed in the closing hours of the late congress there was provision for such work on the Maumee, Wabash and Kankakee rivers in Indiana and certain rivers in other states, notably Ohio. The government, it is said, already has undertaken preliminary steps at Toledo. If the federal law applies to the Maumee in Indiana the city will undertake to get the co-operation of the government in flood prevention work here.

DR. GEORGE FRY APPOINTED.

Is Made Veterinary Inspector for City Health Department.

The board of health at a meeting late Thursday afternoon appointed Dr. George Fry to the position of veterinary inspector in the department of health. He had been under consideration with several

other applicants for the position since the resignation of Eugene A. Schott, chief inspector in the department, some weeks ago. The appointment is in a sense probationary, the board desiring to have it understood that the appointee must meet the rather rigid requirements that have been established as the conditions of per-

manent service as veterinarian. Dr. Fry, who resides at 2842 South Harrison street, is a native of Fort Wayne and is a son of the late Conductor Fry, of the Grand Rapids & Indiana railway. He received a diploma in 1902 from the Chicago Veterinary college, and after a year of practicing his profession in Fort Wayne was made a veterinary inspector in the government service and was stationed in St. Louis until 1907. Then he went to New Haven, Ind., where he opened an office, remaining two years. He since has practiced in Boston, Ind., near Richmond.

CONFIRM SEWER ROLLS.

The board of works at Thursday night's meeting confirmed the revised assessment rolls for the original sewer and sewer pump improvements in Lakeside, the assessed property lying north of Tennessee avenue and east of Crescent avenue. The territory south of Tennessee and west of Crescent forms a new district that will be assessed for another sewer deemed necessary to the pumping system. The board also confirmed the rolls for a sewer in the alley between Arlington and South Wayne avenues, from Rudisill boulevard to Branding avenue, and for another in the alley south of Pontiac street, from Hulton street to Reed street.

IMPROVEMENTS ASKED FOR.

Petitions for the following improvements have been filed with the board of works: From residents on Hillside avenue for a sewer; from residents of East Lewis street for a cement sidewalk from the alley west of Anthony boulevard to the next alley east; from residents of Lakeside for the installation of arc lamp at St. Joe boulevard and Forest avenue.

C. B. FITCH ASKED TO TALK.

An invitation has been extended to Charles B. Fitch by William A. Bayer, president of the city council, to address the body at its first meeting next month on the subject of "An Independent High Pressure Water System and Motorization of the Fire Department." This address was delivered recently before the Quest club by Mr. Fitch. The public will be invited to hear him when he speaks to the council.

FOREST PARK MEETING.

There will be a meeting of the Forest Park Heights Civic Improvement Association Friday evening, March 26, at 8 o'clock at the residence of A. C. Ficks, 1909 California avenue. Affairs of interest to that region will be discussed.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Acting Director of Sunday School Course, Moody Bible Institute, Chicago.)

LESSON FOR MARCH 28

REVIEW.

READING LESSON—Nehemiah 2:1-11.
GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Prov. 14:34.

According to Professor Deacher the extent of the period we have been studying during the last quarter is 332 years, from the death of Joshua B. C. 1474 to the reign of Saul, which began B. C. 1102. Though other chronologists may differ slightly, this is approximately correct.

We may roughly divide this period into the republic of God and the kingdom of man. In the first section we studied the period of the Judges, Barak, Gideon, Samson and Samuel; one prophetic, Deborah; also the priest Eli and his sons; Samuel and Abiah; and Ruth, who was an ancestress of our great high priest. In the second section we considered Saul the king, and a prince, Jonathan, Saul's son. While the lessons may thus be roughly divided, yet we feel that a general review of the characters and the principal lesson to be learned from each will perhaps be the most profitable form of review.

There are four things to be said about each character and his relation to the events occurring in Israel: (1) The people had departed from God; there was disobedience and a religious decline. (2) God permitted on the part of Israel's enemies oppression that finally became unbearable. (3) There was repentance on the part of the people and an appeal to God for help. (4) God raised up a judge who "saved" the people and through this judge wonderful acts were performed showing his power and the favor which rested upon Israel. The adult classes can profitably discuss such questions as, "Why did the people so easily forsake God?" "Why and how did their repentance so quickly lead to their deliverance?" "How did God help the people to return unto him?" "What were the methods and the principles used in God's punishment of the people's sins?" "Was this form of government in 'Vogue a failure'?"

Coming to the second section, many questions suggest themselves: "What advantages and opportunities did Saul, the first king, have?" "How did his failure begin?" "What was the essential difference between the kingdom of Saul and the Republic of God under the Judges?" "What are the outstanding characteristics of Jonathan's life and character?" "What great message for today do these characters and these two forms of government have?" Doctor Torrey suggests a profitable form of review, viz., a doctrinal review: (1) The teachings of the lessons of the past quarter about Jehovah and the Holy Spirit; (2) The preview, types and manifestations of the Lord Jesus; (3) The teaching about sin and the particular sins mentioned; and (4) The teachings about the word of God. Of course to do all this, or to follow any part of these suggestions will demand that much work shall be assigned in advance and that great care shall be exercised to make any one of these lines a connected and interesting whole. Above all, beware of attempting too much lest the scholars become confused.

If someone can be secured who is moderately successful in using the blackboard an interesting review can be presented to younger scholars by making a drawing presenting a "hall of fame," with panels for Deborah, Gideon, Ruth, Samuel and Jonathan. Another drawing may, by comparison, be termed the "rogues' gallery," and may have in it panels for Samson, Eli, Eli's sons, and Saul. Then tell, as simply as possible, the salient points in the history of each and show how God approved or disapproved of their lives; which were used, and which set aside. Any school can have before it on a chart or a blackboard the following:

The lessons, chief persons, chief facts are given in order.

1. Joshua, Israelites, Judges; a great patience. 2. Deborah, Barak, Sisera; a great deliverance. 3. Gideon, Angel of Jehovah; a great call. 4. Gideon, The Three Hundred; a great test. 5. Manoah, Samson; a great failure. 6. Naomi, Ruth, Orpha; a great resolve. 7. Eli, Samuel, Jehovah; a great vision. 8. Philistines, Israelites, Eli; a great capture. 9. Samuel; a great victory. 10. Samuel, Saul; a great honor. 11. Nabash, Saul; a great rescue. 12. Jonathan, Armor-bearer; a great hero.

If written work is asked for be careful not to assign too much and, as far as possible, assign different tasks to individuals of a given class.

It would be an inspiration to have a number of girls of the early teen age each to read a brief essay on one of the female characters of the past quarter's lessons, also to have a number of boys selected to do the same for each of the important male characters we have studied.

There is no lack of subject matter for this is a period in the history of Israel that teems with life and activity.

out the country for the collection of this tax should be chosen without reference to the civil service law is bearing fruit. Announcement is made that the internal revenue department, in plan-

ning for the 1915 income tax collection campaign will ask for the resignation of some twenty special agents appointed last year. It plans to supplant these men with trained accountants peculiar-

ly fitted to handle the books of corporations subject to the tax. In selecting trained accountants politicians will be disregarded. The treasury department finds this step necessary if

the best results are to be obtained under the income tax law. Some of the agents who have been asked to resign have already complied with the request, but it is understood

that in several instances democratic senators are insisting that their appointees shall be retained. So far as can be ascertained no changes are contemplated in Indiana.

EFFICIENCY

We recommend to our consumers the most efficient methods in their use of electricity. We have encouraged the use of the MAZDA LAMP from the date of their announcement for this reason, as they are three times as efficient as the old style Carbon Lamps. We likewise recommend the use of efficient apparatus only for service in the Home, Office, Business House or Factory. For this reason we enjoy a reputation which prompts the user to specify **TRACTION SERVICE**

FAIR TREATMENT FOR PIUTES ASKED

Gen. Scott Pays Tribute to Primitive Virtues of Indian.

Salt Lake City, Utah, March 25.—Gen. Hugh L. Scott, chief of staff of the United States army, guest of honor at a banquet of the Bonneville club last night, paid a tribute to what he termed the primitive virtues of the Indian, and besought fair treatment of the four Piutes he brought from San Juan county to Salt Lake City Wednesday. He said the Indians were simply grown up children, with a child's keen sense of justice and injustice, stunned by a civilization to which they could not adapt themselves. He said he had always found that the Indians kept their agreements.

"I have more real, true, trustful friends, friends who are willing to lay down their lives for me," he said, "among the wild red men of the plains and mountains and the wild Mohammedans of the Philippines and the islands of the Pacific than I have among the people of my own race. The man who would deal with the Indians is the man who proves truly their friend, the man who will not had better keep away from them."

He told of the misfortune of the tribe with which he had just dealt. He said when the hostile Indians came to his camp after having been convinced that no weapons, shackles or traps awaited them, "they were timid as wild horses, ready to stampede at any alarm."

"They told him how they had been dispossessed of the country of their forefathers, mostly by cowboys, who treated them harshly, and were made desperate by a situation they did not understand. They told him they were innocent of any intentional wrong and only asked for fair treatment, which, he said, he promised them in the name of the American people, and sincerely hoped they would receive it."

General Scott will leave for Washington today.

DIES SOON AFTER PAROLE.

Prisoner at Anderson Expires at Jail Ten Minutes Later.

Anderson, Ind., March 25.—Ten minutes after he had been paroled by Judge Pence yesterday, Ellis Dobbins, 25 years old, a cab driver, died at the county jail. Dobbins was arrested Saturday, charged with obtaining money under false pretenses. He pleaded guilty. It was seen that the man was ill when taken into court, but the seriousness of his condition was not realized. It was not until this morning that Sheriff Black realized the man's critical condition and called the jail physician. Later he called Prosecutor Brooks and together they called on Judge Pence, who at once issued a parole. When the sheriff returned to the jail with the parole his prisoner was dead. Dobbins is survived by a widow.

This Brass Bed

And Your Choice of a

Dresser

Three Different Styles to Choose From

\$29.75 A Little Down and \$1 a Week

OUR EASTER OFFERING

AN OFFER Few Stores Can Afford to Make

Most stores would be losing money if they made an offer equal to this. It takes buying power and buying ABILITY to be able to sell at these low prices. And it also takes BIG SALES and small expense to allow the small profit we do get on this offer to be enough to run the business. In all these respects the Pickard store leads.

The Bed

Is constructed of two-inch continuous pillars with five one-inch (not half inch) fillers at head and foot. The rails are fastened down the newest way with thumb screws to make a very solid bed. The lacquer is acid proof and will not tarnish. The lines of the bed are simple, yet pleasing. There is not a bed room the country over that would not be graced with such a bed as this.

The Dressers

We give you your choice of dressers with the bed at the one price of \$29.75. Golden quarter-sawn white oak, bird's eye maple, or white enamel. Any of these dressers is a perfect companion for the fine brass bed.

Beware of Mail Order "Bargains"

If you read mail order catalogues, read them carefully. Notice the size of the rods in the brass and iron beds, for instance. You will see that most of the mail order beds are constructed of very light material, such as 1 1/16-inch posts, and 5/16-inch fillers, just about HALF THE SIZE of the metal in the bed advertised. Bring your mail order catalogue to our store and compare their pictures with our goods that you can see on the floor.

CHICAGO GRAIN AND PROVISIONS.

Chicago, March 25.—Predictions of heavy
shipments from Argentina to Europe and
especially Great Britain, had a weakening
effect today on the wheat market here.
There were estimates that forwardings
from Buenos Aires would average as
much as 5,000,000 bushels weekly, the most
part to Liverpool. Opening prices, which

varied from 1/4c to 1/2c lower, were fol-
lowed by an additional decline.
Corn suffered from weakness of cash
demand. Moreover, sympathy with the
weakness of wheat counted against the
bull. After opening 1/4c to 1/2c off,
the market made a further moderate de-
cent before beginning to react.
Bearishness of other grain brought
about considerable unloading of oats.
About the only buyers were shorts.
Provisions eased off, influenced mainly
by the action of the cereal and hog mar-
kets. Trade, however, was small.

THE DAY ON WALL STREET.

New York, March 25.—Prices again
moved upward in the early stages of to-
day's market, the activity centering
mainly around the railway shares in
which further gain of one to three points
were made. Atchafon was a distinct fea-
ture, its excellent statement of earnings
for February contributing to its advance.
Other issues of strength included the Pa-
cific B. and O. Louisville and Nashville,
Reading and New Haven, American
Smelting, which opened with some heaviness,
soon recovered its position, showing
a substantial gain. Bethlehem Steel was
strong but U. S. Steel was relatively
heavy.

Gains were largely cancelled before
noon, mainly as a result of recurrent
profit taking and the continued heaviness

of Steel, which was freely offered by
brokers with out of town connections.
There were indications that important
speculative interests were abandoning the
industrial shares of the better known
railway issues. The market position of
the latter group has materially improved
recently by reason of the better return
submitted by some of the leading roads.
Among the specialties California Petro-
leum common and preferred were espe-
cially weak. Cables from London con-
veyed fresh intimations of the peace
negotiations. Bonds were firm.
The strength of Reading and weakness
of Bethlehem Steel were the principal
features of the final trading. The closing

WIRE SERVICE IN EUROPE CRIPPLED

War Has Very Seriously Hampered Telegraphic Communication.

The Hague, March 10.—Correspon-
dence of the Associated Press.—Tele-
graphic communications between the
European countries, whether belligerent
or neutral, have been affected to an
enormous extent by the war. Not only
has the time of transmission been great-
ly extended, but the cost to the send-
ers has been vastly increased.
Holland, for instance, in order to
communicate with neutral Spain, must
route her messages by way of England
at double expense, since France will not
permit telegrams which have been pass-
ed over German or Austrian lines to be
taken over her own wires. Otherwise it
would be possible to send the messages
by way of Germany and Switzerland
and thus over southern France to Spain.
In order to telegraph from Holland
to Denmark, Sweden or Norway, the
dispatches from Holland must pass either
through the hands of the German or
those of the English censors, by
each of whom they are in many in-
stances given short shrift and often do
not ever reach their destination.
For America, all cablegrams from
Holland must first go to England, with
consequent delay and sometimes sup-
pression by the censors, but more espe-
cially when coming from the United
States to Holland, when a delay of ten
days is nothing unusual.
The question has been raised in com-
mercial circles here as to what course
is to be pursued to recover the tolls
paid to the cable companies for mes-
sages which, owing to the action of the
German, British and French censors,
have never gone over the wires, and an
investigation has been started with the
object of regulating the matter after
the war is ended.

IMMENSE PIPE ORGAN AT OBERLIN COLLEGE

One of the Largest in the Country Dedicated—Has 4,295 Pipes

Oberlin, O., March 25.—One of the
largest pipe organs of the country was
dedicated here recently. The great in-
strument is in the chapel of Oberlin col-
lege. It is sixty feet high, fifteen feet
deep and forty-five feet broad, and it
has 4,295 pipes, which vary in size from
thirty-two feet in length to the size of
a very small program pencil.

The console is fifty feet from the or-
gan and in it are eighty-four stops,
which will give as many variations of
tone. It also has a triple keyboard.
All working parts of the organ are
electrically controlled. From this key-
board to the organ are twenty-seven
miles of electric current wires. In the
organ there are over fifty miles of such
wires.
The air for the organ is forced by a
twenty-two-horse power motor.
The late Charles M. Hall, the alumi-
num manufacturer and inventor, and
Mr. Kinney, the donor of the college
chapel, are the men who have given
the organ to the college.

Couldn't Show Off.

With but three minutes to catch his
train, the traveling salesman inquired
of the street car conductor, "Can't you
go faster than this?"
"Yes," the bell ringer replied, "but I
have to stay with my car."—Harper's

IS CALLED CRIME AGAINST CHILDREN

Cotton Growing Practices Denounced by Many Witnesses.

Dallas, Texas, March 25.—Cotton
growers are slaves!
Cotton-growing is a crime against the
children of the south!

As each bale of the fleecy fiber is
mashed in the compress joy and hap-
piness and pleasure are crushed out of
the lives of the girls and boys who toil
in the white autumn fields, that the
cotton crop may yield "profit!"
So W. B. Yeary, a prosperous land-
owner, declared on the stand before the
Industrial Relations commission in ses-
sion here.

Yeary testified:
That cotton could not be grown
profitably by a tenant farmer, un-
less that farmer had several chil-
dren to help with the harvest.

That he tried to raise cotton
three times himself, but had failed
because his children were in school
and unable to help with the pick-
ing!

That cotton could not be grown
with a profit to the grower when it
sold at less than 10 or 12 cents a
pound!

That negroes in cotton region
farms are virtually slaves, and
their peonage is supplemented by the
enforced servitude by enslaved
white persons!

Yeary did not seem to regret the
work of the child. He spoke freely and
naturally as a man would state a sim-
ple obvious fact. The effort was grim
irony.

"For years these conditions of il-
paid labor have been drawing the best
boys and girls to the cities, by a skim-
ming process," Yeary continued, "until
now only the most incompetent remain.
There will never be a back-to-the-farm
movement, either, until profit draws 'em
back."

"Cotton-growing is supported
by women and children who work
in the fields when they should be
at home and in school. The man-
ufacturers to cotton in Texas are illit-
erate, worn soil and an army of
wretched unemployed."

"Profits of cotton-growing are tak-
en from the labor of children. When I
tried to raise cotton with my children
in school, I lost money."

Dr. L. H. Haney of the University
of Texas' economics department dis-
cussed many farmers pay all the way
from 10 to 40 per cent. on short time
loans, he said, with the best of security
furnished.

John Davis, an attorney of Dallas,
described for the commission conditions
in the cotton pine lands of East Texas.
He said the tenant problem was not
acute there, because land was so cheap
and crops were surer.

"East Texas is the best poor man's
country in the world," he said. "The
sawmills absorb the excess labor, so men
do not have to move about."

The tenant problem, he declared, was
largely a question of excess labor.

MOLLIFYING THEM.

"I'm preparing a little cold lunch for
your friends who are coming to play
poker with you. Do you think I ought
to serve some of my home-made salad?"
"Yes, you might as well serve it. I
usually lose, and so I guess they won't
mind the s—"
